

**A BLIGHTED LIFE.**

A few mornings since a Philadelphia matron called to see her young married daughter, who resides on north Eleventh street, and found her weeping bitterly. "Oh, mother, take me home. My heart is broken," sobbed the daughter, throwing herself into her mother's arms. After her tears had somewhat subsided the mother said: "Hardly a year married, and here I find you in tears. What does this mean? Has Henry been unkind to you?" "No," sobbed the daughter, "but he doesn't love me any longer, and my heart is breaking." "Come, come, child, cheer up. Tell me why you think him untrue to you. Does he show it?" "Yes," was the heart-broken reply. "O, the scoundrel! O, the viper!" grasped the mother. "My poor, dear child, she fairly sobbed, your mother won't desert you. She'll bring that villain to his knees. What insult has he offered you my child? Speak; tell me the worst." "O, mother, I can't." "You must, my child. Tell me, though the heavens fall, what outrage has he committed?" "He swore last night when I put my cold feet to his back," sobbed the daughter. "Is that all?" grasped the mother. "Yes, but he never did so before. All last winter he never said a word when I put my cold feet to his back, and now I know she doesn't love me," and the poor girl's tears broke out afresh. Before the mother left she managed to convince her daughter that all the world was not hollow, and that the hollow of a man's back was not the place for his wife's cold feet.—(Philadelphia Item.)

**PROTECT YOUR BUILDINGS.**

**PATENT SLATE PAINT,**  
Which may be done with one-fourth the usual expense, by using our  
**MIXED READY FOR USE.**  
**Fire-proof, Water-proof, Durable, Economical and Ornamental.**  
A roof may be covered with a very cheap shingle, and by application of this slate paint made last from 20 to 25 years old, can be patched and coated, looking much better, and lasting longer than the new shingles without the slate, for  
**One-third the Cost of Reshingling.**  
The expense of laying new shingles is only about the cost of simply laying them. The paint is fire-proof against sparks or flying embers, as may easily be tested by any one.  
**IT STOPS EVERY LEAK.**  
And for tin or iron has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. Roofs covered with Tar Sheeting Felt can be made water-tight at a small expense, and preserved for many years.  
This Slate Paint is  
**EXTREMELY CHEAP.**  
Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the Paint has a heavy body it is easily applied with a brush.  
**No Tar is used in this Composition,**  
Therefore it neither cracks in Winter, nor runs in Summer.  
On decayed shingles it fills up the holes and pores, and gives a new substantial roof that will last for years. Gutter and water-shingles it brings to their places, and keeps them there. It fills up all holes in felt roofs, stops the leaks—and although a slow dryer, rain does not affect it a few hours after applying. As nearly all paints that are black contain TAR, be sure you obtain our GENUINE article, which (for shingle roofs) is  
**CHOCOLATE COLOR.**  
When first applied, changing in about a month to a uniform slate color, and is in all interiors and purposes SLATE. ON  
**TIN ROOFS**  
Our red color is usually preferred, as one coat is equal to five of any ordinary paint. For

These paints are also largely used on out-houses and fences, or as a priming coat on the buildings.
