

THE PROPHETIC RAT.

(Virginia Enterprise.)

Old miners have a great respect for the rats of the lower levels. They neither kill the rats nor suffer them to be killed by green hands.

For these and other reasons the miners have a friendly feeling towards the rats, feeding and protecting them.

When rats come into a new drift or crosscut it is considered a good sign— is thought to mean that the men will strike ore.

There is much talk among the miners about the coming of this rat, and the men in the new crosscut are very proud of it.
