A General Banking and Collection business transacted. Interest paid on time deposits.

Every accommodation extended, consistent with Sound Banking business.

A portion of your business respectfully solicited.

G. C. BAKER, President.

Will Lay the Corner Stone of Sugar Factory

BIG DAY AT IDAHO FALLS.

W. E. Borah Orator-Excursions From All Over the State.

(Special to TETON PEAK.)

Idaho Falls, April 9.—Arrangements are being made here for laying the corner stone of the sugar factory, Tuesday, April 14. W. E. Borah will be the orator of the day. Excursion rates of one-half fare have been arranged for over the Short Line, good returning on Wednesday, April 15.

Purchases Silver.

The secretary of the treasury has purchased 250,000 ounces of silver at 49 1/10 cents an ounce, delivered free at the Philadelphia mint. This purchase was made on account of the Philippine coinage act.

Drowned.

American Falls, April 8.—Adolph Michael, a bridgeman, working on a false span of the Short Line bridge over the Snake, fell backward off the bottom span into the river this morning at 11 o'clock and was drowned before help arrived. He came from Montpelier and had been here but two days. Deceased was about 39 years old. Parties are searching for the body.

A Mine of Alum.

Will Warner came in from Ulysses Monday, where he has been working all winter. He brought with him a large piece of natural alum, which comes from a place near Eagle rock, opposite Fourth of July creek. Theo. Gautier called his attention to it, having a large quantity of it at the way-station. Mr. Gautier says the deposit is under a spring of water, and that there is more than a wagon load in sight. It is pure white and is evidently an almost pure type of hydrous sulphate of aluminum, which is the alum of commerce. As a commercial factor, the value of the find is not yet determined.—Lemhi Herald.

Fraternal Brotherhood.

A lodge of the Fraternal Brotherhood is soon to be organized in St. Anthony. The charter membership so far comprises the best business and social elements of the community, and if the progress of the lodge here is to be governed by the material it contains, the success of this branch of the Fraternal Brotherhood is assured.

The order has been in existence nearly eight years, and boasts a membership of about 24,000. It possesses superior merits as an insurance in case of death, old age, disability and accident. Mutual improvement to the members of the order, and protection to the members themselves, as well as to the dependent ones in case of death, are the objects of the order, and especial care is taken to foster that spirit of fraternity which is a vital principle in all organizations of a like character. The order insures to the extent of \$3,000.00, and in case of old age or permanent disability, the policy becomes paid up and the full amount of the certificate is paid to the member in ten equal annual installments. The policy carries an additional benefit of \$5.00 per week for each thousand dollars of insurance, which is paid to the member in case of accident during a period of twelve weeks for any one accident. The order is founded upon the most modern and scientific basis that governs fraternal insurance and is subject to government supervision. The contract it offers is equitable and reasonable and one which commends itself to the judgment of any thoughtful person, furnishing safe insurance at a minimum cost. It admits ladies and gentlemen upon the same basis, which principle renders it attractive from a social standpoint.

Idaho Falls lodge was organized on the 7th of March last, and now has a membership of seventy-eight which is rapidly increasing.

The lodge here will begin under the most favorable auspices.

Assessment Notice.

Farmers' Friend Canal Co., Wilford, Fremont Co., Idaho, April 7, 1903.

Notice is hereby given that at a meeting of the directors held on Tuesday, April 7, 1903, a labor assessment was levied on the unsubscribed stock of \$2 per share, payable along the line of said company's canal under the direction of the superintendent. Said assessment will be due on and after April 23, 1903, and unless paid on or before May 2, 1903, will be delinquent and advertised for sale according to law.

I. F. Houshton, Secy.

Watson & Moore have been adding some new fixtures to their soda fountain, including a hydraulic gas generator.

A conjoint session of the Young Men's and Young Ladies' Mutual Improvement Association of the Latter Day Saints church will be held on Sunday evening next at 7 o'clock. An excellent program. The public invited.

Republicans Win Election.

Will Have Four Out of Five Members of the Village Board.

The election in St. Anthony on Tuesday was the quietest in its history. Only 218 voters were registered, barely one-half of the number entitled, and of that number but 167 were polled. There were two tickets in the field, the republicans and the citizens. The republicans elected four out of five, the vote being as follows:

W. W. Youmans, R	111
B. C. Bowers, R	101
W. D. Yager, R	140
Geo. B. Runsey, R	72
J. L. Pratt, R	87
C. D. Stevens, C	75
John Eblevins, C	72
M. E. Jamison, C	95
E. M. Holden, C	64

Another Idaho Bank.

Washington, D. C., March 30.—The comptroller of the currency has authorized the First National Bank of Nez Perces, Idaho, to begin business with a capital of \$25,000. The Hanover National bank of New York has been approved as a reserve agent for the First National bank of Nez Perces.

President Roosevelt in Yellowstone Park.

President Roosevelt, accompanied by John Burroughs and a detachment of cavalry, entered Yellowstone Park yesterday afternoon for what he hopes to be two weeks of rest. The remainder of the party will live on the train at Cinnabar.

Idaho State Funds.

Boise, Ida., March 26.—The board of deposits created by act of the legislature, held its first meeting today. The board is to indicate the banks in which the state funds are to be deposited. Today the board did nothing more than arrange for notifying the bankers of the state that the board was ready to receive bids for the money.

It is announced that a sharp legal battle will be fought over this law, it having been given out by friends of State Treasurer Coffin that he will contest it to the bitter end. Heretofore the treasurer has placed the funds where he pleased. The new law provides that the state shall receive all interest.

State Land Can be Leased for Grazing.

The state of Idaho owns a vast amount of land suitable only for grazing purposes and the state land department wishes ranchers and stock men to know that all unoccupied school and special grant lands may be leased. The public is interested in having its possessions become as remunerative as possible, as the rental money is apportioned semi-annually among the schools of the state.

In almost every locality in the state are school sections or other state lands that can be rented at from 10 to 25 cents per acre. Under the law one person cannot lease more than 640 acres. A lease may be taken up for any number of years up to five, and improvements may be removed or sold to a successor at its expiration.

Applications to lease are made to the treasurer of the county in which the land is located.

Rental is paid annually in advance by cash or by note with two approved signers.

Further information and copies of the state land laws may be obtained of the secretary of the state land board.

Governor Invited.

Governor Morrison is in receipt of an invitation from the secretary of the Lewis and Clark exposition in Portland, Ore., requesting his presence in the Oregon metropolis on Thursday, May 21, when the corner stone of the Lewis and Clark monument will be laid.

President Roosevelt will be in Portland on that date and will assist in the ceremony.

On the four sides of the monument will be tablets representing the states of Oregon, Washington, Idaho and Montana, which were traversed by the Lewis and Clark party on its famous exploration trip in 1805.

The granite from which the monument is to be constructed will be gathered, as nearly as possible, from along the route followed by the explorers.

The day will be a public holiday in Oregon and the ceremony will, it is expected, draw the largest crowd ever assembled in Portland.

Marysville.

Marysville, April 6.—The past week has been one of changeable weather or two days of pleasant spring and the last part one of snow and blizzards.

Hay is getting rather scarce although there is enough to pull through with unless spring holds off longer than is expected.

There is quite a little excitement concerning the railroad coming here or at least the talk of it, also of the mines. Your correspondent had a talk with Mr. Higby, an old prospector who has seen the rock taken from the tunnel four miles north of Marysville, and he declares that it is as good as he has ever seen, far better than he saw in the Teton prospects and he says there are thousands of tons in sight only needing the capital to develop it.

Bishop J. H. Wilson and John Hendricks have returned from Rexburg, where they have been perfecting the organization of a power company to work the falls on Snake river. We may have electric lights in the near future.

Miss Carrie Reynolds is down with smallpox. Mr. Looslie, the marshal, has her isolated from the rest and is watching the case very closely.

The boys brought from Rexburg are doing very well and will be out in a few days.

Will Hobson has his house completed and has moved into it.

Mrs. Harris, or more familiarly known as Aunt Lite, has gone to spend a short time with friends and relatives at Zion.

Mr. McHarris went to Wilford the other day and bought a fine team from Mart Bigler. He expects to do something this summer if the road comes this way.

A little misunderstanding between Mr. Newbold and Walter Humphries came near causing an arrest. The trouble grew from a borrowed horse which Newbold traded off, but with the consent of Humphries to do so. It was finally settled all o. k.

Uncle Sam Taylor is now able to get around again after so long a sick spell, but Aunt Taylor is now confined to her bed with an attack of the grip.

The heavy thundering and lightning of last Monday gave some of our people quite a shock. Mrs. Hannah Wood was tending to the fire when she was shocked and dropped the stove lifter with a scream. Her arm was turned quite black as if badly burned. Mr. Harris and Herman Johnson were similarly affected. It was the worst thunder storm ever seen here in the early spring.

Our day school is taxed to its fullest capacity and the trustees are looking around for another building and also a teacher, so they can accommodate all the students as there are too many for the two teachers already at work here.

Our students, Joseph and Ulettus Whittle and Burt Browder, have returned from school at Rexburg. Joe Lambourn and Frank Hardy returned some time ago.

Miss Alice Wood came up from St. Anthony recently but expects to return in the near future.

LATER—Miss Elsie Hawks has been engaged to teach a primary school in Sern Miller's house for a three months' term. Who says Marysville is not growing when it takes four schools to accommodate her best crop?

CANYON CREEK ROAD HOUSE.

WILSON HARRIS Prop.

Meats at all hours day or night.

Good beds. Good Stabling.

Election Returns.

In Pocatello the republicans elected the mayor but the democrats captured everything else in sight.

The republicans won everything at Idaho Falls, there being but two tickets in the field, republican and socialist, the democrats failing to file their ticket with the city clerk in time.

At Montpelier ex-Congressman Thos. L. Glenn was elected mayor. Glenn headed the taxpayers' ticket.

At Mountain Home the citizens won over the law and order ticket.

At Weiser, Payette, Mackay, Idaho City, Shoshone and Placerville there was only one ticket in the field and interest was very light in the election.

At Caldwell the municipal improvement ticket won from the citizens. A. K. Steunenberg was elected mayor.

At Emmett the citizens' progressive ticket decisively defeated the people's independent.

The citizens' ticket was successful throughout at Nampa.

The citizens' & non-partisan ticket won at Rexburg, Henry Flamm being elected mayor.

Treasurer's Report.

St. Anthony, Ida., April 4, 1903.

Victor Heister.

I have the honor of reporting to you the following receipts and disbursements for the month of March, 1903.

LEE S. BORNHORS,
County Treasurer.

Notice of Execution—Constable Sale.

State of Idaho,
County of Fremont,
vs.
Geo. C. Porter & Co.,
Defendants.

Notice of Execution.

Out of an order issued to me by the Justice Court of this precinct, Fremont county, state of Idaho; on a judgment given against Geo. C. Porter & Co., defendants, on the 23rd day of February, 1903, for one hundred and three dollars and two cents (\$103.02) and costs of suit with interest at 7 per cent per annum; said judgment was rendered in favor of Logan Roseborough, plaintiff; I will offer and sell to the highest bidder for cash in hand in lawful money of the United States, the following property to-wit: About 25 tons of baled hay and two sorrel horses, harness, one bay horse and his mate (one bay mare) and their harness and two sleds, at the saw mill at Island Park, Fremont Co., Idaho, belonging to said Geo. C. Porter & Co., sale to commence at one o'clock p. m., on the 24th day of April, 1903.

Dated this 8th day of April, 1903.
Edgar Roseborough, Constable
