WOOD RIVER TIMES
HAILEY, IDAHO.

MONDAY.....JUNE 30, 1890

LOCAL JOTTINGS.

A car-load of Idaho ore was shipped from this station to-day.

You can save time and money by getting your loans through

LEMMON & BOONE.

Lead in New York to-day, \$4.42½ per 100 pounds; silver, \$1.04 per ounce.

Insure your property in reliable companies. None others are represented by

LEMMON & BOONE.

Major Pinkham estimates the population of Idaho at 115,000 to 120,000 souls.

Lem. U. Colbath, the well-known mining man, came in from Salt Lake City to-day, and will remain two or three days.

Captain Elie left this morning for Boise, where he is to be employed on a survey.

John O'Brien, of the Wood River Meat Market, keeps nothing but the choicest meats on hand. Try him.

Fred. Earhart, James Creighton, W. S. Hodgman and two other residents of Hailey left to-day to attend the Carnival in Ogden.

I have removed my furniture to the building occupied by Plughoff after the fire.

E. A. WHITE.

Mrs. Eph. Daft will leave to-morrow for San Francisco, where she will visit during the next two months in the hope of rebuilding her shattered health.

Fresh Eggs at the Postoffice Fruit Store.

Alec Roberts and Ritchie Angel have been notified that they have successfully passed the annual examination, held in Boise the 10th inst., for the purpose of examining applicants for the postal service, and that they will therefore be assigned to duty soon.

Fresh Gold Medal Prize Butter, at the Postoffice Fruit Store.

Farmer Drake, who was in town to-day, says that he has fully 1,000,000 grasshoppers on his ranch, on the edge of town. In one day they cleaned out his rutabagas, carrots and beets, and then scattered in the potatoes and alfalfa but have not damaged them yet. He may expect them to, however, as a grasshopper will stop at nothing—not even at old boots—when really hungry.

Competent judges say that the cigars manufactured in Hailey are the best they ever purchased for the money.

People who enjoy smoking a pipe should stop at the cigar factory, and try some cigar clippings.

Robert Strahorn was to have been here to-day, but failed to connect with the Wood River train owing to an accident on the main line. Mrs. Strahorn left for Shoshone this afternoon, and will probably return to-morrow.

If you want a first-class shave, haircut, or shampoo, go to Phil. Weber's barber shop, two doors south of the express office, Hailey.

A special train arrived here about 11 o'clock last Saturday evening, bringing the new manager of the Hailey Hot Springs and a party of five friends. The train on which the party came did not reach Shoshone until 8 o'clock Saturday evening, and as they wished to spend Sunday at the Springs they chartered a special train at a cost of \$30.

Students are accepted at Vassar on a certificate from the Seminary at Mt. Carroll, Ill. This saves to the candidate an examination.

Major Pinkham, Census Supervisor of Idaho, left to-day for the Cour d'Alene region, where he is having a great deal of trouble with census enumerators. One of the appointees qualified, refused to serve, but failed to notify the supervisor; and two others refused to serve on flimsy excuses. The two latter are "in lock," and the Major says that he will have one more in the same predicament in a few days. It looks to him as if there was an attempt to defeat the census altogether, up there.

Blank Proofs of Labor are for sale at this office.

A Rapidly Growing Business.

Edward Davey, the cigar manufacturer, is employing four hands, and has telegraphed for three more. He expects one this week, and two next week. Although working extra time he cannot keep up with the orders that are pouring in upon him, and is beginning to think of securing larger quarters.

His cigars are far superior to anything in that line ever before obtainable here for the price.

The Camas No. 1 Hoisting Works Started Up.

Isador Morris wore a smile extending from ear to ear, to-day, because as his nose showed up above the crest of Camas hill, yesterday, he heard a strange, new whistling in the direction of the Camas No. 1 group. On looking that way he saw a few puffs of white smoke issuing out of a pipe near his shaft, and he then correctly guessed that his new hoisting works had just had steam turned on.

A Genuine Globe-Trotter.

J. K. Owen, the millwright who built the Columbia and Beaver, the Vienna, and Bannock mills, in remitting for six years' subscription to the TIMES, says: "I like the paper for its reliable mining news, but I don't get to see it often. I would have remitted before, but have been traveling most of the time. During the past two years have been in South America and only saw copies occasionally, and they were not mine, as they awaited my return to Sonora, Cal. Now, I am going to China, and expect to be gone at least one year and may be five years. With kind regards to friends," etc.

Ice-Cream Festival.

An ice-cream festival will be held at the M. E. church Wednesday evening of this week. A carefully prepared musical and literary program will be rendered at 8 p. m. All are invited to go and enjoy an evening's pleasant social pleasure.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Hewit & Brown, druggists.

LETTER LIST.

List of Letters remaining in the Hailey (Idaho) Postoffice for the week ending June 25th, 1890. Persons calling for any of these letters will please say "Advertised."

Burkhardt, Mr. E. K. Doherty, Mr. Daniel, McFerson & Fenner, Palmer, Mr. E. Werry, Mr. N. G. EDWARD ANGEL, Postmaster.

Weak Women.

The more sensitive nature of the female sex renders women much more susceptible than men to those numerous ills which spring from lack of harmony in the system. The nervous system gives way, sick headache is frequent, the appetite is lost, and other ailments peculiar to the sex cause great suffering. Hood's Sarsaparilla is peculiarly adapted for such cases, and has received the most gratifying praise for the relief it has afforded thousands of women whose very existence before taking it, was only misery. It strengthens the nerves, cures sick headache and indigestion, purifies and vitalizes the blood, and gives regular and healthy action to every organ in the body.

Spinal Weakness.

Henry J. Gallagher, 56 Prince St., N. Y., writes: "Having been troubled with pains in my back and chest during the last winter I was compelled to remain at home unable to attend to business, until I was advised by a friend to try one of ALCOCK'S POROUS PLASTERS. After applying one to my chest and one to my back, in three hours I found relief which I had not got in over three months. I cheerfully recommend them to persons having spinal weakness and lung trouble."
