

TWIN GROVES.

Hugh Dowdle has returned home from Cache Valley, where he was called on account of his father's illness. He found that his father was not dying as the message stated, but is suffering most intensely with bright's disease and it is only a matter of time with him.

The beet raisers are making preparations for more acreage and a larger yield for next season. The profit this season though a cold and unfavorable one is very encouraging. The crop here next season will probably be several times greater than that of the past. This means a factory or slicer at St. Anthony in the near future.

K. Rice has erected a new stable for this winter. The zero weather of last week makes us all feel like building warmer outbuildings.

George Ferney has added to his new granary a "lean" for buggy shed. The ladies' "time-of-need" granary near the church is another comparatively late structure.

Sam Smith has returned home from the Hailey country, where he has been all summer working for Mr. Gooding, governor-elect of Idaho. Mr. Smith likes the climate down there, but says the country does not compare with ours in any other particular.

It is much easier for a woman to confide in the average man than in the average woman. She knows that the man will respect her confidences and keep them to himself. He is strong, has more confidence of the world and can help the woman who needs aid. There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the womanly organism. When a woman has ill and pains that she cannot bear - when life seems dark for every woman, she should confide her troubles to a physician of standing in the community, or one who has a national reputation. Certainly it would not be the part of wisdom to confide in an ignorant person without medical education simply because she was a woman. There is every reason why she should write to some great specialist, one who has made the diseases of women a specialty for a third of a century, like Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. All his correspondence is held sacredly confidential, and he gives his advice free and without charge.

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of the Womb, and Leucorrhoea, that, for the most of the worst cases of these distressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$500 in cash for any case of these diseases which he cannot cure.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.
