

The tablet form of this old reliable remedy makes it possible for you to check any illness at the very onset. It is a safeguard against coughs, colds and other catarrhal conditions, no matter what symptoms are manifest. Catarrh is an inflammation of the mucous membrane that lines the breathing apparatus and the digestive apparatus. PERUNA cures catarrh. In tablet form it is EVER-READY-TO-TAKE. Prompt action makes it invaluable for men and women exposed to sudden changes in the weather or compelled to be out in rain and snow. It will also be found most satisfactory as a tonic following an attack of illness.

CARRY A BOX

Whenever you go. Travelers and others who take long drives in the cold and whose occupation subjects them to the danger of sudden colds may use it as a preventive with the assurance that the same made here from the same formula as the liquid medicine with its 44 years of success before the American Public.

Donizetti and the Czar. There are some persons who talk on all occasions when others are speaking or whatever they may be doing. The Evangelical companion of the hint given by Donizetti, the great musical composer, to Czar Nicholas of Russia.

During Donizetti's long stay at St. Petersburg, he played by command before Czar Nicholas, who, in the course of the piece, entered into conversation with a bystander. Donizetti at once stopped the performance. "Why have you stopped?" asked the bystander. "The Czar," was the reply, "when the Czar is speaking, everyone else should be silent."

SWAMP-ROOT STOPS SERIOUS BACKACHE

When your back aches, and your bladder and kidneys seem to be disordered, remember it is needless to suffer—go to your nearest drug store and get a bottle of Dr. Kilmer's Swamp-Root. It is a physician's prescription for diseases of the kidneys and bladder.

It has stood the test of years and has a reputation for quickly and effectively giving results in thousands of cases. GOOD SECTIONAL WIRE FENCE

Easily Erected, and Will Add Much to the Appearance of Any Property.

A recently invented sectional fence designed for quick and easy erection is composed of U-shaped units, each of which is made from a single piece of wire, the ends of the wire being driven into the ground in such a way that the units overlap and are secure.

Fence Made Up of U-Shaped Wire Sections, Designed for Quick and Easy Erection.

ly bound together. One leg of each of the units is bent to form two loops, one located near the top of the fence and the other at the ground line. In erecting the fence the sections are driven into the ground successively, the straight leg of each section being first passed through the loops of the adjacent section.—Popular Mechanics.

MAKE BACK YARD ATTRACTIVE

Cost Need Not Be Great if a Little Care Is Given to Proper Expenditure.

Why not make the back yard just as attractive, or even more attractive, than is the front lawn? It can easily be done and at very small expense. Instead of piles of rubbish, an unsightly ash barrel or two, a more unsightly garbage receiver, unsightly clothes-line poles, etc., take a little time and spend a little money and make the back yard lawn or garden a place upon which you will like to pass a portion of every day.

First, by an underground garbage receiver, which is sanitary, does not take up space in the yard, keeps away rodents, and is a permanent investment. The cover operates by a simple foot trip, a blessing for the women-folks.

Keep the ash barrels in the cellar or under the piazza, where they may be screened from sight.

Then, instead of the clothesline poles, bare and dirty, build a pergola around them and cover it with climbing vines which will keep green all summer; this will cost only a few dollars, and will add hundreds of dollars worth to the beauty of the back yard.

Then, if you have two or three shade trees there—and if you have not, you had better have some transplanted at once—build around each one a rustic seat; this you can do yourself at the expense of only a pound or two of nails and a few hours of work cutting the sticks which you will need from some nearby grove.

DECORATOR MUST BE ARTIST

Is Compelled to Have Wide Knowledge to Practice Profession These Days.

Formerly the decorator or painter merely had to deal with colors and paints, and use them to the best advantage. Nowadays a decorator is compelled to have knowledge of the several branches in rugs, furnishings and draperies, their adaptation, selection and utility, and even the plastering branch of building construction, advising for rough or smooth plaster, relief or stucco work, carpenter or cabinet work, says the Real Estate Magazine. He must make himself familiar with all these things in order to carry out his scheme and produce the effects which he may desire to produce in the respective rooms of the modern house.

The decorating, and, to some extent, the furnishing, has become almost as much a part of his calculation and work as the mere painting. He must make his interiors handsome and inviting. The tenant when negotiating for a first-class house is no longer content with bare, white walls and plain floors. The demand in such cases is for a house that is finished according to the modern idea. Like everything else in building construction, these perplexities are turned over to the architect to solve, but the modern metropolitan owner or manager must take them into his business along with brick, cement and steel.

Coquettish Modes Reappearing

The pannier drapery and the pointed bodice, from the coquettish modes of long ago, are plainly embodied in the fascinating frock shown here. But it follows its pretty and frivolous forerunner at a considerable and safe distance and has adapted instead of adopting the original that it complies so adroitly. The twentieth century maid consents to the frivolity of the seventeenth century gown but stops at its foolishness. She has follies of her own to deal with.

The gown pictured has a full underskirt of georgette crepe on which a little outline embroidery in gold appears at the front, and an underbodice and three-quarter length sleeves of the crepe. The overskirt, of flowered taffeta, is cut longer than the underskirt and caught up at two places at each side. Wherever required it is tacked to the underskirt and it hangs straight and full at the back, covering the crepe skirt completely.

The crepe underbodice is almost square at the neck and finished with

Made of Familiar Materials

The art of the milliner means more than the material she works with, or quite as much, anyway, in producing hats in which style is the strongest element. Here are two attractive and inexpensive hats, made of familiar fabrics, that demonstrate how cleverly ideas may be interpreted in materials that every milliner has at hand. These hats are suited to any season, too, which is a great factor in their favor.

The pretty model, with spangled crown and brim of ruffled malines may be made in black or in any of the colors in which spangled bands are to be found, with malines to match. A crown of nacre or opalescent spangles used with cream-colored malines would make a beautiful and very dressy hat. The ruffle of malines is made of four thicknesses, wired for support and put on in box plaits. A half wreath of foliage and hat silk roses is applied at the right side and back, over the malines. This is one of those hats that are simple enough in construction to be made by the home milliner. She will succeed by making a faithful copy of it.

The turban of satin presents also no great difficulties to the ambitious needlewoman. The frame is in two pieces, which are covered separately. The covering of the crown is plain, except for a fold in the satin which

"CASCARETS" ACT ON LIVER; BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. It will gradually darken streaked, faded gray hair and remove dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.—Adv.

BACKACHE, RHEUMATISM

Dear Mr. Editor: For a long time I suffered from backache, pain in left side, frequent urination (bothering me at all times during the day and night), and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of the new discovery of Dr. Pierce, of the Invalids' Hotel, Buffalo, N. Y., called "Anuric." After giving "Anuric" a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines but these "Anuric Tablets" of Dr. Pierce's are the only ones that will cure kidney and bladder troubles. (Signed) HENRY A. LOVE. NOTE—Experiments at Dr. Pierce's Hospital for several years proved that "Anuric" is 37 times more active than lithia. Send Dr. Pierce 10c for trial package.
