The Season's Evening Gowns and Wraps Are  
Most Elaborate

## THE NOVELTIES IN ACCESSORIES

Evening gowns and wraps are once more the center of attraction for the social season is at hand and all who take part in the gaieties of dances and theatre parties that brighten the autumn and winter, are starting their preparations for these social events.

The materials and trimmings for evening wear are very rich this season and the gowns are accordingly most elaborate and luxurious; seemingly, there is no limit to the extravagance of many of them. In materials, the preference seems to be given to chiffon velvet, and the soft richness of this material is especially adapted to developing the sumptuous gowns that women of fashion demand. Next in importance come the brocaded silks and satins and the gold and silver laces and nets. Quantities of these gold, silver

outlined with iridescent beads. Another interesting feature of evening gowns is the return of the train. Many trains are in the form of separate panels, some of which are quite long, while others are only long enough to merit the name of train. On one of the latest models was a train of net and half satin. It started from the shoulder and the upper part to about the normal waistline was of net, the remainder being of satin.

Skirts are still short, even when they carry trains, but even the shortest skirts are longer than those of last season.

### The New Wraps

Fully as elaborate and luxurious as the gown itself is the evening wrap to go with it. The wraps are very ample and are fashioned chiefly of velvet or broadcloth, trimmed with fur. The fur is applied in bands around the edges as in the accompanying illustration, or it appears only in collars.

All sorts of rich, brilliant colors, among them ruby, rose, geranium and different shades of blues, are used for wraps and other linings. The lining is often the same color as the wrap or contrasting. Sometimes bright figured silks are used. Beautiful wraps also come in darker shades. An especially handsome one was of dark red velvet trimmed with dull-gold braid and enriched with coney fur at the neck and sleeves.

### In the Line of Accessories

Of the accessories for evening there are countless dainty conceits in the form of bags, artificial flowers to match dresses, and fans. The bags are of gold and silver tissue or of delicate silks. The large ostrich feather fans are favored above all others, and very beautiful they are, coming in all colors to match the gowns they are to accompany.

Evening Gown of Velvet and Lace

and other metallic laces are used and they are combined with tulle and net or with soft silks, satins and velvets. Black chiffon velvet combined with gold or silver lace is especially high in favor, but the colored velvets are also favored, some of them being very brilliant, while others are in the softer shades. For young girls, white satin embroidered in silver as well as the soft shades of pink and blue make very charming gowns. Tulle is another of the girlish materials for youthful dance frocks. It makes the daintiest of frocks, and the tulle used at present is not of the perishable kind that was used formerly.

In the way of trimming, everything that glitters and sparkles is in demand for decorating evening frocks. Quantities of paillettes, sequins and rhinestone trimmings are employed, so that there is a great deal of glitter and glamour about the evening frocks of this season.

The use of chiffon velvet combined with lace is shown in the charming model illustrated. Fine lace flouncing forms the side sections of the skirt and this may be of white or silver lace, or black lace, which is also very effective. Bands of pearl or rhinestone trimming over the shoulders hold up the little bodice of black velvet, and at the same time they serve as a finish to the frills of lace which take the place of sleeves. Another type of sleeve which appears on ever so many evening frocks is the long, trailing sleeve of tulle, known as the wing sleeve. It always gives the added grace to a gown and is often

Broadcloth Cape Trimmed With Fur

Evening slippers are of satin, brocades and silver and gold tissues, the latter being particularly favored. Many are ornamented with buckles of rhinestone and crystal, while there are those entirely devoid of ornament. Some striking fancy slippers are half of gold or silver tissue and half of gray colored satin. They were made with vamps of the colored satin and the heels and quarters of gold or silver. Silk hose to match are worn with the slippers, for they are to be had in all the desired colors.

### THE DANGER OF ILLITERACY

It is gratifying to note that the tendency of the age is setting more strongly to a general education of the youth of the land. Many states, unable to solve the educational problem in any other way, have passed compulsory laws, and in some localities these are being enforced. Needless to say that where such is the case the results are most gratifying.

Still there are many sections of our country where this is not the case—many sections where ignorance is still at a premium.

This should not be. No child should ever be permitted to reach maturity without being given the ground work of a liberal education.

There can be no greater menace to the safety of this republic than that of ignorance. It is the father of crime and the mother of treason.

Of late we have been deluged with

argument for national preparedness. To our way of thinking the most effective preparedness that this nation could attain to would be to see that every child within its border is lifted above the soul paralyzing slough of ignorance. It would be worth more than the entire heavy rodinances of the Kaiser or all the dreadnaughts of Great Britain.

"Vox populi, vox Dei," is indeed a noble sentiment, but it is true only in so far as the voice of the people is the voice of the enlightened, intelligent people. It were the mockery of an omniscient God to suppose otherwise.

Let us as a people awake to the great fact that this land can never be what the Creator intended it should be until our people are intelligent, educated, well informed citizens.

There are few social or political problems of which education is not the sure solution.

### UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Blackfoot. No Blackfoot resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice told testimony.

Mrs. J. L. Wilson, R. F. D. No. 2, Blackfoot, says: "I had attacks of kidney complaint for four years. This trouble came on suddenly, the first symptoms being pains across the small of my back that obliged me to take to my bed for three or four days. I tried various medicines, but without getting relief until I took Doan's Kidney Pills. They proved very effective."

Over two years later Mrs. Wilson said: "I still consider Doan's Kidney Pills a first-class medicine."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wilson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

For County Treasurer

L. G. WELLS

Mr. Wells has several years of experience in county work of this character, and is well qualified to handle the work of this office. You will make no mistake in voting for him, and especially is it true that there is no reason why any Republican in Bingham County should vote for a Democrat for the office of County Treasurer at the coming election on November 7th. Mr. Wells will undoubtedly be elected by the usual large Republican majority.

### Many in Blackfoot Try Simple Mixture

Many Blackfoot people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. Edw. Thoreson, druggist.

### "Goodnight Corns! We Use 'Gets-It!'"

3 Drops in 2 Seconds. That's All!  
"GETS-IT" Does the Rest.  
Never Fails.

"Really, I never could see how some few peoplo use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

to walk sideways and wrinkle up their faces. Or they use knives that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make the toes bleed. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else. "GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Blackfoot and recommended as the world's best corn remedy by the PALACE DRUG STORE

### LILYHOOD

Love and the gentle gloss of innocence is like unto the Lily of the Valley, which unfolds its petals with the rising sun. The dew drop quivers upon the petal and leaf. Perfume sweet as the morning is its heritage. Smiling in its purity it greets the day dawn. Unsmiled by the touch of man it retains that gentle gloss, which, once disturbed is gone forever. And so the rude familiar touch, the lowering of ideals, low associations, remove the gloss that never returns. The cheek has lost some of its rose tint, the eye its gentle dew and lovelight; the bird notes have gone from the voice, the airy tread of the fawn is gone, self-consciousness has taken its abiding place in the heart. Self-examination in the mind, while the soul which once dwelt in the realm of sunlight has passed into the land of shadow; while upon the horizon appears the first cloud, the harbinger of the coming storm.

—T. G. BOND.

### STILL IN THE RING

Lewis G. Wells, a former clerk of Chautauqua county, now of Blackfoot, Idaho, is making the race on the Republican ticket for treasurer of Bingham county. Mr. Wells made this county a good officer, and if elected the people of Bingham county will have no cause to regret letting him handle their official pocket-book.—The Sedan Times-Star, Sedan, Kas.

### SUFFERERS FROM INDIGESTION RELIEVED

"Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.

Mr. Hughes and Mr. Wilson are both cock sure of election to the presidency. Which, incidentally, is at least some slight assurance that we will continue to have a president.

### IN ORDER TO VOTE FOR PRESIDENT WILSON YOU MUST VOTE FOR ALL THE DEMOCRATIC PRESIDENTIAL ELECTORS. THEY ARE:

HARRY L. DAY  
DAVID L. EVANS  
FRANK MARTIN  
JOHN E. PINCOCK

Did Wilson keep us out of war? Well, it's enough to know he did not get us in, as Roosevelt says he would have done if he had been president, so Wilson must have kept us out.

With all the Republican guff the voters have heard during this campaign, the fact still remains that the issue is: Shall we have Wilson and peace and prosperity, or Hughes and war and misery?

The Mexicans despise the Americans, because our rich corporations and individuals have gone down there and made peons out of them, by reason of exploitation of that country. How much would we love a lot of foreigners if they came to Bingham county and did the same thing?

The Republicans have given up carrying Idaho for Hughes, and even Davis admits it, when he says he "will devote the rest of his campaign for Hughes, as there seems doubt as to Idaho on national election." Davis had better stick to his own knitting as he isn't out of the woods yet, nor will he be on election day. Wilson and Alexander will both carry Idaho big.

United States furnishes less than seven per cent of the war munitions of the allies. So they don't rely on us absolutely, nor hardly at all. As to Mexico, a good many Mexicans and Americans have been killed there. But what would happen in the way of killing if we had done as Roosevelt says we should have acted. And he speaks for Hughes.

A wise head often contains a deal of foolishness.

Her Son Subject to Croup  
"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.
