

The Grangeville Globe

OFFICIAL PAPER OF IDAHO COUNTY

VOL. III, NO. 43

GRANGEVILLE, IDAHO COUNTY, IDAHO, THURSDAY, SEPTEMBER 22, 1910

\$1.50 THE YEAR

HIS FRIEND SHOOTS HIM

Fred Shissler, Accidentally Shot at Elk City, is Brought to Grangeville.

Fred Shissler was brought to Grangeville from Elk City Tuesday noon by G. L. L. Baskett and Schuyler Franklin, suffering from a very severe gunshot wound in the hip, received from a misdirected shot from a revolver in the hands of his friend, Tom Hopwood, on the day previous. The trip was a pretty hard one on the wounded man, the party having started at 2 p. m. Monday and traveled all night, with an hour for supper and horse feed at Newsome and an hour and a half at the Mountain house for breakfast, but notwithstanding that fact he was cheerful and merry.

The circumstances of the shooting were about these: Hopwood and a party of friends were packing their horses for a hunting trip into the surrounding game districts, and Shissler was assisting them. In arranging the pack a bottle of red-eye slipped out and fell to the ground, when Hopwood, who was standing to one side, drew his gun to take a shot at it, and Shissler at the same time sprang forward to rescue the snake remedy and received the bullet in the right thigh, just out from the groin.

Dr. McMahan of Elk City, was unable to find the bullet by probing and recommended that the wounded man be brought to Grangeville where the X-ray could be used, which was done. So far, however, the search has been in vain. The patient, however, is resting reasonably comfortable at the Imperial Hotel, where he was taken on his arrival here. It is said that Hopwood is filled with deep regret over the part he took in the accident, and stands ready to do anything in his power to assist the recovery of his friend.

HAMILTON ACQUITTED BY JURY.

R. T. Hamilton, who was on trial this week in the district court on a charge of statutory rape, was acquitted by the jury Monday night after a deliberation of almost two hours in the jury room. Fred E. Butler, of Lewiston, represented the defense and Prosecutor J. M. Gilmore and Attorney A. S. Hardy stood for the state.

The case was well presented and hard fought by both sides. The instructions of Judge Steele were full, forcible and direct, clearly defining the offense as charged as well as the province and powers of the jury. The jury, however, took the bits in its teeth and brought in a verdict in accordance with its own ideas of things and while the decision meets with the approval and endorsement of some it also receives severe criticism at the hands of others. Some among those who approve of the finding freely express their belief in the guilt of the defendant but condemn the law and the character of the prosecuting witness, and make their defense of the jury's verdict on those grounds.

This case clearly shows the weakness of the present jury system, whereby a jury is permitted to act in the capacity of a legislative body, and if the law which applies to the case in hand does not suit it is suspended and new provisions made for the occasion. This is wrong in principle and should be remedied or the system wiped out.

It is reported that the jury on the first vote taken was evenly divided standing six to six, but that the verdict was finally made unanimous.

In consideration of the acquittal of Hamilton, Prosecutor Gilmore on Wednesday morning dismissed the case of like character against Elmer Waldrip, thus bringing to a close two of the most sensational cases this community has ever afforded.

KING PORKER.

Ed. Graham marketed two sows and their eleven months old litters of pigs in Grangeville a few days ago, and received therefor the fabulous sum of \$550. This is almost unbelievable, but is absolutely true, and shows what great profit and quick returns there is in hog raising. This bunch of hogs never ate a kernel of what in their lives, but were fattened on ground barley.

NEW BLACK SAND MACHINE.

J. A. Wolcott returned Tuesday evening from the Salmon river country where he went last week in company with his partner, John Rosebaugh, to install and test out a new black sand concentrating machine, which the gentlemen recently invented. The machine, which is the first one they have put into practical use, was constructed by them in Grangeville this summer, and is now in operation at Lyon's ferry on the Salmon river, with Mr. Rosebaugh in charge. Mr. Wolcott says the machine is doing splendid work, the purpose of it being to save the black sand, which is heavily impregnated with gold, and as has been demonstrated of late years, only requires the furnace test to finish the incomplete process of nature and produce the pure gold.

A MUSICAL TREAT.

The Choral Union has arranged to give the music loving people of Grangeville and vicinity a feast of good things next Wednesday evening (28th inst.), at I. O. O. F. opera house. The program has been arranged and will be given by the musical faculty of the Idaho State University of Moscow, composed of Prof. J. L. Cogswell, pianist; Prof. Collins, violinist, and the vocal instructor of the university, who is a graduate of the Berlin musical conservatory. This will unquestionably be a treat long to be remembered, the performers all being rated as high class musicians. An admission of 50 cents will be charged.

FOOT BALL TEAM TO NEZ PERCE.

The Grangeville H. S. football team which has been rapidly developing lately under the direction of Principal Harper, will go to Nez Perce Saturday to try conclusions with that swift bunch on the north prairie.

BRADY FRIEND TO FARMERS

Letter to A. W. Lee, State Grain Inspector, Asking for Suggestions.

Boise, Septemebr 8, 1910.

Mr. A. W. Lee, Juliaetta, Idaho.
My Dear Mr. Lee:—I thank you for your kindly words of congratulation on my victory, and I must say that I am very much pleased with results, indeed.

I want to work honestly and intelligently for the interest of the farmer. I want to say to you now that I have always been in favor of an effective grain commission; I am now and always have been in favor of giving that commission every dollar of money that it needs in order to do effective work. I am in favor of putting the inspection of weights and measures into the hands of that commission; I am in favor of strengthening it in every way that I can; I want to accomplish results.

Now what I want to do is to keep out politics from every department and get matters in shape so that I can go on and give an administration that will leave its favorable imprint upon the people of the state. I don't intend to be satisfied with lax disinterested or ineffective service from appointees, and I want a hearty co-operation with all departments of the state, one with another.

In addition to this I intend to use all the power that is within me to close the doors of every saloon in the state; these are some of the things that I stand for. And where the grain law is not effective, let us get together and make it effective and make it something that the farmers will not only be satisfied with but be proud of.

I will be glad to hear from you at your earliest convenience relative to this matter and relative to the suggestions that you think should be made so as to enable us to improve and make more effective this grain commission law.

Yours very truly,
JAMES H. BRADY.

\$18,000 CATTLE SHIPMENT.

One of the largest cattle shipments ever made from this place was brought out last week from the Salmon river country by Henry Elfers, of John Days, and Charles Bentz and Gotzinger Bros., of White Bird. The shipment consisted of some 400 head fat cattle, and stood to return their owners something like \$18,000.

GREAT BUNCH FROM SPOKANE

Sixty-Five Junketeers Hold Grangeville in Their Grasp for Two Hours.

The Spokane Jobbers' expedition, composed of sixty-five live, hustling business men, carrying around with them three Pullmans, one observation car, one diner and one baggage car, took Grangeville by storm Thursday about 9 o'clock a. m. and made things hum for the short but busy space of about two hours.

Few livelier ones ever assembled at one time anywhere than the junketeers from Spokane falls, and it was most apparent that they were out for a good time and to see that everybody else caught the same disease. They were not on time and didn't stay long, but everybody here bristled up and seemed to feel better for the visit they made us. The Grangeville lachstrings always hang out for that class of visitor, and they are invited to come again when they can take possession of the town for a whole day—don't know about the night.

COUNTY SCHOOL NOTES.

Miss Arline Pickett began a seven month's term of school in the Red Rock district last week.

Miss Compton, of Boise, passed through Grangeville Saturday on her way to Harpster where she will teach the ensuing year.

The regular teachers' examination is in progress this week. The next examination will be held in November.

George Dewhurst, a recent arrival from Kansas, is teaching at Tolo.

A large majority of the schools of the county are in session, and Supt. Glanville has been busy the past week sending out report blanks, and instructions to teachers in regard to the work of the ensuing year.

The trustees of the county are enumerating the school children this month. It is very important that every child of school age in the county be enumerated, as the apportionments to the several districts are based upon the number of children included in the census report. School age in this state applies to all persons between the ages of six and twenty-one years.

The old school districts of Florence and Warren have been allowed to lapse. Both towns are practically deserted, and there are no children left to attend the schools. The law provides, "that in case a district lapses, the money in the treasury of the county belonging thereto shall be apportioned by the county superintendent among the other districts in the same manner as other moneys are apportioned. The property of any district that shall lapse, shall be sold by the county superintendent in such manner as he shall deem best. The proceeds of such sale, after the payment of any indebtedness of said district, shall be placed to the credit of the general school fund." The furniture and apparatus will be shipped out as soon as possible and disposed of to any districts that may need such furniture. About two hundred library books have already been received at the county superintendent's office. These books are in excellent condition, and will be sold at greatly reduced prices to any districts desiring library books.

Teachers' institute will take place in the high school assembly room next week, the first session beginning at nine o'clock Monday morning. In addition to Supt. Adrian of Santa Barbara, Calif., and Mrs. Maud Brown Curtis of the Lewiston normal school, Miss Margaret McCallie has been engaged to give several lectures upon "Literature in the Grades." Miss McCallie was formerly connected with the Seattle city schools, and is very favorably known in Grangeville as an elocutionist and dramatic reader. The sessions of the institute will be open to the general public. We wish every parent in Grangeville could hear Supt. Adrian discuss the boy question. He is a strong, inspiring speaker, and his lectures are interesting and instructive to the parents of children as well as to teachers. His great lecture upon the "Heart of the Nation," will be given at the court house, at 8 o'clock p. m.

To get the news—get The Globe.

HOLD RALLY ON THURSDAY

Republican Convention Sept. 29th, With Outside and Local Speakers.

Next Thursday is platform convention day in Grangeville for both the republican and democratic parties, as proscribed under the new primary law.

The republicans will meet at the I. O. O. F. lodge room at noon, where the county platform will be formulated.

A grand rally with political addresses will be held at the I. O. O. F. opera house at night. Outside speakers of prominence will be in attendance, as well as the candidates, and a rousing time is anticipated.

The Grangeville Military band has been secured for the occasion and will no doubt play "Dixie." If you have never heard it you have missed a great deal in life, but it is not yet too late to reform. You are urged to be present no matter what your political predilections.

Insurance. Geo. M. Reed.

Fred Meader is in Spokane this week looking after business matters.

Mrs. Geo. D. Algie left last week for Spokane where she will visit with friends for a month or so.

Daniel Needham, democratic candidate for district judge, is in the city from his home in Lewiston.

One acre of ground in Kern county, Calif., will be sold at public auction at Taylor Bros.' sale, Sept. 26.

Miss Eunice McDonald has gone to Lewiston where she will attend the state normal during the coming school year.

J. A. Campbell begun the erection of a residence this week in Portland Heights addition. Fred Noyes is the constructionist.

H. M. Goodhue, a Spokane mining man, is here attending on his brother G. J. Goodhue, who is sick at the Imperial hotel.

Miss Willa Wilkinson went to Walla Walla last week, where she enters the musical department of Whitman for the current term.

Miss Sadie Stockton returned this week from Spokane, accompanied by a young lady friend who will visit with her for some time.

Rev. Israel Putnam will occupy the pulpit at the Presbyterian church morning and evening next Sunday in the absence of Rev. Hitchcock.

Zanies Parsons, who has been holding a position in connection with the sewer construction in this city, left this week for Ellensburg, Wash.

J. J. Pulse returned from Wallace, Idaho last Sunday where he was in attendance at the meeting of the state pharmaceutical association, of which he is the vice president.

Geo. Algie, Ed. Davis and Harold Harris returned this week from grouse hunting on the Salmon river. They were very successful in their mission, crowding well up to the law's limit.

A. Carpenter and James Murphy were in the city several days this week from the Ten Mile district, which they report as lively, with a number of big deals in mining property on tap.

Mr. and Mrs. G.W. Barker were in the city this week from their home near Canfield. Mr. Barker brought up a shipment of hogs, while Mrs. Barker came along to interview Grangeville merchants.

Mrs. Mina Hohaus and daughter, Miss Paula, and Miss Vera Allen left Wednesday morning for Walla Walla, where the two young ladies will take a course in music at Whitman college. This is their second year at Whitman.

E. Rohlfing and F. O. Hattie'd were in the city Monday night from Ilo on their way to the Buffalo Hump country to look after mining interests there. Mr. Rohlfing is a hardware merchant at Ilo, and was actively connected with the scrap between Ilo and Congressman Hamer and the post-office department over the discontinuance of the postoffice at that place, and was selected by the citizens of that wideawake little city to visit Washington, D. C., in their interests.

One acre of ground in Kern county, Calif., will be sold at public auction at Taylor Bros.' sale, Sept. 26.

The ladies of the M. E. church will serve a Merchants' Lunch Tuesday the 27th, at the old Crosby st re building on west Main street. Two meals will be served, one at noon and the other at evening. An abundance of good things and the best of service.

Grain Inspector A. W. Lee was in Grangeville last week and the first of this on official business. He also visited Cottonwood and on Monday drove to Stites on his way home. Mr Lee is one of the officials and active workers in the Farmers' Union, being chairman of the legislative committee.

A large and appreciative audience gathered at the Baptist church last Sunday evening to hear the first of a series of sermons delivered on the subject "The Church and the Social Problem." Next Sunday evening Rev. Saxton will speak on the subject of "The Church Toward the Social Problem."

At a recent meeting of the I. O. O. F. lodge the following delegates were elected to attend the grand lodge to be held at Sandpoint Oct. 17-21: E. Bonney, Charles Sallee, L. C. Chadwick and H. D. White. The delegates to the grand encampment are: Fred Erskine, R. H. Ambler, J. N. Oliver and L. C. Chadwick.

Walter H. Hill returned Monday evening from the Salmon river country where he spent some ten days assisting in installing the new machinery at the United Placer company's property near Lucile. Teams have been hauling the machinery in from this point for many weeks now, and when it is all assembled and installed it will be without doubt the largest plant of the kind west of the Rocky mountains.

DEMOCRAT OUT FOR BRADY

Another Prominent Democrat Declares He Will Support the Governor.

Last week the Globe published a statement from Col. J. M. Ingersoll, of Pocatello, one of the wealthiest and most active democrats in the state in which he came out in unequivocal terms for Gov. Brady. This week is furnished the declaration of another influential citizen, W. C. Whitwell of Salmon City, avowedly a life long Democrat, who in a remarkable open letter to Governor James H. Brady, warmly congratulates the executive on his nomination and promises the support of himself and many other Democrats in that district in the November election. The letter is as follows:

"Accept my hearty congratulations on your splendid victory at the recent primary election. Of the straightest sect, I have always been a Democrat, and I still believe in the true principles of Democracy, as expounded by its greatest living representative, Will iam J. Bryan; but I cannot consistently support a candidate of my party for Governor who is openly recognized as the candidate of the liquor traffic.

"During your past administration it can be truthfully said that as governor of this state you have honestly and faithfully tried to fulfill the pledges made to the people. In other words you have made good and be it said to your honor, that at all times you have stood loyally and fearlessly by the home and against the cursed saloon.

Expects Large Majority.

"Well done, thou good and faithful servant. You have been true to the best interests of the people, and I trust and believe that the good men and women of Idaho, irrespective of party, will reward you by the largest majority ever given to a candidate for governor of this state.

"It will not only afford me great pleasure to vote for you in November, but I beg to assure you that I will use what little influence I possess in earnestly appealing to my Democratic friends all over the state to give you their loyal support.

"With personal regards and best wishes for your success, I am,

"Sincerely your friend,

"W. C. WHITWELL.

"P. S.—You are at liberty to use this letter publicly or privately as you may deem best.

BARNEY O'NEIL IS FOR BRADY

Says Governor is People's Choice and Should be Elected.

Barney O'Neil, the leading opponent of Governor Brady for gubernatorial nomination on the republican ticket, sends out the following frank and generous statement to the public and his friends:

"The republicans of the state of Idaho have named as their candidate for governor of this state Hon James H. Brady, the present chief executive. It is earnestly to be hoped that as our standard bearer he will carry the party on to magnificent victory at the general election in November, and that our state may continue to enjoy the distinction of being reckoned as a stronghold of republicanism.

Having consented to enter the lists, I should have been very appreciative indeed if the members of my party had seen fit to make me their nominee. As they have not, I have no complaint to make or fault to find.

"I feel that my opponents as well as my friends must concede that I have been consistent in my position upon the public issues as I announced it early in the campaign. My campaign has been as clean as I knew how to make it. Instead of berating my enemies and promising dire vengeance, I am now more than anxious to express my heartiest appreciation to those of my friends and well wishers, and especially those of the press, who have labored so zealously in behalf of my candidacy.

"I submit to the expressed will of the people without a tinge of bitterness or resentment. My candidacy was embarked at the earnest solicitation of those who were kind enough to believe that I was the strongest candidate that could be named. I step aside for my successful opponent with best well wishes for his success, representing as he now does, our glorious party, asking only that my friends be well assured that I have nothing but praise, commendation and the most heartfelt, appreciation and the most sacrifices made by them in my behalf."

Good groceries at Hanson & Miller's.

The Woman's Christian Union club will hold the next regular meeting at the home of Mrs. Rickards from two till five o'clock, a twich there will be an elaborate spread for the members, all of which are urged to attend.

W. D. Perkins, having completed the arrangement of his business matters here, left this morning to join his family at Moscow, where they went last week. They have rented a residence and will spend the winter there where Ralph has entered the university. Mr. Perkins says he will look after the other Grangeville university students as well as his own and that we can expect to hear reports of good progress from all of them.

Bowling Alley for Sale—Good hard wood (maple) alleys, regulation length, etc., together with plenty of good tenpins, and ten pin balls, as well as smaller balls for various games. Owners engaged in other business and cannot give bowling alley proper attention. Affords splendid exercise and amusement. Goes at a bargain price, for cash, and can be readily moved. First buyer gets it. Address Asotin Amusement Co., Asotin, Wash.

J. J. Remington was up from the Salmon river country Tuesday and visited for a short time with the Globe while in the city. Mr. Remington is one of the most cheerful unsuccessful candidates that has drifted our way since the primaries. There are no sore spots on him over the fact that John N. Rice received the nomination over him for commissioner from the third district, but on the contrary, he says Mr. Rice is one of the best citizens in the White Bird section and that he intends getting out and doing all he can to see he is elected. That is the old line republicanism that has the right ring to it, and should be patterned after by all of the candidates who failed of nomination—it spells success for the party. Mr. Remington is up looking after business matters on his farm west of town, which is in charge of his son and nephew.

To get the news—get The Globe.
