Sundays—From 12 to 2 P. M.
Money Orders or Registry business transacted on Sunday.
Blackfoot mail closes at 7 1/2 A. M.
Ketchum closes at 7 A. M.
Bullion closes at 1 P. M.
Bates closes at 5 1/2 P. M.

JOTTINGS.

1,000-mile shoes, warranted, at S. J. Friedman's.
See notice of auction sale of Cranston building in another column.
A full line of homeopathic medicines, just received at J. A. Rupert's drug store.
A large pump, hoist and crushing mill has been ordered for the Mianie Moore mine, near Bellevue.

California white wine—a splendid drink in such hot weather as this—at \$1.50 a gallon, at May, Krieg & Co.'s.

If you want to while away an hour comfortably while drinking a glass of good beer, go to George Kohlepp's Hailey Brewery.

Ask any news dealer for a copy of the TIMES map of Wood river. It is the most accurate extant, and only costs 25 cents per copy.

Boots of all descriptions, and of the best material, made to order, cheap for cash, at Bayhouse's, on the east side of Main, between Bullion and Carbonate streets.

The Delta Chop House, under its present management, is open day and night. It is now the equal of any restaurant in Idaho. Meals, and hot and cold lunches, served to order, at all hours.

The TIMES map of the Wood River and Sawtooth Districts shows the distance from Hailey of every town, gulch, ravine, creek, and mountain range. The price is ridiculously low. Only 25 cents.

George E. Ames, an old Comstocker who is connected with the extensive Union Iron Works of San Francisco, is traveling through this section with the view of offering inducements in the way of superior workmanship and material, to intending purchasers of machinery.

It is very wicked to go a-fishing on Sunday, to be sure, but somehow or other those who do go out on that day meet with great success. It seems as if even running streams rested on that day, and as if their currents were less swift. Half a dozen Haileys who fished in Wood River near the foot of Bullion street, last Sunday, brought back with them long strings of fluky captives.

SPECIMENS FOR THE EXPOSITION.

Hints to Mine-Owners—Where to Send Their Specimens.

As the time during which objects intended for exhibition may be forwarded to Denver is very brief, mine-owners are requested to hurry their contributions as much as possible.

Specimens of mines located in the vicinity of Bellevue may be sent to John E. Burch, stage and express agent, Bellevue.

Specimens of mines located in the vicinity of Ketchum may be sent to E. A. Ames, stage and express agent, Ketchum.

Specimens of mines located in the vicinity of Galena, Sawtooth, or Vienna, may be sent to E. B. Shaw, at either place, as that gentleman has charge of the express and stage offices in the three towns named.

No charge is made for forwarding the specimens to Denver. After they are once delivered at any express offices on Wood River or in the Sawtooth range, the mine-owner need not bother about them. They will be well taken care of.

A brief description of the claim whence it comes, the weight of the specimen, the names of the owners, and any other desirable information, should accompany all specimens.

Teachers' Examination.

County School Superintendent Dille and V. S. Anderson, constituting the Board of Examiners, will hold a meeting for the purpose of examining all applicants for certificates permitting the recipients thereof to teach in the public schools of this county, at Probate Judge Dille's office, Wednesday, August 2, 1882, commencing at 9 o'clock in the morning. The examination will be public, and continued from day to day until all applicants shall have been examined.

All persons desiring to teach in the public schools are hereby notified that they may govern themselves accordingly.

Narrow Escape of a Crowded Train.

ACTON JUNCTION, Mass., July 23.—Yesterday afternoon the lightning express from Boston on the Providence road, was thrown on a side-track by a misplaced switch. The train was going at the rate of 55 miles an hour and the cars were turned partially on their sides, and the passengers thrown in a heap in the aisles. Just as the flying train passed the station one of the tilting drawing-room cars struck a baggage-car on the other track, and this alone prevented the train from going completely over and causing a frightful accident, as the cars were crowded. When the cars partially righted the brakes were applied and the train brought to a stand-still. One passenger was seriously injured.

See Half a Cent a Pound.

On and after this date, the Wood River Ice Company will deliver ice at half a cent a pound. Consumers who take over 50 pounds a day will be allowed a liberal discount.

THE BELLEVUE HOMICIDE.

ANOTHER REPORT OF SUNDAY MORNING'S TRAGEDY.

How the Affair is Supposed to Have Occurred—Chiatovich Said to Have Remained with the Dead 45 Minutes before Giving Himself Up—Supposed Cause of the Shooting.

From the Triax's Special Reporter.]
BELLEVUE, July 23.

Early this morning our town was stirred up by the firing of three shots that apparently came from the direction of the rear of the Wine House, owned by Messrs. Chiatovich & Lucich, and run as a first-class saloon. Although several say they heard the shots, it appears that no one went to see what the trouble was, but for what reason I am not prepared to say. Sometime after—say 30 or 45 minutes, Peter Chiatovich, one of the partners, appeared on the street looking for Justice Red-sull, the Sheriff, or some other officer, and on Justice Red-sull going over to the cabin occupied by the partners as an eating and sleeping room, he found Mitchell Lucich lying against the door, which was partly closed, dead. Chiatovich gave himself up, saying he had done the killing, and wished to place himself under the care of an officer, when Constable W. E. Davis appeared on the scene, and took him in charge.

Spiro Gregovich, who was peddling vegetables at the early hour of 5 o'clock, and a countryman and friend of both parties, arrived, and with the help of another friend placed the body of Lucich, the deceased, on a bed in the room, which is only about 12x14 feet.

On examination it was found that the deceased had received two bullet wounds, one entering the right side between the fourth and fifth ribs and lying under the skin in the same location on the left side. The other ball entered an inch or so to the left of the navel, passed below the hip joint, and came out almost six inches from where it entered. The latter wound nipped the intestines somewhat, while the former passed through the lower lobe of the right lung and through the top of the heart to the bottom, cutting completely in two the two ventricles. The third ball missed its mark and went through the bedding and into the floor.

The deceased, when found, had only his shirt and drawers on, and the powder stain was on the shirt near the entrance of the side wound, a powder stain was also on the deceased's left hand, as though he had held of the revolver or else there was a struggle. These few lines are only given from your correspondent's own ideas.

These are the facts from what was seen on the arrival of those first present.

What was at the bottom of the affair is a mystery, and probably always will be, but it is supposed to be about this: The deceased, who, from appearances, was the business man of the firm, desired to contribute a small sum toward the removal of the Postoffice to their immediate neighborhood, next door, and Chiatovich objected to any such subscription. Words are known to have passed between the two several times since, and last evening they were renewed with still more vigor, and what occurred, afterward, so far as your correspondent can learn, I have given above. It is the general supposition among those best posted that the first shot was fired while deceased was asleep, but it missed him, and the report awakened him, when he jumped from the bed received the shot in the left hip; Chiatovich at the same time backing toward the door. And when the last shot was fired the latter was outside and the deceased had hold of the door, when he received the shot through the heart, falling against the door, and thus partly closing it. Chiatovich then attempted to shoot again, but the cap snapped.

If he had desired to escape he could easily have done so, as some \$260 was in the money-drawer, and he was fully half an hour making it known.

Constable Davis immediately summoned a coroner's jury of the following, who met and appointed Dr. Snow to thoroughly investigate the course of the bullets, to whom information in regard to which your correspondent is under thanks, and

the jury adjourned to Monday at 9 a. m. This is the jury: F. V. Allen, S. Teeny, J. B. Parker, C. C. Nichols, W. S. Paulding, John Allen, L. M. Cohn, H. Swanholm and T. H. Young.

The result of the Coroner's inquest was that P. Chiatovich did the killing.

In the testimony before the jury several new facts were brought to light. It was testified that the deceased did all the work about the business, but was the aggressor in quarrels and disputes. Also that the deceased intended to dissolve the partnership about August 1st.

Postmaster Tatro testified to hearing the deceased cry, "Hold on! Hold on!" after which two shots were fired, the first evidently having been fired before he awoke. He slept next door.

Spiro Gregovich testified before the jury to this effect: "Immediately after the shooting I asked Pete who did it. He said, 'I did.' Asked him what for? He said, 'I know.' This is all he would tell me. At another time I asked him his reason, and he said, 'if I hadn't killed him he would have smothered me to death with some kind of a rag saturated with some drug.'"

The room was thoroughly searched for such stuff, but nothing could be found.

Harry Allen testified that Mitchell told him the night before the shooting that he (Mitch.) had closed up quite early an evening or so before, when Chiatovich drew a revolver on him.

It would seem that the result of jury goes to corroborate your correspondent's view of the killing.

The deceased was considered a nice gentlemanly business man by those who knew him, and his sudden taking away has caused a blank in our business community not easily filled. He was a native of the Empire of Austria, State of Dalmatia, county of Bocke di Cattaro, town of Rissano, and aged 32 years.

Chiatovich was lodged in jail, where he will remain until some legal action is taken in the matter. He is at present as silent as can be on the subject, and nothing can be learned from him just now.

OTHER ITEMS ABOUT THE SHOOTING.

Deceased has a cousin in San Francisco, Andrew Chielovich. His slayer has a brother—John Chiatovich, in Silver Peak, Nevada, who is very wealthy.

The weapon used was of the British Bull Dog pattern.

A dispatch was immediately sent to the banker of the firm in San Francisco, E. Chielovich & Co., and also to Chiatovich's brother in Silver Peak, Nevada.

The friends of the deceased have seen to it that everything possible was done for him, and his burial is a credit to his friends and countrymen.

The funeral took place at 2 p. m. from the residence on Main street, and was largely attended.

CURLY SHERWOOD'S SLAYER.

He is Convicted of Murder in the First Degree.

About half-past 4 o'clock this afternoon Samuel Ridgway was convicted of murder in the first degree, killing John ("Curly") Sherwood, on the 19th of last month.

The jury in the case retired at a quarter to 4 o'clock. About 20 minutes past 4 they came into Court with a verdict of guilty, as charged in the indictment. As the indictment had been drawn so as to cover the whole range of offenses against the person, from an assault to murder in the first degree, the verdict was rejected and the jury re-instructed. They then retired, and within five minutes returned with a verdict of murder in the first degree. This verdict gives general satisfaction.

This is the first time since the organization of Alturas county, 18 years ago, that a man has been convicted of murder within its boundaries.

ELECTRIC SPARKS.

Heinrich, the defaulting ex-County Treasurer of Anglaise county, Ohio, has been captured at Cheyenne, taken back home, and held in \$15,000 bail.

President Jarrett, of the Amalgamated Association, of Pittsburg, says that when the committee from the Cleveland strikers arrive at Pittsburg, to-morrow, he will instruct them to accept the proposition of the Cleveland Rolling Mill Company, and go to work.

Clay, Stanford Dement, A. B. McMillan, A. A. Bonham, Jacob Brugge, Samuel Allen, William Austin, J. B. Campbell, and A. E. Caldwell. Evidence for the prosecution heard, and case continued until to-morrow.

Tuesday, July 25.

C. H. Search vs. W. E. Davis.—Motion to set aside the default denied.

The People vs. Samuel Ridgway.—Trial in progress.

OUR CRIPPLE.

He Will Be Sent Home in Good Style, with Money to Start Him in Business.

J. J. Tracy and an attaché of the TIMES took up a collection on Main street, last night, for the benefit of Thomas J. Cox, the prospector who had both feet so badly frozen, in the Sawtooth range last winter, as to render their amputation necessary. They started out about 9 o'clock, and in less than two hours collected \$57.75, besides receiving the promise of \$14 more to day. Mr. Tracy will give an additional two-bit piece, thus completing a round \$100 that will have been raised in this town in the brief space of two hours. It is due to the liberal donors to state that they contributed cheerfully, and that not a single objection was made to the collection. The list can be seen by applying to Mr. Tracy.

Thomas Cox, the young man for whose benefit the collection was made, went to Bullion this afternoon, in compliance with the urgent request of some residents of that town. He will return to-morrow, lay over in Bellevue, and leave by stage the day after for Blackfoot, where he will take the cars for Denver, Colorado, and from that place to Pueblo, Colorado, where his relatives reside.

It is expected that he will get a pass over the stage road to Blackfoot. As he already—thanks to Dr. S. B. Miller—has a pass to Denver, his fare to that point will not cost him anything. He will, therefore, send home what money he gets here, with the exception of what he will need on the road, so that when he gets to Pueblo he will be able to open a cigar store or a fruit stand, and earn his own living.

A Banker Turns Up Missing.

St. Louis, July 23.—E. A. Willard, a banker and large grain dealer of Jonesboro, Ill., has been missing for a week past, and yesterday his bank was closed and the announcement of its suspension posted on its doors. A large and excited crowd of farmers and others who had money on deposit, collected around the bank and made serious threats against the persons of its officers unless a committee were immediately admitted and allowed to examine the affairs of the concern. A committee was finally allowed to make an investigation, and after an examination reported that the liabilities of the bank were about \$1,700,000, and that the assets were estimated at \$53,000. The assets are believed to be exaggerated, and it is thought that the depositors will receive a very small part of their funds. The whereabouts of Willard are not known.

THE RACE LAST SATURDAY.

McGee Wins on the Fourth Heat, to the Great Disappointment of Spectators.

Last Saturday a few spectators gathered at the Bellevue track to witness the 600-yard-and-repeat race between Johnny, Ten Cents and McGee. As was generally the case, of course Johnny was the favorite from first to last, with McGee a good second, so far as pools were concerned, but the race turned out quite differently.

The first heat was taken easily by Ten Cents, McGee second and Johnny last.

The second was quite the reverse, as Johnny came in first, McGee second and Ten Cents last.

The third heat was to have been Johnny's, as far as the desire of the spectators went, but McGee wouldn't have it that way, so she came in first, Johnny second and Ten Cents gave out entirely, and walked under the wire.

The fourth was the decisive heat between McGee and Johnny, and all were surprised when McGee came in first and Johnny a close second.

Many were disappointed, but none fell heavily as betting in the pools was very light.

A better and livelier time is looked for on the occasion of our 50-mile race, which will take place shortly.

Tug Wilson Challenged.

MILWAUKEE, July 24.—John Donaldson has issued the following challenge:

"I hereby challenge any man in American, John L. Sullivan, Tug Wilson preferred, to fight me with or without gloves, for \$5,000 a side. The fight to take place within 500 miles of Milwaukee, and within six weeks from the date when articles are signed."

Mr. Donaldson will be remembered as the man who stood before Sullivan's sledge-hammer blows longer than any other man succeeded in doing, and possesses the confidence of the sporting fraternity of Milwaukee, who, it is understood, are ready with plenty of money to back him.

NEW TO-DAY.

THANKS.

The countryman of the late Mitchell Lucich desires to tender their heartfelt thanks to Judge W. P. Persons, J. Murphy, H. Spielman, and others, for their help in paying the last respects to the deceased.
