

A ROTTEN OLD CHESTNUT.

Strict party papers are getting scarcer year by year, and the few that remain have no influence whatever, other than detrimentally, upon the very interests which they profess to subserv. The fact is that the people are become sufficiently able to form their own opinions. All that they ask of newspapers is information—facts—upon which to base their opinions; and these facts they know that they cannot get from party organs, because they dare not publish a word that is hurtful to their party. The party organ has become a chestnut so old and rotten that even a boy 10 years old would not be misled by it.

It has been found necessary to choke off the Ladies' Improvement Society in Santa Cruz. Their last exploit was the cutting down of some beautiful and venerable trees that adorned the streets. The verdict is now that they are a set of she-vandals. Their next move would probably have been to begin moving buildings back and forth across the streets, the same as they move bureaus and beds about their dwellings every week or two.

Strangers visiting Wood River allege that bummers frequently stop them on the street to beg loans ranging from \$5 down to four-bits. This should not be tolerated, as the practice is liable to prove a great detriment to us by driving away people who might come here to invest. Such bummers properly come under the head of vagrants, and if the officers made a few arrests the class would soon disappear from our midst.

Manager Potter said to a reporter of the Denver Republican the other day: "You may deny the report that Mr. Shelby has been retired. I have granted him three months' leave of absence on account of ill-health."

Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be all that you claim for it, desire to testify to its virtue. Dr. King's New Discovery for consumption is guaranteed to cure coughs, colds, bronchitis, asthma, croup and every affection of throat, chest and lungs. Trial bottles free at J. A. De Land & Co.'s BAKING POWDER

is **The Best.**

It goes 4 to 4 further, with 1/2 less shortening than any other brand in the market. It is ABSOLUTELY FREE of any impurities, and consists ENTIRELY OF PURE GRAPE CREAM TARTAR AND BI-CARBONATE OF SODA.

Critical Analysis. UNIVERSITY OF DENVER, Salt Lake City, Utah, June 8, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from ALUM, STARCH, FLOUR, BONE ASH, AMMONIA AND WHITE EARTH; and that it consists essentially of Cream of Tartar and Bi-Carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city. J. T. KINGSBURY, Chemist.

Manufacturers, Chemists, Governments, Principalities or Powers, are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder "MADE OF PURE GRAPE CREAM TARTAR AND BI-CARBONATE OF SODA ONLY. No filling whatever."

CAUTION—Use one-fourth less of this Baking Powder, and one-half less shortening with all recipes than with other Brands.
