BEACH AT NOME 1902.

In the Alaska Gold Rush of 1902

When thousands of men rushed to Alaska for gold, it was necessary to ship in sufficient food to last through the long winter months. In such a climate, coffee, when packed in the ordinary way, deteriorates rapidly, but Hills Bros., who originated the vacuum process several years previously, were there with Red Can Coffee, packed in vacuum cans, insuring the Klondikers of having their coffee as fresh and flavorful as when at home.
