

GLEANINGS

The precinct board of the Fourth Liberty Loan, consisting of M. V. Thomas, E. P. Atchison, N. E. Walker, John Waide and Ralph B. Knepper, went to Moscow Sunday to consult with the officials of the Latah County Council of Defense with a view of having the precinct quota lowered. It was found, however, that Kendrick precinct was not assessed any higher than the other precincts of the county, with possibly one exception. The board returned feeling satisfied that considering the county quota of \$800,000, the precinct quota was not far wrong.

A very large crowd witnessed the arrival of the Government Special last Friday evening. Owing to the size of the crowd and the limited stopover, the only part of the exhibition that could be seen was the flat car containing the field artillery.

Mr. Burns was a former resident of Kendrick and lived for a number of years on the farm now owned by A. E. Jones. His brother, John, who is well known here, is serving as Chaplain in the Army Y. He is with an artillery regiment. His brother, Bruce, is in the aviation and is serving as a photographer. Mr. Burns has a wife and two fine boys.

One of the warehouse managers in Kendrick stated this week that he estimated there would be not less than 200 carloads of beans shipped from Kendrick this season. This is probably the largest crop ever grown here. Every year the acreage is increased and this year the large number of acres planted and the splendid yield will make the output from this territory a record-breaker.

The Village Board met at the town hall Tuesday night in regular session. Nothing of importance came before the board and the regular routine of business was dis-

posed of. A new member will be appointed at the next meeting to fill the place left vacant by the resignation of G. G. Oldfield.

The precinct Liberty Loan board for Kendrick held a "protest meeting" at the town hall Monday. A number of Kendrick citizens were present and came more for information than to protest against their assessments. The board found that in a number of instances the quotas fixed were probably not fair but all agreed that, taking the list of the precinct as a whole, the assessments were not far wrong. The meeting broke up with everyone pledging to do his level best to put Kendrick's quota over the top.
