

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients, Hood's Sarsaparilla possesses the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy—Hood's Sarsaparilla is the only medicine of its kind which can truly be said to be "One Hundred Doses for One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's. Peculiar in its medicinal merits, Hood's Sarsaparilla accomplishes cures hitherto unknown, and has won for itself the title of "The greatest blood purifier ever discovered."

Peculiar in its "good name at home"—there is now more sold in Hood's Sarsaparilla than of all other blood purifiers. Peculiar in its phenomenal record of sales abroad, has no other preparation ever attained such popularity in so short a time, and retained its popularity and confidence among all classes of people so steadfastly.

Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine.

WOOD RIVER TIMES

SATURDAY MAY 23, 1891

THE "TIMES" STANDS ALONE.

"The Times stands alone." Our readers doubtless remember seeing this expression before, in the columns of this paper. Well, it is as true now as it has ever been.

No one is responsible for its course besides its editor and proprietor. Interested parties who are endeavoring to alarm business men by threatening them with loss of patronage, because of the policy of the Times may, therefore, as well save themselves such useless trouble.

The Times has started in to effect a reform, and it will effect that reform even though it should fail the very next day; and if we hear another word about the intimidation of business men, we shall devote some time to ferreting out the parties guilty of the crime.

WHO WILL HELP ALONG THE GOOD CAUSE?

A preliminary examination of the minutes of proceedings and allowances of the board of commissioners of Alturas county since the 15th of January last has been made by the editor of the Times, assisted by A. F. Montandon, the attorney-at-law.

This partial investigation has resulted in the discovery of warrants or allowances amounting to over \$3000 whose payment, Mr. Montandon is firmly convinced, can be successfully contested. Some of these allowances are so clearly illegal that no court of equity can possibly indorse them.

In order to bring the matter to a focus as speedily and with as little expense as possible, it has been decided to apply for an injunction to restrain the County Treasurer from paying these allowances. This will compel the persons to whom the warrants objected to have been issued to appear in court, and uphold or establish their legality. In this way the county will be saved any expense; and the matter can be settled as far as the court of first instance is concerned, at the forthcoming term of the Fourth Judicial District Court.

Mr. Montandon will prosecute the case to a final decision (even if it should go to the State Supreme Court) free of charge. The Times will not, of course, make a single charge in connection with the people's side of this case. The only expense will be the court and other legal costs which

must be paid in advance, as follows:
Filing suit.....\$10.00
Costs of Court (about).....20.00
Serving injunction (about).....3.00
Short-hand reporter, etc. (about).....40.00
Total.....\$73.00

This will cover all costs of the case in the law court, and, probably, also the cost of the transcript for the Supreme Court, if it should be necessary to take the case to that tribunal. This is, however, very improbable.

Several taxpayers have already offered to contribute toward paying the costs of the case. But it is desirable that as many as possible should contribute. Hence subscriptions of 50 cents to \$5 to that end are hereby solicited. They may be sent direct to this office, when their receipt will be acknowledged in the Times, or they can be handed to the editor of the Times. In the latter case a written receipt will be given, and in every case the money will be accounted for to the last cent.

In case any desiring to contribute should not wish the fact known, they can hand their subscriptions to the editor of the Times who will give them a private statement at any time, but he agrees, on his word of honor, not to reveal their identity without their permission.

As the costs will be taxed to the losing party or parties, this money will doubtless be returned to the subscribers at the conclusion of the case. The subscriptions will therefore be mere loans that will doubtless be repaid within 30 to 60 days.

DITCHES, CANALS AND RESERVOIRS.

An Enactment Which Gives Them the Right of Way Under Statute Conditions.

A circular was issued recently by the General Land Office which instructs subordinates as to the scope of an act of congress approved March 3, 1891, and entitled "an act to repeal timber culture laws, and for other purposes."

THE EIGHTEENTH SECTION provides that the right of way through the public lands and reservations of the United States is hereby granted to any canal or ditch company, formed for the purpose of irrigation, and duly organized under the laws of any State or Territory, which has filed or may hereafter file with the Secretary of the Interior a copy of its articles of incorporation, and due proof of its organization under the same, to the extent of the ground occupied by the water of the reservoir, and of the canal and its laterals, and 50 feet on each side of the marginal limits thereof, also the right to take from the public lands adjacent to the line of the canal or ditch, material, earth and stone necessary for the construction of such canal or ditch. The right of way must not interfere with the proper occupation by the government of any reservation, and all maps of location must be subject to the approval of this Department and of the Department having charge of any reservation in which the right of way is proposed to be located.

THE NINETEENTH SECTION is drawn in the same general terms of section 4 of the right of way act for railroads, approved March 3, 1875 (18 Stat., p. 482), and directs that any canal or ditch company desiring to secure the benefits of this act shall, within twelve months after the location of 10 miles of its canal, if the same be upon surveyed lands, and if upon unsurveyed lands within twelve months after the survey thereof by the United States, file with the register of the land office for the district where such land is located a map of its canal or ditch and reservoir, and, upon the approval thereof by the Secretary of the Interior, the same shall be noted upon the plats in said office, and thereafter all such lands over which such right of way shall pass shall be disposed of subject to such right of way. The section further provides that whenever any person or corporation, in the construction of any canal, ditch or reser-

voir, injures or damages the possession of any settler on the public domain, the party committing such injury or damage shall be liable to the party injured for such injury or damage.

Under this section all maps or plats showing the location of canals, ditches, or reservoirs, must first be filed in the proper local land offices. The register will note in red ink on the map or plat over his official signature the date of such filing in his office, and then promptly transmit the same to this office for appropriate action. It is imperatively necessary that all maps or plats submitted under this section should be filed in duplicate.

THE TWENTIETH SECTION directs that the provisions of this act shall apply to all canals, ditches, or reservoirs heretofore or hereafter constructed, whether constructed by corporations, individuals, or associations or individuals, on the filing of the certificates and maps herein provided for. If such ditch, canal, or reservoir has been or shall be constructed by an individual, or an association of individuals, it shall be sufficient for such individual, or association of individuals, to file with the Secretary of the Interior and with register of the land office where said land is located a map of the line of such canal, ditch, or reservoir, as in case of a corporation, with the name of the individual owner or owners thereof, together with the articles of association, if there be. Plats heretofore filed shall have the benefits of this act from the date of their filing, as though filed under it.

Forfeiture is declared if any section of said canal or ditch shall not be completed within five years after the location of such section, to the extent that the same is not completed at the date of forfeiture.

By the provisions of this section it is obligatory upon all corporations, individuals, or associations of individuals, owning, controlling, or operating canals, ditches, or reservoirs, whether the same have been constructed, or are to be hereafter constructed, in order to be admitted to enjoy the benefits provided for in this statute, to file the necessary papers and maps entitling them to recognition under this act, and you are directed to give notice to all such corporations that may be found within your district that the conditions precedent to obtaining rights of way over the public lands, as enumerated by the statute, must be fully complied with before any easement can be secured.

THE TWENTY FIRST SECTION, declares that nothing in this act shall authorize such canal or ditch company to occupy such right of way except for the purpose of said canal or ditch, and then only so far as may be necessary for the construction, maintenance, and care of said canal or ditch.
