KENDRICK, LATAH COUNTY, IDAHO, JANUARY 17, 1913.

NUMBER 2.

ODD FELLOWS AND REBEKAHS ENTERTAIN

Annual Roll Call and Banquet—Excellent Program

Saturday evening the annual roll call for the Odd Fellows lodge and Rebekah order of this city was held. About 125 were present. The program was well arranged, the Kendrick orchestra furnished some excellent music, after which several names were called and those who were present responded to the call. Mr. Compton and his sister then responded with music by the violin and piano, after which the roll call came for the Rebekahs and the ladies answered in turn. When in the middle of this call Miss Jessie Grinolds sang a solo. When the roll call was finished another solo was sang by James Millison. After the program was over those present were then taken to the banquet room where the ladies had spread the table with all the good things to eat that one could ask for. Amongst the articles of food on the tables was found some wild ducks which were fine and it was decided that N. C. Thomas was a good marksman for he had killed them, as it was supposed, and not a shot had entered the body of any of them. One thing that was noticeable was that some of the cakes were surely good as the two "Big Bills" in the crowd tried to see which could eat the most of them. After everyone had satisfied the longings of the inner man they returned to the lodge room where the remainder of the evening was spent in playing games of various kinds. It was learned the next morning that some of the members that had come without their wives forgot how late it was until the morning sun was seen climbing up over the hill. In fact it was one of the most enjoyable events of the season. The Rebekahs and wives of Odd Fellows are to be complimented upon the feast that was served. The members who are always in attendance at the regular meetings of the order request that the other members turn out more and make every meeting as pleasant as the one last Saturday evening.

Electric Line to Asotin

Lewiston, Idaho, Jan. 14.—F. L. Sturm, who has secured franchises for the operation of an electric line in Lewiston and Clarkston has asked for a franchise over Asotin county roads. The franchise was presented to the county commissioners of Asotin county on January 6, and the final hearing set for February 11. The line as indicated by the franchise gives a very effective service for Vineland and Clarkston Heights. In presenting the matter to the commissioners the statement was made by Mr. Sturms' attorney that the line to Asotin would probably be undertaken as soon as the construction in Lewiston and Clarkston was begun, and that the main trunk line was so laid out as to give the best service to the district and to enable the Clarkston Heights to be reached at a minimum expense. Both the county and town of Asotin franchises provide for operation within eighteen months, while the Lewiston and Clarkston franchises provide for operation by Aug. 1, 1913.

Died at Age of 81.

Daniel Benjamin was born Oct. 9, 1832, at Fort Wayne, Indiana, and when but a small boy he with his parents went to Illinois and remained there until 1859, when he went to Dunlap, Iowa, where he resided until about five years ago when he came to Little Bear Ridge, where he was at the time of his death, Sunday, Jan. 12, 1913. On May 25, 1862, he was married to Miss Mary Lyons, of Dunlap, Iowa, and to this union three sons were born, John, Jess and Robert. Thursday the remains were taken to Iowa for burial, it being the old gentleman's last request to be laid at rest beside his companion who had gone before him. The body was accompanied east by John Benjamin, with whom he was living at the time of death.

Carriers Thank Patrons

Mail carriers on the two routes out of this place experienced the hardest trips Monday of any time since they have been carrying the mail. The boys report that the patrons on each route surely did their part in helping them to make the through trip. Teams with plows and big sleds were out making trails ahead of them nearly all the way around the route. Monday evening the boys both expressed themselves as being very thankful to the people for the manner in which they were helped.

42,500 Pounds of Beans

This week B. F. Fleshman and sons delivered to the Kendrick Warehouse & Milling Co., 42,500 pounds of No. 1 beans. The price paid was \$3.85 per hundred straight. These men are prosperous farmers on the Potlatch and do farming in the right manner and at the right time and now they are reaping the reward.

Rev. Hand Found Guilty

The Rev. Hand was found guilty in the county court last week of the charge placed against him by Hazel Benedict of a statutory crime. The trial lasted four days and at the end the jury was out over eleven hours and returned with the verdict of guilty. The judge withheld sentence till a later date.

Brave Men

Engineer House and Fireman Keiber on the helper engine have been having all the snow rides this week that they want and in order to warm things up a little they played firemen at the city of Bovard, House was plug man and Kieber held the nozzle.

Kicked By a Cow

While John Sandburg was taking care of his cows Monday morning one of them kicked him on the leg between the knee and foot and broke it. John was alone at the time and he crawled to the house and got to the telephone and called Dr. Hoyt, who went to his assistance at once.

Theo. Riley and wife went to Clarkston Wednesday to visit Mrs. Riley's sister, who is in the hospital at that place.

Several farmers of Cedar Creek were in town Wednesday and report the snow as being over three feet on the level.

WM. E. BORAH RE-ELECTED SENATOR

Borah Gets Every Republican Vote—Ailshie Leads Short Term

Boise, Jan. 14.—Senator W. E. Borah was re-elected U. S. senator by the Idaho legislature today. The vote was: Borah 75, George W. Tannehill 5, K. I. Perky 2.

Mr. Borah received the vote of every republican member present and no other member of the party was mentioned in opposition to him. He was placed in nomination by John W. Hart in the senate, and by Charles F. Koelsh in the house. The result of the ballot was greeted with general applause.

For the short term, to fill the vacancy caused by the death of Weldon B. Heyburn, the initial ballot uncovered no surprise. Judge Ailshie led with 25 votes to his credit, with James H. Brady close upon his heels with a vote of 23. The other votes were scattered, with no candidate looking especially danperous.

It would have required 42 votes to elect, or 17 more than were cast for Judge Ailshie, the high candidate. No radical change from the initial vote is predicted when the houses ballot in joint session tomorrow. Democrats developed the line of cleavage between the two wings of the party in their votes for senator. Two voted for Perky and five for Tannaell for the long term. Two voted for Dubois and five for Nugent for the short term. The naming of Dubois in both house and senate caused surprise.

Suspect In Moscow Jail

At Bovill, the night before Christmas, a gang of fellows stopped the wind on Mr. Taylor, cashier of Grant & Giles mercantile house, and relieved him of the cash receipts of that day. The loss to Mr. Taylor and the gain to the foot pads was considerable. The matter caused considerable speculation and comment, and some legal effort is being made to find the perpetrators of the dastardly deed. To this end there was lodged in jail recently one C. V. Hensley, who is suspected of being able to tell how the thing happened "when his tongue is loosed."

Together with Louis Leguarre, Hensley makes the sixth star boarder in Latah county jail.

Attending Convention

Walter McCrea and Chas. McKeiver of the Lincoln-McCrea Hardware company are in Spokane this week taking in the Hardware Convention of the northwest. This year the convention is not as large as usual from the fact that the roads are in such condition from the west and other parts of the Inland Empire that the trains are not running.

Moscow In Deep

With snow three inches deep in Lewiston, eight inches at Arrow, 12 inches at Juliaetta, two feet at Kendrick and four feet at Troy it is figured that it should be 16 feet at Moscow, from the way they are shoveling snow in that city.

Mrs. A. E. Wilcox went to Lewiston Tuesday.

How Deep Was The Snow?

Estimates greatly differ in regard to the depth of the recent snow fall. One man will declare upon his oath and past record for truth and veracity that we had only 14 inches of snow. His neighbor just across the road, who is also a truthful man, a good judge of poor whiskey and a close observer of weather conditions and other things in general, including his neighbor's chicken house and wood shed, states emphatically that there was at least 18 inches of snow. At last, but not least, here comes the old pioneer, who has lived in this community 'nigh on to 30 years, and who in all this time never seen so much snow. Well, to be sure, he knows how much snow there was. There was exactly 21 inches, 'cause he measured it with a stick 'fore it was shoveled off the cellar door, and Mary Ann she said there was about that much on top of the old rain barrel we used last summer. And there you are. But the man who used the shovel last Sunday comes pretty near knowing about how deep the snow was in his immediate vicinity. We believe G. P. Barnum or E. C. Hardison could give a fair estimate.

"Along the Kennebec"

A New England play entitled "Along the Kennebec" will be presented at the Kendrick Opera House, Monday, Jan. 20. This company carries all its own scenery for the production and its stage settings are said to be extraordinarily pretty and well appointed. The play itself is a comedy pure and simple, with an absence of cheap sensationalism, but an abundance of good clean comedy, something that we can laugh at and not understand afterwards what we laughed at. The funny duel scene in the third act is said to be a pretty good cure for the blues.

Come Out Citizens

The Commercial Club meeting called for Tuesday evening has been postponed until next Tuesday evening, the change being made on account of President McCrea being out of the city. It is hoped the citizens will turn out next Tuesday evening and start something. Other nearby towns are holding excellent meetings and getting in early work for the coming spring and summer. Don't forget next Tuesday evening.

Beggar Prince Pleases

The Beggar Prince which was presented at the Barnum Theatre Wednesday evening was all that had been claimed for it. The house was packed and everyone seemed to enjoy the performance. The manager of the house is to be complimented upon being able to secure such high class performances. We are assured of another treat next Monday night when "Along the Kennebec" will be presented.

Found Dead on Trail

News reached Kendrick yesterday that Weldon Compton found the dead body of Chas. Hardweg on the trail from Elk Creek to Orofino Wednesday. Mr. Hardweg lived on Elk creek. No particulars of his death have been received.

There will be the regular Sunday services at the Methodist church. The subject for morning "Great Men." Evening, "Jacob."

CITY FATHERS HOLD SESSION

Allow Bills and Transact Business of Import-ance

The board of trustees of the village of Kendrick met in regular session on Wednesday evening at the city hall. The following were present: J. F. Brown, T. P. Byrne and Thos. McDowall. Absent, M. Black and E. C. Hardison.

The following bills were allowed and warrants ordered drawn for the amounts:

Albert Moskop, village clerk for Nov. and Dec. \$10.

J. E. Hoyt, village treasurer for Nov. and Dec. \$10.

Kendrick Dray & Ice Co., for team work \$17.75.

Sam Bowers, for nightwatch and police service \$32.

H. Durbin, for cleaning crosswalks \$9.25.

N. C. Thomas, nightwatch \$40.

A petition was presented signed by D. J. Rowlands and others asking the board to deed back lots 4 and 5, block 3, to the said D. J. Rowlands, but the matter was laid over until next regular meeting.

The street and alley committee was instructed to furnish an estimate of the amount and kind of lumber wanted by the village for the year 1913 for sidewalk and other purposes, the estimate to be made by the street commissioner.

Johnson Road Fund

Lewiston, Idaho, Jan. 14.—Milton Grostein, representing the Grostein estate company, yesterday gave to the Johnson railroad soliciting committee a subscription of \$1,000. The estate owns aside from the Lewiston property farm lands in the district that the new road will serve. "Our estate company," said Mr. Grostein yesterday, "has cheerfully made this subscription to the road and hopes Mr. Johnson will be able to carry out his plans. Such a road will be of wonderful value to the country, and every person should do everything possible to assist Mr. Johnson. Considering the large sums he must expend to build the line contemplated and considering the enhanced values that will come to all property through the construction of such a line, I consider the subscription of \$150,000 asked is not at all unreasonable. If the project as contemplated is realized, we are not giving, we are receiving, and should look upon Mr. Johnson as a benefactor of the community. I am glad to see that Lewiston people have shown a disposition to welcome and encourage him."

Traveling Rough Road

The bootleggers of Latah county are not numerous and what few there are seem to be traveling on rough roads. Every man of this type seems to fall, sooner or later, into the clutches of Sheriff Brown and his assistants. We have all read of the dove sent out of the ark by Noah, and the rum venders will soon be like that historical bird—no dry place on which to rest his feet. The last man to fall into the toils is a Frenchman named Louis Leguarre, who is awaiting the will of the authorities.—Idaho Post.
