Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. Sold by all druggists.

Local Happenings.

H. Stotts is brick veneering the Lamborn home on the hill.

See the sign of J. Hendricks in the post office—"Money to Loan".

The new dwelling of Pete Wilson's is nearly completed, as is also that of Herman Johnson's.

Will Hobson returned from Ora this week, where he has been quarrying rock for the Ora reservoir for M. J. Kerr.

O. S. Green is preparing for the erection of a building, either saloon or residence, on the west corner of his lot on Main street.

L. L. Heseman now pumps water from a hole in the ground on his own place, and it is good sparkling water which he is quite proud of.

A slight fall of snow on Friday night made everything look wintery, but the warm sun of the past few days has taken it all away again.

At a special meeting of the village board held last evening, Dr. Young was appointed a member of the board to fill the vacancy caused by the resignation of O. H. Cusick.

Charles Hjort, brother of Mrs. T. Gooch, went to Logan on Monday's train accompanied by a beautiful young lady. They will return shortly as Mr. and Mrs. Hjort.

The city dads are framing an ordinance for the taxing of hotels, livery stables and sale stables. They are acting upon the advise of petition of the residents for them to do so.

Alma Larsen returned to Salem Sunday. He will go to Logan and taken unto himself a wife before returning to assume his duties at the Wilson saw mill. We all wish him every joy in life.

Will Price has negotiated for a lot in the center of town. Good! It begins to look as though there was going to be a Mrs. Price soon. We would suggest to the single fellows: "Go thou and do likewise."

Pete Wilson has withdrawn his offer to furnish paint for a bridge across Snake River at the Wilson ford as he is unable to get a location for his saw mill caused by the Fogg people gobbling onto everything in sight.

J. G. Wood returned Monday from a visit to Sugar City. He says that everything is turning into sugar there. He availed himself of the opportunity of going through the factory. While on the trip he sold a load of onions for Mr. Barker.

Charles McOmber, the little boy who was kicked by a horse a short time ago is improving very nicely, and hopes are entertained that he will soon be able to be around again. Dr. Young has been attending him and if no complications set in the chances are good for his recovery.

Why do not our people take the matter in hand and if possible secure the timber for our buildings.

Each resident is allowed \$50 worth of stumpage and get one of these mills or another over the river and thus open up that side of the river by a good bridge across the Snake. If this is let drop through it may be some years before we can secure a bridge at this point. We think this matter should be seen into as Mr. Wilson is a resident of Marysville now and would be able to help build up the town by his mill being placed across the river.

FARNUM.

There have been a number of parties in the neighborhood lately which were greatly enjoyed.

We understand that the Newby boys and their families have gone to Sugar City to stay some time.

Philip Ferrin and family have gone to Utah for the winter.

While bringing a load of lumber home, William Van Sickle was kicked by a horse and had his leg broken. He is making good progress now.

Mr. Higginbotham has moved his family to Utah where he expects to have his old position for the winter.

Mr. Strong and family and Mr. Geo. Oberhausli and family have moved to St. Anthony to spend the winter months.

Joe Rankin has gone to Salt Lake City where he expects to stay for a few months.

Hydn Rankin has gone to the southern part of the state to work.

Election passed off very quietly. Not a very large number of our end of the precinct voted for the distance was too great. It is not fair that we should all have to go to Squirrel to vote every election, and we feel aggrieved because we were not given a voting precinct of our own this year.

N. C. Hanson has gone to Idaho Falls to work.

TWIN GROVES.

Last week Rasmus Micleson went to the timber for a load of fire-wood and while loading he undertook to handle a stick that was too heavy for him and when he got it up to where a stick is always heaviest he fell to the ground perhaps from the strain and was unconscious for a considerable length of time. His companions did all in their power under the circumstances to restore consciousness, but before he recovered they feared he had breathed his last. Mr. Micleson is recovering but has not entirely as yet.

F. Fahrem was down from Farnum last week with several head of horses which he wanted to have kept over winter. Mr. Fahrem has more horses than hay.

Wm. Edgington and family have moved back to their home from the Snake River Lumber company's saw mill at Island Park, where they have been all summer keeping the boarding house for the mill men. On their arrival they discovered that their oldest child, a boy about five years of age, was coming down with typhoid fever. He is getting along as well as could be expected.

INDEPENDENCE.

Nov. 23.—Election here passed quietly and pleasantly. Everyone nearly voted the Republican ticket.

This part of Independence, Burton district, has a good school now. We have two teachers, Mr. Fred Scow, principal and Mr. Burnham, assistant. The other part of the district, Independence proper, is having erected a new school house and their school has not yet begun.

On the 15th inst. Mr. A. B. Porter of this place, died suddenly of bronchial-pneumonia. The funeral services were held at the Burton meeting house. The deceased leaves a wife and mother and a large family of children, besides a host of loving relatives and friends to mourn his demise.

On the 17th inst., at one of the Salt Lake hospitals, Mr. Peter McGeary died from disease of the stomach. Mr. McGeary was one of the pioneers of the county, a model citizen and his life was a shining light to those who knew him. The remains were sent to Rexburg where the last sad rites were held in Woodvine's hall, on the 19th. He leaves many relatives and friends who will greatly miss him.

Miss Emma Priest, who has been going to school at Shelly, returned home last Friday. She has been quite ill, but we are pleased to say that she is on the improve at present.

Miss Sophia Dudley has changed her name and become Mrs. Geo. Corey. They gave a select wedding party on Friday night in the Union school house.

The friends of Mrs. P. N. Anderson are pleased to see her out again, after quite a lengthy and severe illness.

Mrs. Nephi Johnson, wife of our well known carpenter, died last Tuesday night. She gave birth to a fine boy about two weeks ago. Her death was caused by blood poisoning. She leaves a husband and nine little children besides a host of relatives and friends to mourn her untimely death. It seems all who knew her loved her for the many kind acts during her life. The funeral will take place in the Burton meeting house Friday at 2 o'clock.

Langley Ships Fine Thoroughbreds.

A. C. Langley came down from Squirrel yesterday bringing a car of yearling Durham and Hereford thoroughbreds which were shipped Tuesday to A. Hanauer of Salt Lake, who will send them on to his stock ranch in Nevada. This is certainly a good advertisement for Fremont county stock and especially for the Yellowstone Ranch, of which Mr. Langley is manager. A few years ago Fremont stock men were shipping thoroughbred cattle in from Utah and Nevada, but the tide is now turning and we are producing better grades of cattle than both of those states put together.
