J. A. NOGGLE, of Soldier, Idaho, is here endeavoring to organize a stock company for the purpose of putting in a 70 barrel flouring mill at this point. Mr. Noggle is the owner of a 65 barrel mill at Soldier, and is a thorough mill man in every respect and is well qualified to build up and conduct a successful business at this point if the people of St. Anthony and the surrounding country desire to take advantage of this opportunity. Mr. Noggle informed a PEAK representative yesterday that the prospects for organizing the company and raising the necessary means looked very favorable to him. This is one of the many opportunities that has come to St. Anthony in the last three years and if the business men and farmers of this section ever expect to obtain a flour mill, they must necessarily lend some assistance and cooperation. We need not expect that anyone will thrust an enterprise of this kind upon us, neither will outside capital be invested here in spite of hold-up prices on mill sites and rights of way for canals, etc., as past experience proves. If a flouring mill is a good thing for this place, then our citizens should encourage its location here by seeing that a fair opportunity in the way of a desirable location and rights of way for canals, at reasonable prices, is tendered the parties who are willing to invest their capital for the good and upbuilding of the community, and, furthermore we should show our faith in our own town to the extent of taking as many shares of the capital stock as each for himself feels able to take. If this is a good place for a flouring mill, we must still bear in mind that natural advantages alone do not make a prosperous, flourishing community, but the natural advantages must be complemented by the united efforts of an energetic people, working in harmony for the good of the whole community. We have been taught by precept and by experience that "the Gods help those who help themselves," and if St. Anthony ever expects to bask in the sunshine of the Divine smile, now is the time for a united effort to help ourselves. If you cannot help this very laudable enterprise, for heaven's sake and for the sake of the community in which you live and the people off whom you make your living, don't run the price of your lots up to \$1,000 per front foot (if you happen to be one of those who were lucky enough to drift in here when lots could be bought for about one dollar each) and then hang around like a Chinese boxer with a knife up your sleeve for the "foreign devils." Let us get together, by all means, and not only make it possible, but invitingly pleasant for this proposed enterprise, and the PEAK will guarantee that within a year from now we will all be willing to pat ourselves on the back and quietly and modestly admit that "we did it."

**Ordinance No. 85.**  
An ordinance providing for the licensing of Village Scavengers and fixing the amount thereof; and the maximum charge for such work.  
Be it ordained by the Chairman and Board of Trustees of the village of St. Anthony,  
Section 1. That there is hereby levied, and there shall be collected as other village licenses are collected, a license tax of \$5.00 per quarter, from all persons following the vocation of scavengers within the village of St. Anthony.  
Section 2. That in the cleaning and removal of the offal from all privies or closets, the maximum charge shall be \$2.00 for a single box, and \$3.00 for a double box.  
Section 3. That any person who shall follow the vocation of scavenger, within the limits of the village of St. Anthony, without first procuring a license from the Village Clerk, shall be deemed guilty of a misdemeanor, and fined in any sum not less than ten nor more than twenty-five dollars for each offense, recoverable with costs, together with judgment of imprisonment at the rate of \$1.50 per day until the amount of such judgment and costs shall be paid; and any scavenger who shall charge more than the maximum price herein set forth, shall be deemed guilty of a misdemeanor, and subjected to the same penalty above set forth.  
Passed and approved this 12th day of May, 1903.  
Attest: M. E. JAMISON,  
CHAS. C. BOWERMAN, Chairman,  
Clerk.

**Take Notice.**  
That the stock of the Fremont County Oil, Gas & Coal Company, Limited, now on the market for 10c per share, after June 1st, 1903, will be sold for 20c. Operations will actively begin June 1, 1903.  
All persons desiring to buy stock, can secure the same by calling in person or by sending check to the office of the company in King & Millsaps' law office, Ross-Hamer building, St. Anthony, Idaho, or at the office of Probate Judge John Donaldson, in the court house. Business promptly attended to, and stock forwarded at once upon receipt of money or check.  
W. E. McDonald, President.

**The Wastes of the Body.**  
Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease sets up. Kodal Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by Watson & Moore.

**Notice for Bids.**  
Notice is hereby given that sealed bids will be received for the construction of certain sidewalks in the Village of St. Anthony, by the clerk of the Village Board. Said bids to be by the foot, said sidewalks to be 4 feet 3 inches in width, 3 stringers 2x6 plan, to be of No. 1 one inch lumber to be used, all boards to be nailed with two ten d. nails to the stringer. The right is reserved to be by the 12th day of June. All bids must be rejected any and all bids. Bids will be received by the undersigned at the First National bank.  
C. C. BOWERMAN, Village Clerk.

WOOL sales in Idaho have been very active the past week. Representatives of the leading eastern wool buyers have been in Weiser the past two weeks, and there has been a great hustling among them to see who could get the largest portion of the clip. Joe Streng, representing Eisemann Bros. of Boston, appears to have been the most successful. He secured 1,250,000 pounds for his firm. The ruling price was 13 cents, although some sales are reported to have been made at 14 cents. The wool clip of Washington county, it is estimated, will make nearly 3,000,000 pounds. Sales so far will make nearly 2,000,000 pounds.

IT SEEMS to be quite fashionable these days for governors who are attorneys to follow the pursuits of their profession. Gov. Chamberlain of Oregon and other western governors are using this method of making a little money on the side. Gov. Morrison of Idaho, has recently formed a partnership with Jos. T. Pense for the purpose of practicing law in Boise. With the influence of his official position in his favor, His Excellency should have considerable influence with His Honor, the judge, and the very presence of "Dread Majesty" would no doubt have a hypnotic influence on the average juror. However, it is well enough for governors to keep in touch with some method of making a living as a private citizen, for they are invariably sent back to private life at the expiration of their term of office, the good that they have done being straightway forgotten and their sins becoming a part of the history of their state. Why don't Mr. Carnegie build a home for ex-governors and quit "foolin'" away his money on libraries?
