Thanks For Comfort Bag

Dear Nellie Rodgers:
I am writing to give you my thanks for the Comfort Bag presented to me by the Kendrick Red Cross.

Must say it has proved a comfort and will be a thousand times more in the days to come.

So thanking you once more and asking you to remember me to the other members of the Red Cross.

I remain, Ernest Roberts.

Troy Improvement District

Engineer Biggs is making the preliminary survey in Troy this week for the improvement district contemplated by a number of Troy boosters. Tom Sturdevant and Mr. Biggs met with a large number of Troy men last week and it was the unanimous opinion of those present that an improvement district, similar to the one established in Kendrick, should be formed in Troy. Such men as Frank Green, W. M. Duthie, Ole Bohman and others were decidedly in favor of the principle of an improvement district as explained by Mr. Sturdevant and Mr. Biggs and their favorable view of the matter is another indication that our progressive Village Trustees were working for the best interests of the town and the property owners of the town when they established the improvement district in Kendrick.

Quarrels.

If there happens a misunderstanding, a quarrel (and these things do come to every human being), I shall face the facts and be just. I shall not childishly slam a door on an explanation. That happens in books sometimes in order to help along the plot a hundred pages or so. In life every moment of happiness counts. Our time here is so very, very short.

HOW TO LIVE.

So live, that when thy summons comes to join the innumerable caravan, that moves to that mysterious realm, where each shall take his chamber in the silent halls of death,
Thou go not, like the quarry slave at night,
Scourged to his dungeon; but, sustained and soothed by an unflinching trust, approach the grave like one who wraps the drapery of his couch about him, and lies down to pleasant dreams.
—William Cullen Bryant.

Home Cookery

Tomato Shortcake.

Prepare a baking powder biscuit dough and roll it about an inch thick and place it in a pan without cutting it into rounds. Cover it with a layer of ripe, sliced tomatoes, then some butter and sugar. On top of this place a layer of sliced onions, sprinkle with salt and pepper and cover all with a layer of sliced green peppers and bake.

The scenery in "Money Magic," the Vitagraph Blue Ribbon feature starring Edith Storey, Antonio Moreno and William Duncan, which is to be shown at the Rex theatre tomorrow, is beautiful to behold. The great hills and ravines of California form a fitting background for the thrilling action of the story. 39-1t
