MARYSVILLE.

The past week has been quite unangry with some slight frost, but no damage has been done to growing crops.

Cole Gunter came home from Idaho Falls used up by being cut and beaten by parties down there, but he is getting along very well under the skillful treatment of Dr. Young.

Mr. J. T. Robertson of Plano, spent several days looking over the country here this week, and was quite taken up with it. He expects to purchase a farm hereabouts.

Mrs. G. H. Ajrhart came up Sunday to see her brother, Alma Woods, and was very pleased to see him doing so well after such a severe operation. Alma is getting along very well at his time and will soon be able to get up and will be able to get out on crutches in a few days if all goes well.

Mr. Thomas Gooch J. G. Harris, V. Saulsbery, Alice H. Wood, visited St. Anthony as delegates to the Democratic County convention, last Saturday, and returned in the evening.

John Lutz was down from his ranch Saturday. John is one of the staunch men of the Green Timber Canal Co., as is also Mr. Perry Grube. Perry, so report says, will soon be making a visit to the clerk's office, and will furnish a job for Judge Wood.

Messrs. Britton Oberem shipped in four loads of machinery the past week to sell to our farmers.

The water has been turned in both of the canals here and the farmers are jubilant.

There is a project on foot to furnish water for the town. Your correspondent thinks that some of the vacant lots or blocks could be sold and help purchase water for the benefit of the village.

Lundy Looslie has moved up to his farm and expects to remain on his farm indefinitely. While there he will fence and improve his place and do farming generally.

Abe Hillam expects to move up to his Green Timber property and put in a crop this year.

The Marysville Republican traces our table every week and we read with pleasure the news of our little City of the Pins.

TWIN GROVES.

Mrs. Barlow died on May 21 at the home of her daughter, Mrs. Wilson, after a lingering illness. She had passed her seventy-seventh year, and had been bedfast for several months being unable to turn in her bed without assistance. The care of Mrs. Barlow fell upon Mrs. Wilson and her daughters and the task was a very great one indeed. Mrs. Wilson has received an internal injury from the strain of lifting her invalid mother and is very ill from the effect. She has the sympathy of all her neighbors and we sincerely hope she may soon recover from the injury which was brought on through the loving care which she gave her aged mother. The deceased was interred in the Wilford cemetery May 24. Our deepest sympathy is extended to the Wilson family. While old age may have been the cause of death, yet life with all its cares has its desirable features, and death is always undesirable.

Mary V. Davis from Cache Valley is here visiting her sister, Mrs. W. S. Stalker and is calling on other acquaintances during her short stay.

Mrs. Davis was here several years ago and taught school in the East Wilford district, and her friends are not few. She will visit Mr. and Mrs. C. C. Moore of St.

Anthony before returning to her home. She is much surprised at the great improvement in St. Anthony its surrounding country.

MARKET LAKE.

The names of the graduates are: May Larsson, Alice Ledvina, Frank Eichinger, Clara Stuck and Nicholas Burggraf. Their essays were carefully prepared and well delivered. They are an exceptionally bright class and expect to take up college work in Logan or Salt Lake next year. The house was filled and many stood in the hall. All expressed themselves as well pleased with the entertainment and exercises, and appreciated the efforts of the teachers, Miss Ryan and Miss Burggraf, and the pupils to entertain the patrons of the school.

Yellowstone National Park will be open to the public from June 1st to October 1st. The Oregon Short Line will put on a new train about June 5th to accommodate the tourists who go in via Monida and Yellowstone Stage Line. Several hundred tickets are already sold. The train will be left on during the Park season and possibly longer. It will be a great convenience to the traveling public and the people living along the line between Idaho Falls and Butte. The new timetable will be about the same as it was when four passenger trains a day ran between Butte and Pocatello.

Miss Sadie Ryan who has been principal of the Market Lake school for two years, will leave for St. Louis in a few days to attend the annual convention of the National Educational Association of the World's Fair.

Eighth Grade graduating exercises were held in the school house at Market Lake Monday evening May 23. The platform was beautifully decorated with flowers and lights and streamers of blue and white crepe paper. The class colors were blue and white. Their motto "Do Wrong to None." Mr. Fred Vystrichil, Miss Minnie Patrie and Miss Hilda Larson furnished the music which was pronounced excellent and was thoroughly enjoyed by all. The smaller children rendered recitations and dialogues creditably.

Mrs. Grace Milliman Taylor, our county superintendent of schools, presented the diplomas with a scholarly address to the graduating class and to the patrons of the school.

PARKER NOTES.

Born—To the wife of J. T. B. Mason, a daughter, on the 23rd ulto., at 1 o'clock a. m., and also another to the wife of Cecil Mason, at 6 o'clock a. m. of the same date. All doing well.

On the 24th ulto., Mr. J. B. Rhodes, the man who runs the saw at the sugar works, got his arm caught in the saw and had the fleshy part of the arm badly cut. He was taken to Dr. Harshbarger at St. Anthony, who took fifteen stitches to mend it.

Born to the wife of J. J. Remington, on the 29th, a son. All concerned doing finely.

The fellow from Parker that got shot in the leg at St. Anthony last week, is getting better. When bad men and bad whisky and six shooters get together, some one is liable to get hurt. The people of Parker have no sympathy for that class of mankind.

Mr. James Eardley of St. George, Utah, is here visiting his daughter, Mrs. J. H. Mason. The old gentleman is over 75 years old and is as spry as many at 60.

Decoration Day was fittingly observed here. There was a large turnout of the people and memorial services were held in the cemetery grounds for the first time. Short speeches were made by Elders J. T. Workman and F. H. Mason. The feeling among those present was that they were glad that this had been begun and hoped that it would be kept up.

Licensed to Wed.

Clerk Hegsted yesterday issued marriage licenses to the following persons:

Joseph R. Thompson age 26 and Miss Nancy V. Gunter age 22, both of Marysville.

Chas. W. Hedrick age 29 and Miss Rillia Hill age 19, both of Uinta county, Wyo.

FROM THE BEET FIELDS

Supt. Gardner Says Utah and Idaho Will Have a Great Crop.

J. H. Gardner, general superintendent of the Utah Sugar company, the Idaho Sugar company, and the Fremont County Sugar company, reached Salt Lake city last Saturday morning after an extended tour of inspection over the beet fields and the factories of the various concerns. He says the crops will be unparalleled around the Lemhi factory, and the pumping station between Spanish Fork and Payson will bring a heavy increase in acreage. In Garland there will be an increase of one thousand acres over last year, and the crop is generally in fine condition. Mr. Gardner is especially enthusiastic over the outlook around the two Idaho factories, and says the farmers up that way have handled their crops in a beautiful fashion. The condition of the land, the straight rows, etc., even surpass the work of farmers who have been planting from ten to fifteen years. At Parker on the Egin Bench, where the pumping station of the Fremont county factory is now going up, he says the land is ideal. In fact, he never saw such a perfect farming country in all his experience as is found thereabouts. The farmers are all elated over the outlook, especially over the plentiful supply of labor, which is decided contrast to last year. The Fremont factory is being rushed; iron, steel and brick are on the ground, and there is no doubt that it will be ready for operation early in September.

At the Sugar City townsite near the Fremont factory site, the new city is growing as if by magic. Dwellings are springing up everywhere and the new business block built by the company is now being plastered. He thinks without doubt that Sugar City is the coming center of activity in that section. —Deseret News.

Probate Court Notes.

John Jackle was up before Judge Donaldson this week on the charge of taking a horse out of another party's stable which he had sold, and taken a note in payment. Jackle had been informed that he had disposed of his horse too cheap and to go and take the animal back. Upon doing so he was arrested. Jackle was discharged upon the delivery of the horse to the purchaser.

Maupin-Johnson Nupial.

On last Friday afternoon at 3:30 o'clock at the home of Mr. and Mrs. L. C. Rice of this city, occurred the nuptial ceremony which united for life Mr. William Maupin and Miss Emma Johnson, both of East Wilford. Rev. Denton of the Presbyterian church officiating. The Peak joins with the friends of the happy couple in wishing them a safe and prosperous journey through life.

A reception was given the newly wedded pair at the home of the bride's parents at Wilford, in the evening. The close friends and relatives only were present.

THAT REPUBLICAN NEWSPAPER.

Shoshone, May 24, Editor Teton Peak:—

An editorial in the daily "Statesman" of May 20, referring to the action of the State Central Committee, at its recent meeting at Pocatello, relative to establishing a newspaper which should be a reliable advocate, at all times, of Republican principles, and in harmony with the party organization in this state, leaves it to be inferred, if it is not expressly stated, that an "organ" of the party is proposed to be established, which shall be run under the direction of the State Central Committee and receive the state patronage.

I deem it my duty, as Chairman of the State Central Committee and speaking for the Committee, to say that Hno such proposition was entertained by the committee as the one suggested in the "Statesman's" editorial, nor is such a plan in contemplation. The facts are, that, result of discussion said meeting, a special committee was appointed for the purpose of having under consideration a proposition to start a newspaper, the same to be established and maintained purely an a private business enterprise, and not under the patronage or control, to any extent, of the State Central Committee. At the morning session of the committee it was agreed that the committeeman from each county should, before the meeting in the afternoon, advise with the delegation from his county then in attendance on the state convention at Pocatello, as to the expediency of establishing a newspaper, and each member of the committee presne; at the afternoon session thereof, reported that the sentiment of such delegaets, as he found it, was in favor of encouraging the establishment of a newspaper as proposed, and this sentiment expressed in the committee met with the unanimous approval of the members present.

I deem this explanation to be due to the Republican newspapers in the state which contributed so largely to the splendid results of the last election, for which service the party is still debtor to them, and I refer you to the representative from your county on the State Central Committee as to the truthfulness of the statement herein contained.

The special committee referred to consists of Hon. R. H. Davis, of the Caldwell Tribune, Chairman, Hon. W. E. Borah, G. W. Thompson, of Lewiston, and ex-officio, the undersigned, Chairman of the State Central Committee.

Cordially,
F. R. Gooding.

Fremont Democratic Convention.

The Democrats of Fremont county held their county convention at St. Anthony last Saturday, to elect delegates to the state convention at Weiser. There was a very small attendance at the convention, but there was quite a bit of enthusiasm displayed by those who attended.

They did not endorse Fred T. Dubois' anti-Mormon campaign and gave the Democratic Senator from Idaho a back-handed swipe in the face.

The delegates elected to the Weiser convention were: A. D. Miller, Jr., David Saunders, H. A. Grover, H. D. Flamm, Thomas E. Basset, T. E. Ricks, D. C. Driggs, W. I. Norton, Geo. E. Hill, Jr., Geo. D. Cannon, A. M. Carter, M. J. Kerr, W. J. Salisbury, C. W. Poole, Chas. H. Woodmansee, T. J. Brandon and E. M. Holden.

POULTRY AT WORLD'S FAIR

Ten Thousand Birds Expected at the Show Next Fall.

St. Louis, May 31.—The Committee of the American Poultry Association appointed to look after the receiving, cooping, feed, exhibition and return of the ten thousand birds expected at the Universal Exposition next fall report satisfactory progress. The gentlemen composing the committee are noed for their patriotic devotion to the best interests of the poultry industry and can be depended upon to wisely and economically discharge the duties assigned them.

The following copy of a recent letter sent by the Committee to the secretary of the Live Stock Department of the Universal Exposition will be read with interest by prospective exhibitors of poultry at the World's Fair.

St. Louis May 15, Col. Charles F. Mills,

Sec. Live Stock Dept.

Dear Sir: I have the honor to report that the Committee appointed by the American Poultry Association to assist the Universal Exposition of 1904 in receiving, cooping, exhibiting and returning the Poultry, Pigeons and Pet Stock has been actively at work perfecting arrangements for the duties assigned and can report very satisfactory progress.

The prospects are encouraging for the early completion of very advantageous arrangements with Spratt's Patent of New York for the cooping of the World's Fair exhibits, of Poultry, Pigeons and Pet Stock. The committee, in figuring on the number of cages that may be required, has arranged to have a sufficient number on hand to meet every possible contingency. The committee has received such unanimous assurance of hearty and cordial support from prospective exhibitors as to leave no room for doubt as to the great extent and high character of the show of poultry, pigeons and pet stock that may be expected at the World's Fair.

If every cage and coop contracted for is taken up by exhibitors, it is likely that when all expenses are paid and a reasonable allowance made to the Committee for services a surplus will remain, and this Committee hereby recommends that such surplus be distributed pro rata as additional premium money for poultry, pigeons and pet stock.

Our committee further suggests that this announcement be published in the final Prize-list of the Live Stock Department.

Very respectfully,
Henry Steinmesch,
Chairman.
T. F. McGrew,
U. R. Fishel.

Pleasant Surprise.

The girls of the 8th grade gave a very pleasant surprise party for Miss Oathout, at the home of Miss Ruth Drollinger last Monday afternoon. As a token of their love and esteem they presented to Miss Oathout a pair of beautiful vases. Dainty refreshments were served by Miss Drollinger and a thoroughly enjoyable time was had, after which the party adjourned to the ball game where of course the good time was continued. Those present were Misses Oathout, Drollinger, Lillian Fryer, Beulah Brainard, Loula Lewis, Grace Williams, Maggie Costley and Birdie Whittington.

RESOLUTIONS.

Whereas, the All Wise Creator has seen fit to call from our midst our beloved brother, M. E. Jamison, and while realizing the irreparable loss of one of our most faithful and true members, we are also reminded that the Scythe is the universal Emblem of Time, and that all must finally yield in submission to the Divine will.

Resolved, that our heartfelt sympathies be extended to the bereaved widow and other members of the family; that a copy of these resolutions be forwarded them; also to each of our local papers, and that they also be spread upon the records of Fremont Lodge, No. 66, I. O. O. F.

Committee, H. G. Fuller, E. M. Holden, D. L. Blevins.

Take Notice!

We will start our saw mill at Island Park on June 15th, 1904 and we will want the following help:

- One man to run edger.
 - One man to run truner.
 - One man to run cut off saw.
 - Five common laborers.
- Apply at once at the office of The Snake River Lumber Co. South St. Anthony.
