

WHY THE STATEMENT IS RE-PRINTED.

A grave error occurred in the tabular statement published yesterday, which was as bad as it was provoking. The column indicating the silver yield, that should have been headed "ozs. silver," was headed "ozs. copper."

THE WIRES DOWN.

The telegraphic report received at this office to-day contains scarcely 500 words, and the manager at Blackfoot explains the brevity of the report by stating that the wires are down east of Ogden.

OUR TABULAR STATEMENT.

The tabular statement published on the first page of the TIMES, to-day, shows that 59 lots or specimens were sent to the Denver Exposition from this section. Of these samples 43 are of smelting and 16 of "dry" or milling ores.

A Sudden Disappearance.

John Houston, a printer, formerly of Boise, and a man well known in every Territorial newspaper office, suddenly disappeared from this city on the morning of the 4th of July.

John Houston was foreman of the TIMES office up to the first of July, when he left for Boise. Since that date no word has been received from him.

Ask any news dealer for a copy of the TIME map of Wood river. It is the most accurate extant, and only costs 25 cents per copy.

THE VALLEY VIEW.

The Ledge Struck in a Shaft 100 Feet Away from the Old Workings.

A strike of some importance, as it shows the continuity of the vein, was made in Valley View ground, last Friday night, in a new shaft being sunk at a point about one hundred feet from the old workings.

As soon as a sufficient depth is attained in the shaft to admit of it, a level will be opened, drifts run, and men set to stopping ore.

NEW TODAY.

Notice!

The undersigned hereby notifies his friends in particular, and the public in general, that he has acquired the entire ownership of the GRAND CENTRAL HOTEL, and that he intends to run it in such a way that it will be a credit to Wood River.

His tables will be kept supplied with the best that the market affords, and his bedrooms will be equal to the best.
