"For Dependable Merchandise"

KANSAS DAY ON AMERICAN RIDGE

Sunday was an ideal day on American ridge and especially at the home of Mr. and Mrs. Cyrus Roberts. A lawn party was held in honor of the presence of Grandma Barackman, of Howard, Kansas, and Grandma Roberts of American ridge. These two ladies were old neighbors in Kansas many years ago and this meeting was one that will be remembered by each of the ladies the remainder of their days. Grandma Barackman is in her eightieth year while Grandma Roberts is in her nintieith year. Grandma Barackman is visiting in this section of the country in company with Mr. and Mrs. Moon of Howard, Kansas. The day was spent in a social manner and many tales of old time days in Kansas were related by the two grandmothers and take it all in all, the mingling of youth and old age in the golden west made an impression on the minds of those present that will linger long in their visions. A bountiful dinner was served on the lawn which was certainly enjoyed by all who partook thereof. Those present on this occasion were: John Barackman, wife and children, Miss Nellie Kinnard and John of Moscow; Bert Barackman, wife and daughter and her husband of Moscow; Mr. and Mrs. Moon of Howard, Kansas; L. Keene, wife and daughter, Miss Elsie, of Moscow; Wade Keene and wife, of Kendrick; Al Roberts and wife, of Troy; Mrs. C. W. Long, of Cuba, Ill.; Mrs. C. W. Cook and daughter Miss Fay, of Kellogg, Ida.; Mrs. Parkins and daughter Miss Thelma, of Moscow; Frank Roberts, wife and daughters, Misses Josie, Edith, Mamie and son Erine, of Kendrick; D. C. Helm, wife and children, of Troy; Arnold Loyns and wife of Moscow; C. S. Roberts, wife and daughters, Misses Helen and Nessie and sons Francis, Harold and Cecil, of Kendrick; J. B. Bovencamp, wife and daughters, Misses May and Ivy and sons Ernest and John, of Kendrick; Guy M. Lewis and wife, of Kendrick.

The Twenty Year Test

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.—adv

Grain Yields Beyond Belief

There are so many wonderful stories of big yields told that the average reporter begins in fear and trembling of the greatest thing yet heard of in the inland empire says the Idaho Post. A few years ago when Mr. Northcutt of Pullman grew 102 1-4 bushels of wheat on a single acre it was thought the limit had been reached, and we have heard of nothing since that surpasses that wonderful yield.

But now comes along Albert Feilke, who produces for our own eyes to behold a stool of 240 heads of wheat grown from one kernel of Little Club wheat. The bundle of stocks measured about 20 inches around, and the 240 heads averaged 60 grains to the head, making 14,400 grains from one seed. These facts are scarcely believable, and if told in the eastern states the teller thereof would immediately be placed in the Annanias club organized by Theodore Roosevelt and presided over by the organizer.

The Case of L. L. Cantelou

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.—adv

Big Bear Ridge News

Mrs. K. Reid of Deary was visiting her sister, Mrs. Wallace Reid, last week.

Alfred Nelson and wife and sister Mrs. Bernston, were dinner guests at the Jas. Nelson home Sunday.

Mrs. Nils Johnson and children, of Deary, were visitors here Friday.

H. O. Field arrived here from Moscow Saturday for a visit at the A. Hooker home.

Ingvald Aas departed Thursday for a trip to Spokane and various points in Oregon.

Miss Lydia Blenden is at home for a visit.

Mrs. D. Harris of St. Maries is visiting her sister Mrs. Wilbur Babcock.

Alex Galloway had a very narrow escape from serious injury Wednesday when his team became frightened while he was repairing the binder. He is recovering from a badly bruised hand and a number of smaller bruises.

M. L. McGraw has been visiting at home the past week.

Preaching services at the Lutheran church Sunday, Aug. 29th at 10:30.

Inquisitive.

Not So Strange After All

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.—adv

Notice to Postoffice Patrons

This office is in receipt of the following order issued by the Postmaster General.

"Postmaster General's order No. 8977 dated June 30, 1915.

The Postal laws and regulations are amended by the addition of the following:

Sec. 458. On and after September 1, 1915, the postmaster at the mailing office may, on payment of one cent, give the sender of an ordinary parcel of fourth-class mail a receipt therefor. A postage stamp to cover the charge for the receipt shall be affixed thereto. The name and address of the addressee of the parcel shall be written in the receipt by the sender."

The purpose of this receipt is to provide senders of fourth-class (parcel-post) parcels, when desired, a record evidencing their mailing for which a fee of one cent is charged. This receipt does not in any way insure the parcel against loss while in the mails and no receipt is obtained from the addressee upon delivery. Patrons who desire either of these latter facilities are advised to insure their parcels for which a charge of 4, 10 or 25 cents is made, according to the value of the parcel. The mailing receipt is issued to the sender simply as evidence that the parcel has been mailed.

When such receipts are desired by patrons on rural routes, the parcel should be delivered to carrier, payment being made at the time at the rate of one cent for each parcel, in addition to the postage. The Carrier will obtain the receipt at the post office and return it to sender on his next trip.—Harry G. Stanton, Postmaster.

About to Complete Job

The audit of the books of Latah county will have been completed by Byron Defenbach, the expert employed by the county commissioners, within a short time and a report will be submitted to the commissioners, sometime early in September. This was the information given out by Mr. Defenbach today.

The audit of the assessor's books during the term of Theodore E. Martinson, now awaiting trial on the charge of falsifying the record of the office, has been progressing but Mr. Defenbach gave out no intimation of any further irregularities. Rumors have been in circulation to the effect that other discrepancies have been uncovered, but thus far the rumors have not taken definite form. In this connection Mr. Defenbach said.

"I would especially like to urge taxpayers to lay before me any material information which they think would assist me in arriving at the facts. I would especially like to see such tax receipts of 1913 and 1914, covering personal property only, as have not already been submitted to me. Any such papers sent to me will be promptly returned."

Mrs. Robt. Brown is visiting relatives in Moscow.

A good stunt for the citizens of Kendrick! Tear down all the old signs sticking around on buildings and make a clean appearance of the town. These old signs make a town look more like a bill board than a thriving city. Bill boards are the place for them, not on buildings in the heart of town or on barns. Tear them down and don't allow any more put up!

Prof. French and wife are visiting at his mother's.

How to Cure a Sprain

A sprain may be cured in about one-third the time required by the usual treatment by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.—adv

Tuesday night Dr. Hoyt was called to Deary on account of the illness of Dan Whybark, of Arrow Junction, who was on his road to Bovill with a load of garden truck. The man took sick on the road and when the Doctor arrived it was soon seen that he had to be taken to the hospital for medical treatment.

N. E. Newhall's brother-in-law was kicked by a horse Tuesday. The boy received a severe cut on the cheek.

Mr. Rongstad of Clarkston, arrived in this city the first of the week for the first time in about six months. His first remark was, what has happened to Kendrick, it has commenced to grow and looks like it was going to make a town.
