

WE HAVE secured the services of MR. H. BIRD, of Tendoy, Idaho, to represent us in Lemhi county in the sale of our general line of fruit and ornamental trees, small fruits, shrubs, roses, etc. All orders given or sent to him will receive our personal attention and are sold at the same prices as are charged right here at our nursery. Everything will be guaranteed to be first class and delivered at destination in a healthy, thrifty growing condition. Our prices are right, and as low as is consistent with strictly reliable and high grade stock, such as our customers will receive. An exact copy or every order will be left with all purchasers; and our stock is guaranteed true to name as labeled. You will not have to pay Mr. Bird any more than if you came to our nursery and bought stock. Customers wishing to send their orders to us may do so if they prefer.

We employ none but reliable salesmen—men who are dependable and trustworthy. Mr. Bird possesses these qualifications and is worthy of your confidence. He will be glad to advise you as to varieties, etc., and give you the benefit of his long experience in horticulture. Send your orders to him or let him know your wants—just drop him a postal. It will be difficult for him to call on everyone, but he will see you if possible.

No better nursery stock is grown anywhere in the country than in the Yakima Valley, where the growing conditions are practically under control; so that in consequence we are able from the nature of our volcanic ash soil to develop an excellent root system, and "it is the root that counts". At the same time we properly mature our stock—not keeping it growing late in the fall, such as many nurseries do to get a bigger growth. The roots and perfectly matured trees spell success for the buyer.
