**VIEL'S Final CLEAN-UP SALE**  
**20 DAYS ONLY**  
**March 8 to 28**

Didn't that last month's sale list make you think of Pre-War days?

Well, here goes another slap at the other fellows' War Prices, as we have fully made up our mind that we are not going to let them unload their high priced stocks at War Prices.

Why aren't they sports enough to drop their prices now. [We realize they have customers who won't deal with us and many of ours won't deal with them. But why not give their own customers the benefit of the declines? You can bet your neck they jumped their prices during war days. Why not be sports enough now to take a loss? During war days Food Controllers, Councils of Defense, Government Control, etc., held us in bounds, but thanks to our brave soldier boys that day is over and we can once more go after them in our old fashioned style.

The wage earner, the capitalist, the stock man, the rancher, and all others all profit by our competition. The great majority of those who pay cash trade with us. If he is long winded credit he pays the other fellow's long winded prices.
