## JOTTINGS.

Jno. F. Boyle is down from Ketchum.  
Jos. Bury is ill in bed, from influenza.  
John Van Schick, of Rocky Bar, is in town.

The town is alive with politics and politicians.  
Colonel Brodhead arrived last evening from Atlanta.

True W. Rollins arrived this morning from Rocky Bar.

W. H. Johnson, of Bellevue, and Jas. Judge, of Ketchum, are in town.

Charles White, of Bellevue, and Paul Baxter, of Ketchum, have arrived.

If you want really elegant printing, you must come to the TIMES office.

Stoves and tinware at cost at Sleaf's; also a double freight-wagon for sale.

Jos. Houston and R. Z. Johnson arrived from Boise yesterday morning, by stage.

All parties indebted to Ad. Sleaf are notified to settle by October 10th, without fail.

A rich strike is reported in the Bassett mine. Very rich specimens were sent to town Saturday.

Judge Prickett has taken Deputy Clerk Richard's house on First avenue to occupy during the term of court.

Fare from Hailey to Kelton, by Wood River Fast Freight, only \$12. Freight five cents. Time, three days.

A tramp tried to take possession of the Merchants' Hotel sitting room, yesterday, and was ejected with a stick of coal-wood.

Ask any newsdealer for a copy of the TIMES map of Wood River. It is the most accurate extant, and only costs 25 cents.

Ed. Coffin will leave to-morrow for Boise. Charles Furey is expected to depart also to-morrow, on a visit to the capitol.

General E. E. Cunningham arrived today, from Shoshone, and will arrange while here to remove his headquarters to that place.

If you want to while away an hour comfortably while drinking a glass of good beer, go to George Kohlepp's Hailey Brewery.

Johnny-the-butcher had a rough-and-tumble fight, last Friday, with his rival, during which considerable biting was indulged in.

Coshov, the ex-stage line proprietor, sent his family to Humboldt Bay, recently, and will follow them in ten days, to remain all winter.

Last night there were several skirmishes and quite a number of drinks and disorderlies. \$30 or 30 days, Mr. Tutick, is becoming necessary.

Ed. McCrum arrived from Boise on Friday, and went on to Ketchum. He will return to Hailey, this week, and may engage in business here.

The new saloon on Main street has secured much, and was the scene of considerable excitement last evening. Ralph Neil was conspicuous in the crowd.

Men don't seem to be negotiating any sense, and they are just as ready to fight for politics, although there are no issues between the parties, as they ever were.

Don McKay, the Captain, being absent, and the season being unpropitious, the base ball nine has disbanded for the season. There is some talk of organizing another.

Hold on! No dance Tuesday evening. The band wanted all the proceeds and W. G. & M. invited them to go to a warmer climate. The dance is postponed until further notice.

On account of the weather and great depth of the mud at Bellevue, the Democratic torchlight procession has been postponed. The torches will be kept to celebrate after election.

Postmaster Cooke came down from Ketchum, Saturday evening, to meet his wife and baby who came in from Boise, and returned home yesterday morning. Mr. Cooke has arranged to start work on his Boulder Creek mines.

Dr. O. L. Moar, dentist, resident for some time past in Bellevue, has retired from business there, and will go to Boise this week to remain. Wood River will then be left without a dentist. Dr. Miller having departed last week.

The organization of a brass band in Hailey is about consummated. Twelve pieces are being negotiated for at a discount of 30 per cent from list prices. The instruments are to be the property of the town, and in charge of a board of trustees.

The Board of County Commissioners met this morning and adjourned until 2 p. m., when they again met—the full board, Messrs. Leadley, Van Schick, Bixby and W. P. Callahan being present. No special business was transacted. They are in session as a Board of Equalization.

Three men were injured on the railroad grade, Saturday, by premature explosions of powder. This makes 12 men maimed on the O. S. L., grade by accidental discharges of powder in the past two weeks. One of them had his eyes burned out, while several lost limbs, hands, or fingers.

The postmaster at Kelton, Goose Creek or thereabouts, needs to be careful in distributing the mails, as frequently of late the Wood River mail has been sent from there to Boise City and from there is sent to Bellevue and delayed a day again awaiting the arrival of the Blackfoot stage. The California mails have been 3 to 6 days late the past two weeks. This will not do.

A meeting of those interested in organizing a choral society is announced for this evening, at the theater, at 8 o'clock sharp. There will be fire and lights, with piano and organ, and it is expected that everyone interested in such an organization will attend and take part. The Hailey Choral Association is suggested for a title, and the members are to assist as a church choir during services, without regard to denomination.

A traveler from Salt Lake refused to eat some codfish balls set before him in a Sawtooth restaurant, whereupon the proprietor of the house compelled him to swallow them at the muzzle of a revolver. Harry won't have any airs put on by any of his boarders.

Mr. Blakeley is in town from Smokey, and gives us a few items about that district. The Isabella mine is shipping ore to the Ketchum smelters, and the King of the West, in which Mr. Blakeley is also interested, is closed down for the winter. Work has been resumed on the Silver Star mine. Mr. Blakeley has had a boarding-house and other buildings erected at the Isabella mine, that work may proceed all winter.

M. E. Presiding Elder G. W. Grannis held divine service at Hailey, theater, and delivered an eloquent sermon thought to a small congregation, on account of the storm. Mr. Grannis states that the M. E. Church to be built at Bellevue will be in course of construction very soon, and that a church will be built in Hailey next summer. The church East contributes \$500 toward the Bellevue building, and will no doubt do the same in the erection of a building in Hailey.

## ANOTHER COMPLAINT.

The Miners of Broadford Do Not Get Their Mail on Time.

Joseph G. Garrison called at the TIMES office, to-day, to complain that he does not get his paper regularly. He says that some copies of the DAILY TIMES do not reach him until they are six or seven days old. The miners of Broadford, Mr. Garrison said, also complain that they do not get their mail on time, and last Saturday evening held a meeting to consider the matter. Mr. Garrison agreed to come and inform the TIMES.

[We confess that we are unable to indicate a remedy for this state of affairs. Messrs. Tatro and Bingham, of the Bellevue postoffice, doubtless do the best that they can, under the circumstances. But the fact is that the postal officials of both Bellevue and Hailey have too much to attend to, and that they require additional help.—Ed.]

## JOHN M. CANNADY.

He is Unalterably Opposed to Mr. Ainslie's Election.

Last Saturday's TIMES having intimated that John M. Cannady was relaxing in his opposition to the candidacy of Mr. Ainslie, for Congress from Idaho. Mr. Cannady requests the TIMES to state that he is unalterably opposed to the re-election of Mr. Ainslie.

## The Case of Winters vs. Swift.

In the case of J. B. Winters vs. Swift & Co., a decision was rendered in favor of defendants, in the District Court to-day, and the complaint dismissed. The attorneys for the prosecution intend carrying the case up to the Supreme Court, notwithstanding Judge Prickett's decision in defendant's favor on each point, with costs against plaintiff.

## THE WEATHER.

A Faithful Account of What We Are Experiencing.

A heavy rain set in again.  
Late Saturday afternoon.  
The wind did blow, mixed up with snow—  
Has winter come so soon?  
Heavy snow, on mountains low,  
Makes them look forbidding.  
It cannot be that what we see  
Is a sign that summer's gone.  
Mountain sheep no longer seek  
The berry nor acorn;  
But with the goats go look for oats  
In the valleys where they're grown.  
The miner bold his claim has sold  
And will winter in the "Hub."  
The miner meek will wait and seek  
A job for his winter's grub.  
The miner tough has had enough  
Prospecting, for this year,  
He'll read of mines in the DAILY TIMES  
Until spring does again appear.

## A Speculative Teamster.

Mr. Lorkin has arrived from Shoshone with a 30-mule team and 42,000 pounds of barley. He bought the barley for himself, as he knew that he could realize a handsome profit upon it here—which he did, as he disposed of it on arrival. He also sold his entire teaming outfit to General Cunningham, of the O. S. L. Forwarding Company, and thus made a "clean up." The capacity of the outfit is 50,000 pounds.

## Main Street to be Lighted.

A proposition has been made by a gentleman interested to light Main street during the long, dark nights of winter; to have two improved locomotive head-lights of 23-inch diameter located at each end of the street. These lights will illuminate the entire street, and cost no more to keep burning than an ordinary house-lamp. Eighty dollars was subscribed toward the enterprise last evening, in ten minutes, and price-lists and discounts have been sent for.

Last Saturday, in Justice Parson's Court, Frank Powers was fined \$5 for taking forcible possession of a deed to a mining claim.

## AN IMPORTANT DECISION.

Employers Cannot be Compelled to Collect or Retain the Poll and Hospital Taxes of their Employes From their Wages.

The first decision of the present term of Court which was rendered by Judge Prickett this morning, is one of great importance, as it will cause a notable change in the manner of collecting the poll and other taxes to which the non-property-holders are liable, not only in this county and Territory, but in other States and Territories.

It has been the practice in this Territory heretofore, for county tax collectors to expect employers to collect the taxes of their employes and pay them over to the officials. This practice has caused a great deal of ill-feeling, and, last summer, this ill-feeling found expression, at Bullion, in the refusal of the miners employed there to permit the amount of the poll and hospital taxes to be deducted from their wages. The mine-owners, acting upon the advice of James H. Beatty, refused to collect the taxes, and an agreed case was made up and submitted to Judge Prickett at the last term of court, Mr. Beatty appearing for the miners and mine-owners, and District Attorney Hawley for the Tax Collector. Mr. Beatty contended that the law under which the Tax Collector is acting is unconstitutional.

Judge Prickett reserved his decision and shortly after the opening of court, this morning, decided in favor of the mine-owners, and against the Tax Collector. The decision is undoubtedly sound law, but it will cause a radical change and great loss to the treasuries of the various counties in Idaho. The loss to Alturas county for this year alone will not be less than \$30,000. But this cannot be helped, as the rights of all must be respected.

## A NOVEL CONTEST.

Two Ladies Run a 100-Yard Race for \$40 A Side.

Special correspondence of the TIMES.]  
GALENA, Sept. 30.—A novel contest took place here, last week, between two ladies of high social standing. One is a petite, unmarried belle; the other, the handsome young wife of a prominent mining man. A dispute arose between the two, as to which could run the faster, and it was finally agreed that a 100-yard foot-race should decide the question. A wager of \$40 a side was also laid, to make the affair more interesting. The time and place having been appointed, two intimate gentlemen friends were requested to act as referees, and not to "give it away."  
At the hour named the contestants and referees appeared on the field, the former incumbered with no more wearing apparel than was absolutely necessary, and the latter boasting the athletic qualities of their respective favorites. After a little practice the speedsters came up for the race, and announced themselves ready. The word given and down the track they flew like the wind, the little one leading by a few feet from the start. Soon they were "neck-and-neck," but a few yards from the outcome, the married lady took a spurt and crossed the scratch four feet ahead of her opponent. A shout from the hill above caused them to turn, and there, to their dismay, they beheld your correspondent and a majority of the Galenites, who had witnessed their show of speed.

The ladies were so chagrined at being seen in their Highland costumes, that they declared that, next time, they'd "hire a hall."

## THE DEMOCRATS AT WORK.

Rousing Meetings in Ketchum and Bullion—Bellevue to Rally To-Night.

The Democratic Campaign Committee, with many leading Democrats from various points on Wood River, assembled at Ketchum for a grand rally, last Saturday evening. The meeting was addressed by George Ainslie and three rousing cheers concluded the meeting.

A similar meeting was held at Bullion, last evening, in front of the Democratic Headquarters, amid great enthusiasm, and it was also addressed by George Ainslie, Judge Waters and others.

To-night, a grand rally is to be held at Bellevue that promises to surpass any yet this campaign; several teams have been engaged to take a number of Haileytes down to-day. A torchlight procession is on the programme, the weather permitting.

## THE NELLIE BOYD TROUPE.

Mr. Phillee Writes About the Delightful Time They Are Having.

Sebastian Phillee, traveling with the Nellie Boyd troupe, writes to a friend in Hailey about their trip hence to Montana.

GLENDALE, MONTANA, Sept. 15.  
Well, here we are at last. We arrived here yesterday morning, after being on the road eight days. Eh! My God! what a trip it was. Candidly speaking, I would rather endure another siege at the pest-house in Seattle, than another such.

I am disgusted with everybody in general and myself in particular. We saw a train of cars last Wednesday, and I was strongly tempted to quit the whole outfit and run away. At Bannack we only remained one night, as we found it almost entirely deserted. What with losing money, sleeping in hay-stacks and on the ground, going hungry, choking with dust, famishing with thirst, freezing, sweltering, alternately, and sometimes all together, you can imagine what a delightful time we are having.

## SHOSHONE.

The New Town at the Junction of the Wood River Branch with the Oregon Short Line—The Inappropriate Name Given It by the Postal Department.

ELIZABETH P. O., I. T., Sept. 30.  
TO THE EDITOR OF THE TIMES:—The child was born in the midsummer of this year, and was called sometimes "Shoshone," and sometimes "Junction City," but its name is "Naples."

The lava did it. At this latest Naples there is lacking the beautiful Bay and blooming gardens and the Italian sky and air which have made the original city of this name a pleasant memory in the minds of all travelers, and dear to its own people; but it has lava—and has it in profuse abundance. Having lava, the P. O. D. of the U. S. of America, in its wisdom and discretion, has christened the O. S. L. R. junction on Little Wood River, with its desert of sagebrush and sand, "Naples."

If "there is but one step between the sublime and the ridiculous," there is often little more space between the beautiful and the hideous, and doubtless it was on this principle of contrasts that our great P. O. D. handicapped our rustling railroad camp with such a name.

Great and wise is the government of our Uncle Samuel, and wonderful is the wisdom of the P. O. D. of our great N-ation.

P. S. Seriously, however, the name is inappropriate and ridiculous. Shoshone has some merit. It is the name of a tribe of Indians living within the limits of Idaho. It is the name of the highest waterfall on the continent, and a place which will be reached from the railroad junction. The name, long besides, a wild desert, containing in it the name of a great P. O. D., but Naples is out of it just everywhere.

Ground to be Broken for the Depot.

J. M. Banfield has contracted for grading the Wood River branch railroad a distance of two miles between Hailey and Bellevue. Teams and graders will arrive to-morrow, and ground will be broken Wednesday. A site has been selected for the depot and other buildings, and the ground for the foundations will be prepared immediately.

## \$3 A YEAR.

The Price of the "Weekly Times" Reduced, and the Paper Enlarged.

THE WEEKLY TIMES has been enlarged, and it is now a handsome paper of seven columns and a sheet 24x36. The WEEKLY TIMES contains all the local matter published in the DAILY TIMES, and is beyond a doubt the best, as it is by long odds the cheapest, paper published in the Wood River country. It is issued every Wednesday. Have it sent to your friends. The price is only \$1.50 for six months, \$3 per year.

25 cts. vs. \$25.

The one buys a box of BROWN'S VEGETABLE LIVER PILLS, which cures constipation, sick-headache and torpid liver; the other you pay your doctor as a penalty for not using BROWN'S LIVER PILLS in time. Which amount will you pay? All of Brown's Medicines for sale by J. A. Rupert, and all druggists in Idaho.

THE TIMES job outfit is all new, and includes the latest styles of type and a large line of the most elegant stock to be had in the United States. For mining and mill blanks our facilities are unsurpassed in Idaho.

## "It Might Have Been."

Thus your friends will sing as they watch your life flickering out with that dread disease Dyspepsia; stay its ravages by using at once BROWN'S PEPsin TOXIC. Remember! Delays are dangerous.

## The Best Remedy in the World

for the Blood and Liver, is Sarsaparilla, Dandelion and Iodide of Potassium.
