JOTTINGS.

Fresh Eastern oysters, fried, stewed or plain, at the Nevada Chop House.

If you want really elegant printing, you must come to the TIMES office.

Oysters in every style at the Nevada Chop House, up to 2 o'clock in the morning.

The population of Hailey to-day is larger than it was yesterday, as there were two arrivals in the stage, and no departures to-day.

As a pastime the game of billiards is not surpassed, and the new addition to the attractions of Hailey Theater will be appreciated.

Now is the time of year when slanderers residing in northern towns where business is not very lively and people are housed in, get in their best looks.

Thomas McCormick will leave for Leadville, in a day or two, where he will enter the contest for the sparring championship of Colorado. He will return in the spring.

Charley Tassel's pack train, comprising 22 mules, went out to-day, to Snake river to winter. Charley will be busy most of the time in overhauling and making apperejoes.

The stage company are expected to run coaches carrying the mails and passengers to the terminus of the O. S. L. by or before January 1, and will make preparations accordingly.

The new Hailey Theater saloon has been provided with an elegant billiard and pool table, which arrived yesterday from New York city. It is a carom table of the finest make, and surpasses in finish any table in Idaho.

The children's carnival on roller skates every Saturday during the day will be a pleasant sight. The admission and skates to children on that day has been reduced to 25 cents, instead of 35 cents for each, as on week days.

The free dance in Hailey Theater next Tuesday evening, the 28th instant, will be for the purpose of endeavoring to organize a social club for the winter. All persons wishing to become members of the proposed club should attend. Professor Delias's full quadrille band will supply the music.

London society circles are scandalized at the marriage of Lady Gertrude Douglas to a baker. Lady Douglas is of "a certain age," but not old, has plenty of money, is a sister of the Marquis of Queensbury, and said to have a villainous tongue. The groom is 21, not very good-looking, but a good baker.

The Methodist congregation will hold service at the schoolhouse Sunday mornings, in future; the Union Sabbath-School each Sunday afternoon up to 3 p. m., the Church Choir from 3 until 5 p. m., every Sunday afternoon, and the Union Church congregation, Rev. E. Pratt officiating, will hold service every Sunday evening, at 7 p. m.

Charles Moore, who has been one of the most active business men in Hailey during the past two seasons, having withdrawn from business here for the winter, and received encouragement from his old home in Tuscarora, Nev., will depart next week for that camp, and remain there until spring, when he will return to Hailey and re-engage in business. Mr. Moore's family will continue to reside here, having recently moved into their new residence on Main street.

George L. Hurley writes to the TIMES from Lordsburg, N. M., where he is installed as General Manager of the New Mexico and Arizona Telegraph Company. The general office of the company is in Rochester, N. Y., and the General Manager's office in New Mexico. Thomas J. Hurley, George L. Hurley's brother, is President of the company. In a postscript Mr. Hurley asks: "Have the Hailey 'kickers' tumbled to the programme racket yet?" As he does not mention Mr. Lichtenstadter, it is probable that that gentleman had not arrived there.

THE WOOD RIVER CONVICTS.

They Are Safely Lodged in the Territorial Penitentiary.

Sheriff D. H. Gray returned yesterday from his trip to Boise City, and was somewhat fatigued on account of losing his rest. He had charge of Chiatovich, Smith, Woodward and Johnson, the prisoners ordered, under sentence of the District Court, to various periods in the Territorial prison at Boise City. Sheriff Gray was accompanied, also, by Budd Phillips. When at Jones's station, Phillips was taken suddenly ill, and was falling, but was caught by Howard Gray, who feared death had robbed him of his assistant. For 15 minutes Phillips did not breathe, neither had he any pulse, and his body turned icy cold; but with the aid of the ladies at the station he was revived by the use of camphor and vigorous rubbing. His attack was the result of over-excitement, and when he recovered his speech the first utterance was: "Where are the boys?" Sheriff Gray relieved his mind, and got him through to Boise, where he now holds the position of Warden in the prison.

The prisoners behaved themselves well, after the first station was passed. At that place they appeared to be willing to escape, if possible, complained that their handcuffs were too tight, and wanted them loosened; but Mr. Gray ordered them to leave off working at them, and said that he would put into the first man that tried to escape the contents of a double-barreled shotgun. The friendly warning appeared to be satisfactory, as the prisoners afterward dropped all movements calculated to annoy the officers. Sheriff Gray met Samuel Ridgway going in with District Attorney Hawley. He is therefore probably in the penitentiary by this time. The large number of convicts received at the Territorial prison by the exportations from Alturas county, has taxed the boarding accommodations of that establishment considerably.

MUSIC MADE EASY.

A New Method by which Anyone can Learn to Play on the Piano or Organ in a Few Days.

Mr. Fuld, of the postoffice store in this city, has just received a supply of Merrill's Primary Music Teacher, an ingenious method for interesting children and beginners in the study of music. It consists of four charts to stand on the keys of the organ or piano. They were originally designed for the "million," but have been found exceedingly useful in teaching children the elements of music, especially the location of letters on the staff and their relation to the keys of the instrument.

The familiar tunes on the charts are designed as an amusement for anyone who cannot read music. There are perpendicular lines extending from the notes and letters on the staff to the right keys on the instrument. On the right-hand side of these lines are figures beginning with 1 and numbering consecutively up to as many as there are notes in the first part of the tune. The player should strike the key under No. 1, then follow with striking the key under No. 2, then 3, 4, 5, 6, 7, 8, 9, 10 and so on to the end. The second part of the tune begins with one again, and is explained by the chart. The Roman numerals on the left hand side of the perpendicular lines designate the chords to be played with the left hand when the right hand plays the number opposite. The charts explain fully these fundamental harmonies, and any child can learn to produce them with little effort in the different keys, and thus acquire a knowledge of chords which many never learn.

By studying these charts the duller intellects can learn to play on the piano or organ in a few days. The method is so simple that in a few lessons, even the untutored savage, for whom music hath its charms, can become proficient on any keyed instrument. The charts sell for \$2 a set.

Getting on O. K.

The newly-married couple have been heard from. Fred. Johnson received a note from J. H. Van Ness, by the afternoon stage yesterday, which was as follows:

On the road. Burkhart along. Getting on O. K. VAN.

Brown's Moore.

"'Twas ever thus, since childhood's hour I've seen each stomach-ache decay, And when I felt dyspepsia's power, Brown's Pepsin Tonic drove 'em away." La! La! Roohk!

ROLLER-SKATING.

The Rink Well Patronized—A Masquerade to Take Place Soon—Bellevue Wants Some of Our Fun.

The roller-skating rink in Hailey Theater was liberally patronized yesterday, and especially during the evening session, when the surface was comfortably crowded. The usual joyous crowd was in attendance, also many strangers. The skaters who have been more than once on rollers display some proficiency, and are delighted with the pastime, while the novices afford great amusement to the spectators by their evolutions and awkward tumbling. The enterprise is already an assured success, and takes well. During every afternoon the ladies' and children's session is well patronized, and in a few days most all of the ladies in Hailey will be more or less proficient in the art of roller-skating. The plan of admitting ladies only at the afternoon sessions will afford ladies a better opportunity to learn and become proficient enough to participate at the evening session. There will be music on stated occasions for skaters to acquire the art of moving as in dancing, with one accord, and in a short time a grand masquerade skating carnival will be given, when a full string band will perform, all skaters will be required to appear masked or in costume, and spectators will be accommodated on the stage. There will be especial arrangements for children every Saturday during the day. As Saturdays are school holidays, the rink will be exclusively devoted to their use, until the evening session, when no children will be allowed on the floor.

The management desires it distinctly understood that no smoking will be permitted in the rink, neither will the use of tobacco, which ruins the surface.

Ward & Quantrell have been requested to establish a roller-skating rink in Bellevue, and have arranged to lease the Coliseum and lay a new floor, when they will open a new rink there also.

THE NEW ORGAN.

A Handsome Instrument, which is Satisfactory in Every Respect.

The new chapel organ just received, and now at the schoolhouse, is one of the Estey improved, made at Brattleboro, Vermont. It cost \$210 and the freight to Hailey was about \$40. It stands four feet high, is four feet long and three feet wide. There are eight stops, two swells, and 2 1/2 sets of reeds. It has a remarkably full, yet sweet tone, with a wide-range compass, which will improve with age, and in a year or two, if frequently used, it will be perfect. The stops are the flute, melodia, diapason, principal harmonique, 140, 240, and sub-bass. It has a double treadle, very easy in its action. The case is black walnut of ornamental design, and highly finished. The top is very handsomely ornamented and has lamp-stands and music-racks. It is the most durable style of organ made, and is warranted for a number of years. If it fails in any respect to fully equal the guarantee, the Estey Organ Company will replace it by a new one.

There is a later improvement which could have been secured. It is added to every organ, if desired, and consists in a changeable key-board which can be adjusted so as to allow the player to use the same keys to any scale, as the shifting of the key-board according to the key desired renders all the semi-tones, flats and sharps, as desired, without the performer being required to use the flat and sharp keys. This improvement is of great convenience to organists who are not very proficient, and also on occasions when very rapid execution is required, as in some of the grand productions of Mozart and Mendelssohn.

Meetings of the Double Quartet.

The Hailey Double Quartet will meet hereafter each Sunday afternoon, at 3 o'clock, sharp, for rehearsal. A new lot of choice anthems, solos, trios and quartets with choruses, has been secured, and with a prompt attendance this association will be able, during the winter, to render to advantage some of the finest musical compositions published. The new organ will be used at all meetings of the Quartet.

Brown's Shakespeare.

CASSIUS (hoarsely): "Ye Gods, my throat is sore!"
BRUTUS (smiling):—"Brown's Tar Froches try, and wheeze no more!"
Julius: Sizzle her!

THE PUBLIC SCHOOL.

End of the Fall Term—A Change of Teachers.

The fall term of the Hailey public school will end with this month, and on the first of December there will be a public examination of the pupils, which parents and all others who feel an interest in the success of the public school, are invited to attend.

After the examination a vacation lasting a couple of weeks will begin, and when school re-opens for the winter term it will be under new teachers, as Miss Carpenter and Miss Dollarhide, the present teachers, have tendered their resignations, to take effect at the end of the present term.

The new teachers will be Miss Nichols and Mrs. Taylor. Miss Nichols will have charge of the senior department, which Miss Carpenter is now teaching, and Mrs. Taylor will succeed Miss Dollarhide in the primary department. Miss Nichols taught for years in Nevada and California, and Mrs. Taylor taught 14 terms in the State of New York. They are therefore experienced teachers, and they will doubtless maintain the school up to the high degree of excellence to which Miss Dollarhide and Miss Carpenter have raised it.

WENT UNDER.

Charles H. Furey Assigns His Stock and Accounts to the Coffin Brothers.

Advices received yesterday from Bellevue state that the well-known business house of Charles H. Furey, of that town, was closed, and that an assignment was made of all the stock of general merchandise, credits, etc., to Coffin Brothers, the principal creditors, whose claims aggregate \$8,000. The event, although greatly regretted, was not altogether unexpected, as Mr. Furey has for many years been identified with Alturas county, and been engaged in the merchandise business at Atlanta, Sawtooth and Bellevue—all mining towns of this county. The Coffin Brothers are relatives of the assignee, and will probably be fully secured, as the day before the assignment C. H. Furey received a large amount of new goods from the East.

ORE REPORT.

Receipts and Shipments at Hailey During the Past 24 Hours.

Following is the report of ore receipts and shipments in this city during the past 24 hours:

RECEIVED.	Pounds
Narrow Gauges	19,900

WOOD RIVER TIMES

—IS THE—

REPRESENTATIVE NEWSPAPER OF THE GREAT WOOD RIVER MINING REGION.

It circulates throughout the United States and Canada to a greater extent than any other paper published in the rapidly growing Territory of Idaho, and its circulation is

More than Thrice that of All Other Wood River Papers Combined.

The Daily Times

Is published Every Evening (Sundays excepted), and contains an account of all local happenings of general interest, as well as the most reliable reports obtainable of the

Yield of Our Mines, Smelters and Mills.

Terms of Subscription:

The DAILY TIMES is delivered by carrier in Hailey, Bullion, Bellevue and Ketchum, for 50 cents per week, payable to the carrier; and it is sent by mail, on receipt of \$20 for one year, \$10 for six months, or \$5 for three months.

The Weekly Times

Is carefully compiled from the columns of the DAILY TIMES, and contains all the articles relating to the Mines, Mills, Smelters, weather and general progress of this vast region, which appear in the DAILY. It is a sheet 24x36, and the price of subscription is only THREE DOLLARS PER YEAR, ONE DOLLAR AND A HALF per half-year. Sent by mail, postpaid, on receipt of price.

AS AN ADVERTISING MEDIUM

The Wood River Times,

(DAILY AND WEEKLY)

Makes no claim whatever, and leaves that subterfuge to less appreciated publications. But, in substantiation of its claim to be the representative paper of this region, it can point proudly to its record. Founded on the 15th of June, 1881, as a weekly, in LESS THAN ELEVEN MONTHS it had grown into a DAILY and WEEKLY, with telegraphic dispatches brought in over 160 miles by stage, and published daily at a monthly cost of over \$500!

The WOOD RIVER TIMES is published at HAILEY, the seat of the vast and rich Alturas county, the chosen terminus of the Wood River Branch of the Oregon Short Line Railway, and the Commercial, Political and Social Metropolis of the Wood River and Sawtooth Region.

ALL ADVERTISEMENTS are published in both the DAILY and WEEKLY TIMES, unless otherwise ordered.

For rates, apply at the office, or of any of our regular patrons.
