BOND ELECTION HELD TOMORROW

Citizens Will Have a Chance to Vote Between Noon and 7 O'clock P. M.

The special election tomorrow in this city is one of much importance to the city of Lewiston.

The questions to voted upon are embodied in ordinances number 426 and 427 passed by the city council October 6, last.

One ordinance to be voted upon is for the issuance of \$20,000 in coupon bonds for the city of Lewiston and the money derived therefrom to be specifically applied to the payment on contracts already made in connection with the waterworks improvements and for the few additional improvements that are to be made in that department.

The other issue is for a \$60,000 issue of coupon bonds, which money will be used for the payment of all outstanding warrants against the city of Lewiston.

If the bond issues carry, it will mean a saving of two per cent in interest in the latter issue.

It is an interesting fact to know that the assessed valuation of the city of Lewiston is \$2,556,421.

The outstanding bonds are as follows:

- Waterworks (purchase), \$80,000.
 - Fifth street grade, \$10,000.
 - Waterworks additional, \$60,000.
 - Present issue, if approved, \$80,000.
- The present issue will not bring the bonded indebtedness up to the limit prescribed in the charter.

BATTLE WITH BANDITS SURROUNDED WITH POSSE

(Continued from page 1.)

to rush into the retreat at dawn. Detective Sergeant Driscoll stepped up on the bank gazing into a revolver whose cartridges tore through the arm of the officer. He started to shoot, but fell with another bullet through his head. Sergeant Zimmer ran to assist his brother officer, but fell probably mortally wounded through the abdomen.

The three men Vandine, Wiedemeyer and Roski rushed out and charged through the posse and gained the railway track. Vandine who is the leader of the band and a deadly shot coolly covering them retreated. Up till this time it has been believed that Roski was under arrest as a man answering his description was taken custody at Hammond.

The men ran down the track and reached Tollester where a Fort Wayne engine was standing with steam up in charge of a fireman, Brakeman Geo. Savio who attempted to prevent the bandits boarding the engine was shot and killed.

The bandits then levelled their magazine revolvers at the fireman's head and compelled him to pull out to Liverpool. When the special train with police arrived at Millers and went on a dog trot to the scene of battle they were apprised that the quarry had escaped. They divided into squads of five each and went out in all directions to overtake the murderers.

Vandine's Nerve
 Vandine's coolness is shown from the fact that for fully a quarter of a mile in the open, he covered his companions retreat running backwards and firing rapidly and deliberately. Mared in jail here says it is all inspired by dime

FOR THANKSGIVING TIME A NEW PIANO

From EILERS' Piano House CHICKERING, WEBER, KIMBALL, HAZELTON, HOBART, M'CABE, VOSE & SONS, HALLET & DAVIS, LESTER, etc.

Our stock at this time is replete with choice values in high grade pianos. A more complete assortment has never been shown in Lewiston.

As Thanksgiving time approaches what would be nicer than to add to the comforts of your home a fine new piano? And in considering this piano question remember that Eilers Piano House is the only piano house in Lewiston which buys and ships pianos from the factory only by the car load; that the volume of business done by Eilers Piano House largely exceeds that of all other Lewiston dealers combined; that by reason of these facts, together with an ample capital and economical business methods generally, we are in a position to sell you an instrument at from \$75 to \$125 less than is asked by the small dealer.

If at all interested a visit of inspection will be most convincing, while a purchase from us insures you the most liberal terms, abundant courtesy, fair treatment; in fact, perfect happiness with the piano.

Old instruments taken in exchange at fair values.
