Studebaker

ROADSTER LIGHT-SIX COUPE-ROADSTER

\$975 \$1225

The Studebaker Light - Six Roadster and Coupe - Roadster were primarily built for business use. In meeting the urgent demands of business, they naturally have fulfilled the needs of the small family.

Each is built for hard usage, day in and day out. And as they are completely Studebaker built—you know they will stand up under hard going.

The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample luggage space is provided under the rear decks.

There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration. Crank shaft and connecting rods are machined on all surfaces, thus eliminating vibration and insuring longer life to the motor.

Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

Both models are upholstered in genuine leather; have ample space under the deck for luggage; ignition and thief-proof transmission locks, and cowl ventilator.

The three-passenger Roadster has cowl lights; storm curtains opening with the doors; large plate-glass window in rear curtain, and inside and outside door handles.

The Studebaker Light-Six Coupe-Roadster seats two passengers; has side coach lamps; rain visor and windshield wiper; eight-day clock.
