

# Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar combination, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

# To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own brand of Hood's; he told me their would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, and was satisfied with it, and did not want any other."

# Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I would at myself sometimes, and my friends frequently speak of it." Mrs. ELIA A. GOW, of Terrace Street, Boston.

# WOOD RIVER TIMES

THURSDAY.....MARCH 6, 1890

A prominent Carson butcher, says the Tribune, who was one of the guests at Mrs. R's whist party, when asked by one of the ladies present "Pray sir, what are the stakes now?" replied, "Madam, the best rump I cannot sell for less than 25 cents a pound."

The ingratitude of the politician is proverbial; but time and the hour generally run counter to their methods. Governor Hill, of New York, in order to undermine Mr. Cleveland, has taken the public printing from the Albany Argus. This is one of the greatest blunders he could have made, as the press, with honest opinions placed before its readers, is a power which no double-dealing politician can appreciate until the avalanche snows him under, and he becomes politically damned for his ingratitude to party and friends. No water-carrier will find it to his advantage, no matter who he is, as his political bucket is very apt to be spilled and the icy shower drench him to the marrow.

### Profit in It.

Mountain Home (Mall.)  
Over 700 head of beef cattle have been purchased in the Boise valley this month, the average price paid being about \$45 per head, delivered at Caldwell. They are being shipped to Portland. Most if not all these cattle have been fattened on alfalfa hay and pasture. If ten dollars' worth of alfalfa hay and pasture will make a fifteen dollar steer ready sale worth \$45, it strikes us that the day is not far distant when Idaho will become a great supply point for a superior grade of beef cattle. She can produce the hay and the cattle, and her stockmen and ranchers are beginning to see the profit in it.

### Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at Hewit & Brown's drugstore. Large bottles 50 cents and \$1.

### Happy Posters.

Wm. Timmons, postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than any other medicine combined, from that bad feeling arising from kidney and liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best kidney and liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 30 cents, at Hewit & Brown's drugstore."

# A TWENTY-LINE ROMANCE.

Devotion of a Connecticut Girl to an Invalid Lover.  
A handsome and, what is still better, a good-hearted girl of Birmingham, Connecticut, Miss Christine Mansfield, was engaged to be married to a young German, Albert Bersinger, an employe of the Derby Silver Mining Company. But Albert was attacked by consumption last summer and was ordered to the pine woods of North Carolina.

All his spare money soon ran out. Miss Mansfield sent him all she had saved, and finding in one of his letters a hint at suicide, she at once started to join him and brought him back to Birmingham, pawning all her jewelry to provide him with all the delicacies needed in his case. And now poor Albert has died, and has just been buried decently through the exertions of his faithful fiancée.

### Keeping Sunday on Monday.

In a German chart, published in 1870 by Dr. Gleuna, a line dividing places keeping Sunday and Monday respectively passes through Behring Straits, leaving the Aleutian Isles on the east, curves sharply in between the Philippines on the west and Caroline on the east, then curves again sharply, sweeping north of Guinea and leaving the Chatham Isles on the west. At all places west of the line it is Monday, while it is Sunday on the east.

### WOMEN AND HICE.

The reason why a woman is afraid of a mouse is a profound mystery—indeed, it has never been very clearly proven that she is nervous, irritable condition that the slightest thing annoys and startles them. The cause of this unfortunate state of affairs is usually some functional derangement; some disturbing or peculiar weakness incident to her sex; or it may be due to inflammation, ulceration or displacement of some of the pelvic viscera, or to other organic lesions peculiar to her sex. From whichever cause it may arise, Dr. Pierce's Favorite Prescription is a positive remedy, so certain in its curative results that its manufacturers sell it, through druggists, under a guarantee of its giving satisfaction in every case, or money paid for it will be promptly refunded. As a soothing and strengthening medicine, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and, in general, distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and depression.

# To the Public.

Concerning the "Warning" published in the TIMES by James Coyle, warning people not to trust me on his account, I have this to say: That I never have attempted to get anything on his account; and if I had it would have been a failure, for there is not a person in Idaho that knows James Coyle that would trust him before they would me. LITERARY PERIODICAL

of 32 quarto pages (including cover) published by the Oread Society of

MT. CARROLL SEMINARY.

As the organ and exponent of the Institution from which emanates, THE OREAD aims to set forth plainly and fairly its merits, and the facilities it offers those seeking a desirable place to acquire a thorough practical education. Such being its aim, it is obviously the interest of every patron, and all seeking a school to patronize, to receive THE OREAD.

Address, Financial Manager, Mt. Carroll, Carroll county, Ill. and sample copy free.

As an advertising medium, THE OREAD has few superiors outside the largest cities.

Incorporated by Legislative Enactment, A. D. 1852.

F. A. W. SHIMER, Principal and Proprietor.

MISS ADA C. JOY, Associate Principal.

Mount Carroll, Carroll County,

Illinois.

THIS Institution has opened its 37th year under the same President. Its success with its Conservatory of Music scarcely has a peer. Its location is delightful. Access easy, being on the C. & M. & St. P. Ry, a line of nearly 6900 miles, opening communication with all parts of the country.

### For Healthfulness it is Remarkable

Only one death among the students in 20 years—but two in the history of the school (35 years)—both from chronic ailments, for which they were under treatment when they entered the Institution. Such a record of health among so large a number is rarely found. Expenses moderate, for the accommodations furnished. The courses over study are extended. The work done is required to be thorough and practical. Its CONSERVATORY OF MUSIC ranks among the best West or East.

they may prove better adapted than to teaching, to which so many turn. DIPLOMAS are conferred on those completing satisfactorily any of the prescribed courses.

### Its Art Department is Superior.

The NORMAL DEPARTMENT is excellent and its graduates readily command the best positions, many occupying prominent places in some of the first Schools, Seminaries and Colleges of the West. A department of Stenography and Typewriting meets the growing demand for young women in this line of work. There they may become fitted to office work to which

they may prove better adapted than to teaching, to which so many turn. DIPLOMAS are conferred on those completing satisfactorily any of the prescribed courses.

### Conservatory of Art Course.

Among the distinguishing features of this Institution is the aid given to WORTHY GIRLS OF MARKED ABILITY with but small means to gain a preparation for usefulness. We can safely say there is no Institution in the country that gives the "helps" and encouragement to develop superior womanhood given a Mount Carroll Seminary.

Send for an "Oread," and learn particulars.
