

## GLEANINGS

Manila Hanson and Margaret Terry went to Moscow Saturday to spend the day. The Misses Hanson, Terry and Guy will teach at Harvard this winter. Miss Terry will be principal the coming year, as she was last year, having taught very successfully there.

Nick Brocke Jr. and his brother, Charley, are both in the service now. Nick is an electrician at the Bremerton navy yards, working at a submarine base. Charley is a cook at Fort Leavenworth, Kansas. He was married some time ago and has a daughter about seven months old.

Jay, Fay and Precious McKinnon of Lewiston visited their cousin, O. E. MacPherson, Sunday.

Mr. and Mrs. G. G. Oldfield and son, Max, went to Spokane to visit relatives Sunday.

Henry Hill went to Lewiston last week where he transacted business.

Gabriel Forest, H. B. Million, George Karlson and A. U. Westendahl were the Kendrick boys who left Moscow last Monday for Camp Lewis with the 27 Latah county men who formed a part of the August quota.

"Pershing's Crusaders," official Government picture. You may see your boy there. Coming October 13, Grand Theatre. 35-tf

Miss Ruth Helpman is now one of the employees at the Kendrick State Bank. She took up the duties of her new position the first of the week.

We all have reason to complain about the high cost of living but back in the old days of 1776 prices were so much higher that the same commodities today appear comparatively cheap. The following figures were given out by the food administration: Meat, \$1. to \$2. a pound; corn, \$25. a bushel; Rye \$3. a bushel; Potatoes, \$10. a bushel.

The Highland Vidette, one of the newest country weeklies in America, published in Kansas, gives an account of a farm of 100 acres which sold for \$270 per acre. Ten years ago this same land could have been purchased for \$75 per acre. The Gazette predicts the same proportionate increase in land values in the Potlatch in not to exceed five years.

N. M. Talbott of Juliaetta spent Tuesday in Kendrick visiting friends. Mr. Talbott stated that the bean harvest had already begun to a limited degree in the Juliaetta section and that this week would practically finish the grain threshing.

Frank Martic, democratic candidate for the nomination of governor, was touring the county last week. It is said that unless Martin gets the nomination, then Samuels, who is the non partisan league candidate, will probably get the nomination. Mr. Martin expects to get the nomination, providing the average number of votes are cast in the state.

W. M. Crapo of Lewiston was in Kendrick Tuesday on business.

Wm. Rogers and J. E. Gibbs drove to Clarkston Sunday to spend the day.

If you don't register today or tomorrow you can't vote at the primary election.

There is money in raising tomatoes this year. The price is so high that canneries are having a hard time getting their supply at anything like a reasonable figure. It is said that Chris Keiffer of Juliaetta expects his tomato patch of less than half an acre to net him \$300 this season.

Pioneers of this section say that this season has been one of the driest growing seasons they have ever seen here. And yet there are watermelons being brought to market that measure at least three feet long. These melons were grown near Kendrick without irrigation.

Chas. E. Walks of Moscow was in Kendrick on business. Mr. Walks is secretary of the democratic county central committee. While here he stated he had over 56 public sales to cry this fall and was making dates for others every day. He has several in this territory and will also have charge of some of the stock sales at the Lewiston Stock show this fall.

Mrs. W. H. Hare of Willow Creek, Montana visited at the L. J. Herres home a few days last week. Mr. Hare was the N. P. Station agent here nearly twenty years ago.

Jeff Buckles of Lewiston was in Kendrick a short time Thursday on business. Jeff says his beans near Lenore are fine and he expects to start cutting today.

Mrs. Harry Stanton and children left Thursday for Walla Walla where they will make their home. Harry went last week.

The Gazette will have to apologize for an error in last week's paper. In referring to the corps of teachers for the public school, the word was spelled cores. Our new typesetting machine will probably spell better

later on, but at that, we are glad it didn't spell the word corpse, because that isn't the kind of teachers we have in Kendrick.

George Carlson writes from France that there is no lack of entertainment here. He has been under shell fire and reports experiencing some wild nights. He says that the days, however, are comparatively quiet. He is with the 2nd Flight Squadron.

A. Wilmot went to Spokane on business Wednesday.

The teaching staff of the Kendrick school is still short one teacher, but it is thought that by next week this vacancy will be filled.

Ed Riffin writes from France to his parents here that the Americans are walking right through the Germans. He has been in France six months and will receive a service stripe. Judging from the tone of his letter he has been in the thick of the fight. He is with Company D. 25th engineers and his address A. P. O. 701, A. E. F.

There has been considerable moving in Kendrick this week. Hugh Stanton's family moved into the house vacated by his brother, Harry; the R. D. Newton family moved into Ernest Randall's house; Mrs. Emmel and family moved into the property vacated by the O. K. Hill family; the Charles McKeever family will move into the house vacated by the Newtons; the G. N. Baker family will move into the house now occupied by the Shumakers. Houses are still greatly in demand, a condition of which very few inland towns can boast just now as the demand for men in the ship yards has caused many houses in the surrounding towns to be for rent.

Marvin Long went to Milton, Oregon the first of the week to visit friends. He will go from there to Montana to see if a change of climate will not benefit his health.

Mrs. Jonas Johnson of Cherry Grove, Oregon, is visiting friends in Kendrick this week.

Forty young men who have reached the age of 21 since the fifth day of last June registered last Saturday at Moscow, two of the registrations being made by mail. The registration office was open from 7 a. m. to 9 p. m. and was held at the court house.

### Complex Action Automatic.

Houdin, the sleight-of-hand performer, in one of his acts used to keep four balls moving in air, and this complex series of actions, which at the start depended upon a guiding perception, finally became a mere automatic mechanism to him. He frequently read from a book or newspaper while he was tossing the balls.

Come in and inspect our new Edison electric farm lighting system for farm homes. On display at our garage. It embodies the Edison standard of quality. Fool proof and full of service. Emil Peters is our Leland agent. If interested in farm lighting plant call at the Kendrick Service Station. 35-1t.

For Sale: New Overland car, run about 1,000 miles. Cheap if taken within 30 days. Address W. L. Clawson, box 44, Kendrick. 35-2p.

FOR SALE: Farm 1 mile from Kendrick, containing 124 acres of land, 70 acres of which is under cultivation and 15 acres more cleared. Fine spring water piped to house and barn, plenty of wood on place; good improvements. One of the finest places for a home in the Potlatch country. For price and terms see C. L. Guy, Kendrick. 35-3t.

### Prunes

Commencing Monday, September 2, the Tri State Fruit Company will receive prunes at their packing house in Kendrick. Bring your samples now and we will tell you when to pick. We pay 2 cents a pound delivered at our warehouse in Kendrick—spot cash—\$50 per ton. We can use 25 coverall girls in different orchards, where they can easily make from \$3 to \$4 a day and board. Phone or see J. H. McClain, Guy Hotel, Kendrick. 35-1t

### Summer Complaint

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. F. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."—Adv.
