Mr. Wooster, Dean of the rural department at the Lewiston State Normal was then introduced and spoke on the possibilities of a consolidated high school at Leland

Mrs. McGhee president of the club presided over the meeting in her usual graceful manner calling for any who would, to speak. A number responded with short talks.

The school furnished several selections of music. After the program light refreshments were served.

Mr. Hoff pulled his Ford from winter quarters Saturday and he and Mrs. Hoff and Bill Pabst went to the river fishing, but this being the first machine the fish had seen or heard since last fall, they didn't like the looks or noise of the "Crittter" and were shy, according to reports.

Do You Know That

Four per cent of the inhabitants of certain sections of the South have malaria?

The United States Public Health Service has trapped 615,744 rodents in New Orleans in the past eighteen months?

The careless sneezer is the great grip spreader?

Open air is the best spring tonic?

Typhoid fever is a disease peculiar to man?

Measles kill over 11,000 American children annually?

There has not been a single case of yellow fever in the United States since 1905?

Two dollars for a garbage can is cheaper than one hundred dollars for a funeral?

A hac and a cough may end with a cough in a hack?

A fly in the milk often means a baby in the grave?

Flies in the dining room precede the nurse in the sick room?

The polluted water of a well cannot be purified by painting the pump?

A careless spitter with a little cough is more dangerous than a bad man with a big revolver?

There are some who send for a doctor when the thing to do is to clean up?

If you can't push, pull; if you can't do either, get out of the way and give the other fellow a chance?

Do you desire to make a real contribution to the comfort and welfare of your community? If you do, then see to the removal of the trash pile or manure heap before the flies have an opportunity of breeding their spring family.

Longing

I wonder if you'll come to me some day.
I wonder if 'twill be at dawn or noon,
Or in the starry evening's stilly calm
Beneath the silv'ry radiance of the moon.

In dreams—I see you only in my dreams!—
I'm filled with joy, and then I wake again
To stern realities of life, and find
My happiness, alas, was all in vain.

And still I hope that in some happy hour
You'll come to me, and gladly whisper low—
You'll come to me with outstretched hand, and say,
"Bill, here's that back subscription that I owe."

Presbyterian Church

The annual meeting of the Presbyterians was a splendid success. Almost the entire membership and patronage of the church assisted and were present at the Barnum Theatre Tuesday evening. If any were absent it was on account of sickness or the condition of the roads. The rainy, cold evening seemed to increase rather than lessen the attendance.

The dinner was everything that even a hungry boy could wish. And the music by the orchestra was greatly appreciated by all. The reports of the various organizations were all that an optimist could wish. Mr. Peterson fairly outdid himself in his report for the Session. He is a good booster for his church and pastor.

Joday Long is the proudest man of them all with his splendid and zealous Sunday school. His report of its growth was very encouraging

Mr. Arnold Petrick in a few well chosen words gave the Bereans a boost.

Dan Guy could not have done better for his boys club. Dan is wide awake as are all the boys of the club.

Marvin Long has a class of Live Wires and he reports them all faithful.

The Christian Endeavor report was read by Mr. Petrick and it showed much Christian zeal.

Mrs. A. W. Patton explained the intent of the Camp-Fire Girls and we look for great things from this

group of twenty girls.

Miss Bernadine Moser gave a wonderful report of the Junior C. E. This society is surely the very hope of the church. It will be well to accept her invitation and visit the youngsters.

The choir is a great motive power of the church and Mrs. Patton spoke encouragingly of it.

Mr. Lowry, who came at a late hour, made a splendid address which was enthusiastically received. The meeting then closed and it is the intention to meet again next year.

Dr. G. W. H. Smith, pastor.

A Sickly Diary.

"Look here, old chap; I'll give you a valuable tip," said the experienced married man to the prospective bridegroom. "Don't let your wife keep a diary on the honeymoon. My wife did that, and now whenever we quarrel she brings it out and reads some of the idiotic things I said to her then."

A Court of Last Resort

Around the stove of the cross roads grocery is the real court of last resort, for it finally over-rules all others. Chamberlain's Cough Remedy has been brought before this court in almost every cross roads grocery in this country, and has always received a favorable verdict. It is in the country where man expects to receive full value for his money that this remedy is most appreciated. For sale by all dealers. Adv
