

THE GOOD JUDGE ATTENDS THE OLD SOLDIERS' REUNION

JUDGE, EVERY OLD SOLDIER IS JUST AS FULL OF PATRIOTISM TODAY AS EVER, BUT THE REAL TOBACCO CHEW GIVES US SO MUCH SATISFACTION THAT WE WANT YOU TO BE OUR GUEST OF HONOR.

EVERY MAN NEEDS FRIENDS AND CAN MAKE THEM BY PASSING NEWS OF SATISFACTION.

WASHINGTON, LINCOLN WERE GREAT PRESIDENTS BUT THE GOOD JUDGE IS A GREAT TOBACCO EXPERT.

WAR or peace, men are the same about their tobacco. When they find out about W-B CUT Chewing—the long shred Real Tobacco Chew—they want to sing out "By golly I've struck it." Just leave it to a good soldier to share his find with a comrade.

"Notice how the salt brings out the rich tobacco taste."

# Worth Thinking About

About 30 days ago I made a bet of a good cigar with a Potlatch farmer that I could save him at least 10 per cent on a bill of furniture, the same articles of which could be found in Sears-Roebuck Catalogue. Two weeks ago he came in with an itemized order, and told me to get busy if I wanted to earn that cigar. I looked over the order and found in looking in S. R. & Co. catalogue, that I had four of the items already on the floor, and it was five days later when the balance of the order reached here. Following is the exact copy of the order as given me, and which were all taken from a S. R. & Co. catalogue:

6 dining chairs No. 1E2316 fumed at \$2.75	\$16.50
1 dining table No. 1E2424 fumed	8.75
1 Buffet No. 1E2655 fumed	15.35
1 Library table No. 1E3410 fumed	7.35
2 Rockers No. 1E6569 fumed, at \$9.75	19.50
1 Davenport No. 1E1754 fumed artificial spanish leather	24.85
1 Felted Cotton pad for davenport	3.85
1 Ivanho Tapestry rug 9x12 No. 37E5840	14.85
<b>Total</b>	<b>111.00</b>

We figured out the freight on this list and found it to be \$10.65 which we added to the order making a grand total of \$121.65.

On the four items I had in stock (Dining Table, Buffett, Davenport and Rug) I listed to this man at the prices marked on them, and on the items I ordered special I allowed a fair margin of profit, and when I totaled my bill it was as follows: Dining chairs \$15.00, Table \$10.00, Buffett \$15.00, Library Table \$7.00, 2 Rockers at \$8.50 each — \$17.00 Davenport complete with mattress \$25.00 and Rug \$14.50, making

**My total bill to him \$103.50**

This made a saving of \$18.15 under the catalogue price or 15 and 1-2 per cent, five and one half per cent more than I agreed on.

I got my cigar, and not only one but a nice box of 25.

The Farmer who bought the above order kindly gave me permission to publish this ad provided I would not use his name.

Kendrick, Idaho.

DEAR SIR:

Your attention is called to the following ruling of the State Board of Health:

Rule xxxv

All privies, toilets and outhouses used for depositing human excreta must be made fly-proof and protected, as follows:

1. The roof shall be water tight.
2. The house shall be without cracks thru which flies may enter.
3. The door shall fit closely and be self-closing.
4. The openings on seats shall have hinged coverings.
5. The vault, whether pit, box, or tank, tub, pail or other receptacle, shall be securely protected against flies.
6. All openings for ventilation, etc., shall be screened with wire netting.

Every person, whether as owner, tenant, employer, or agent, being in charge of any stable, barn or other place where horses, mules, cows or other livestock is kept, shall at all times keep and maintain in or adjacent to said stable, barn or other place a receptacle or box of sufficient dimensions to hold and contain all manure from said livestock; said receptacle or box shall be so constructed as to prevent any of the contents filtering thru the bottom or sides and shall be covered with fly-tight lid, which shall be kept closed at all times, except when it is necessary to open same to deposit or remove the manure from said receptacle or box. The provisions of this regulation shall not apply to stables or places from which manure is removed each day.

The State Sanitary Inspector, county and local health officers will strictly enforce this regulation.

This ruling is a public health measure and a failure to comply with its provisions will result in prosecution.

Very truly yours,

J. K. WHITE, State Sanitary Inspector.

The municipalities are fast becoming cognizant of the fact that poverty is the great cause of disease and that any advance in the wage rate to the mass is quickly absorbed by private land-owners who chalk up the price of rent, Land-value taxation is the only cure for poverty in essence and the only cure for disease. If a community will take to its own use the value created by the community and expend the proceeds in better housing, sanitation and other efforts at cleansing the mass it will find much easier the checking of disease which has before had a perpetual incubator hatching it. Where poverty is there is always its counter-parts, disease, misery and carelessness in personal habits which come from the dwarfing of hope and legitimate aspiration. This nation cannot afford to continue the present methods of economic distribution without having to pay a fearful price in the not distant future thru a general deterioration in the physical constitutions of the great mass of the people who are over-worked, underfed and poorly housed.
