

Corbett and Mitchell

To Fight. Mayor Harrison's Assassin to Hang.

ELECTION AT SALT LAKE.

General Summary.

Special Dispatches to THE RECORD. Owing to severe storms and heavy snow the telegraph line was down again this week and our dispatches are shorter than usual.

NEW YORK, Jan. 4.—Silver, 67 1/2; Lead, \$2.30. SALT LAKE, Jan. 4.—To-day is election day, called by Governor West to fill the vacancy of Clarence Hall in the Legislature.

One of the strongest features of the present campaign is to see such men as Powers, Greenwald, Goodwin, Allen and other former Liberals, walking arm in arm with such politicians as John Henry Smith, Moses Thatcher, Governor West and others of the old People's Party before the division on party lines took place.

The Deseret News is neutral in this campaign and its columns for the last week or three days have been filled with paid advertising matter of both parties.

A special from Washington last evening says: "It is understood that the appointment of a Chief Justice of the Supreme Court of Utah will be made within a few days. Col. Sam Merritt is said to stand for the position. A Receiver of Public Monies for Salt Lake will also be appointed at once and while there are many candidates, it is believed Frank Harris stands the best chance of receiving the appointment.

Another special from the National Capitol dated last evening says concerning Statehood for Utah: "The Post to-day has an editorial answering the London Standard about the danger of admitting Utah, because that English organ fears polygamy would be reinstated the moment the Territory becomes a State.

JACKSONVILLE, Fla., Jan. 3.—Unless something of an unexpected nature turns up, the Corbett-Mitchell battle will surely take place. It is probable that the original plan will be fully carried out, but if it is found impossible to pull the fight out in this city, a secret battle ground will be selected within the limits of Duval or St. John counties, and the contest will go on as if nothing had happened.

TELEGRAPHIC NOTES. NEW YORK, Dec. 27.—Senator Proctor's bill, making Utah a part of Nevada, is before the Senate Territories Committee, which is composed of Falkner, Hill, Blackburn, Bate, Call and White of California, Democrats; and Platt, Davis, Carey, Shoup and Hansbrough, Republicans.

The union of Nevada and Utah is opposed by both the State and Territory. Political considerations complicate the question. Senators Jones and Stewart are sure of their positions with Nevada's boundaries unchanged, but if Utah be added to Nevada they might find themselves confronting a strong opposition from the Utah leaders.

fight against them would not be easy. Orders for the "Mantonah" to prepare in twenty-four hours to go to sea were received at the navy yard to-day. The ultimate destination of the monitor will undoubtedly be Rio.

Rev. Edward Bell and his wife of Long Island, were arrested to-day for allowing two of their children to die of disease through neglect. The case is one of shocking brutality. Bell is known all over the East and West, especially in California, where, it is said, he traveled under a score of aliases while in the ministry.

FRESNO, Cal. Dec. 28.—Chris Evans the notorious train robber, with the aid of a man who brought him his supper, held up the Deputy Sheriff and escaped from the jail here a few minutes after six o'clock this evening.

TOPEKA, Kan., Dec. 27.—Governor Lewelling has issued a circular to the heads of the police departments of the six metropolitan cities in the State, suggesting, in view of the financial stringency, that they, as far as possible, give employment to heads of families in preference to single men, and that even in some cases it would be advisable to discharge single men to make places for heads of families.

DENVER, Dec. 28.—The product of the Boston and Colorado Smelting Company for 1893 shows a gain of fifty per cent in the Colorado gold handled, the total being nearly \$1,000,000.

JOHANNESBURG, South Africa, Dec. 27.—Serious rioting occurred yesterday among the natives at Witwatersrand. The natives who engaged in disturbance were mostly employed in the mines, and numbered about 2000. A hundred men have been wounded, six dangerously. The rioters also sacked a store and tried to destroy public buildings. They were eventually dispersed by special policemen. The excitement extended to several mines.

PARIS, Dec. 28.—The action brought by Princess Colonna, step-daughter of Mr. Mackay, the American millionaire, against her husband, Prince Colonna, for a judicial separation, was to have been heard to-day, but the case was postponed in consequence of the fact that Advocate Buit, who represents the Princess, was pleading a case before another court. Prince Colonna was present in the courtroom with his Advocate, Maître Des Jardins.

BUNOS AYRES, Dec. 28.—Yellow fever has broken out at Rio Janeiro, in its most virulent form and it is prayed that the horrible situation may soon be ended. The bombardment of the city and forts still continues, and the forces of both parties seem determined to bring matters to a termination. The fire of the rebel war ships upon the forts is said to have resulted in killing a number of the defenders of the fortifications. It is also said that several people have been killed in the streets of Rio, and the people of the city are so panic-stricken that all the stores are closed, and business is practically at a standstill. It is reported that a battle at sea between the rebel ships and Peixoto's cruisers may soon be expected, and upon this engagement will depend the fate of the rebellion.

TOPEKA, Kan. Dec. 28.—Governor Lewelling to-day removed Mrs. Lease, the Populist woman orator from membership of the State Board of Charities. It is said that Mrs. Lease was preparing for another assault on his administration through the newspapers. She had declared herself as loaded with letters and documents that would turn the Governor down, and proposed to go for him on account of many misdemeanors. The Governor accepted the challenge and invited the worst Mrs. Lease can do. The removal is expected to disrupt the Populist movement in Kansas and bring on its defeat at the next election.

MILWAUKEE, Wis. Dec. 28.—The recently appointed receivers of the Northern Pacific Railroad Company are charged with having openly robbed the road, saddled it with millions of debt and then secured their appointment as receivers. A petition has been presented to the United States Circuit Court asking for their removal. The petition and the facts alleged against the receivers has caused a tremendous sensation.

LONDON, Dec. 29.—This was Gladstone's 84th birthday. He passed the forenoon working hard in his study. During the afternoon he went to the House of Commons. He received many telegrams of congratulation from distinguished people in all parts of the country.

CHICAGO, Dec. 29.—Prendergast, the murderer of Carter H. Harrison, will be hanged for his crime. The verdict of the jury said it, and the people of Chicago approve it. Ably defended as the assassin was, and strong as the evidence adduced to save his neck has been, the jury found him to be sufficiently sane to be responsible for the act, and demanded that he pay the highest penalty for the offense against the law. This, however, is a sorry recompense for the death of Carter H. Harrison.

PITTSBURGH, Dec. 30.—The advent of the new year will be accomplished by a decided boom in industrial circles. The resumption of mills on the south side alone will give employment to 3000 idle men. All the Carnegie mills will be in operation Monday.

FRESNO, Cal. Dec. 30.—Chris Evans's wife has been held in jail for complicity in his escape from jail. There are no tidings from the Sheriff's posse in pursuit of Evans.

The people who need more religion, are: The man who lets his horse stand all day in the rain without a blanket; the man who whips a horse like a beast with a sore head when his wife asks him for money; the woman who whips around that some other is not just what she ought to be; the preacher who is always looking for an easier place and a higher salary; the man who walks the streets with his hands in his pockets while his wife carries the baby, and the man who keeps a dog and says he can't afford a home newspaper.—E.

OUR WASHINGTON LETTER.

Correspondence of THE RECORD.

WASHINGTON, December 25, 1893.

Can the Cleveland tariff bill be defeated in the House? That was the important question considered at a secret conference of Democratic members of the House who are opposed to the bill, or at least to those portions of it that fall heavily on industries in their respective districts. I have learned that the members of this conference decided to take advantage of their visits home for the holidays to ascertain the sentiment of their constituents, and determine that if they were, as they believe them to be, against the clauses of the Cleveland bill that affect their own industries, that they would combine against those particular schedules of the bill and if the Democratic caucus, to be held as soon as Congress comes together again, refused to amend the bill to meet their wishes, they would in a body decline to be bound by the action of the caucus and would vote against the entire bill. The importance of this conference depends altogether on the number of votes it can control. Statements as to the number in attendance vary, ranging from five to fifty. The administration men who have heard about it say that it is only a bluff on the part of a handful of members, to secure amendments favorable to their constituents, and a good many Republicans are disposed to regard it in the same light. Republicans do not expect to see the bill either defeated or materially changed in the House, but they have an abiding faith that will have to be radically changed before it can get through the Senate, and they are not without hope of its being absolutely defeated in that body. Closing manufacturing, failing merchants, millions unemployed, many of them suffering for lack of the necessities of life, and the cessation of the payment of dividends by all classes of corporations are bound to have some effect in the Senate, if not in the House.

Notwithstanding Secretary Carlisle's refusal to allow members of the G. A. R. to solicit contributions in the Treasury department for the annual Christmas dinner for the families of indigent members of that organization, an ample fund was secured for that purpose and the materials for a first class Christmas dinner were delivered to the families of 662 comrades this morning, and in addition shoes and clothing were given to those who needed them. It takes more than the refusal of a request by a member of the cabinet to upset the customs of the G. A. R.

An amusing incident of the strange feat of assassination which has taken possession of Mr. Cleveland and the men who are prominent in supporting his policy, even when it is necessary for them to turn complete somersaults to do so, is causing a broad smile all over the town. The other day a son of Senator Mills, who comes from a state which has long prided itself on fearless men, applied to the police authorities for a permit to carry a pistol to protect his father from a mysterious assassin, who, he said, had threatened to kill him. The permit was granted to him, and young Mr. Mills went on his way rejoicing in his license to carry a gun, not expecting that any newspaper man would ever know anything about it. That's where he was mistaken. A newspaper man not only found it out but printed it, and the brave Texas Senator and his armed body guard became the butt upon which the ridicule which had been accumulating on account of certain more or less absurd precautions which had been taken at the White House and the Capitol to keep out men feared to be upon murder bent, was poured without stint. The Texas Senator, be it known, is a man of fiery temper. When he saw the publication and observed the manner in which people eyed him he became furious. He claims to have known nothing about the permit until he saw the publication. The sequel came out Saturday afternoon, when young Mills with disheveled hair and wild eyes rushed into the police court and asked that the permit issued to him be cancelled. There is a double moral to this story. First don't get frightened, second don't expect to succeed in hiding things from newspaper men.

The attempt on the part of Secretary Lamont to compel the 500 clerks who occupied the old Ford's theater building at the time of the awful accident to go back into that old death trap, which has been patched up to the extent of \$6,000, has been temporarily frustrated by a report of the local building inspector, declaring the building unsafe. A resolution is pending in the Senate declaring against the use of this building for clerical purposes again. Even if the building were perfectly safe it would still be an unnecessary cruelty to force the clerks who were there when the accident took place to again occupy it.

THE FUTURE POSTAL CARD.

Postmaster General Bissell has decided to abandon the three sizes of postal cards now in use and to substitute one size for single and reply cards. The specifications which have been sent to prospective bidders for the contract for furnishing the postal service with cards for the next four years call for single cards of the uniform size of 3 1/2 by 5 1/2 inches. This is what is known as the international size.

AFTER ALL, WORK IS WELCOME.

Though it may seem hard to go back to the routine of household work or to the place in shop, office or schoolroom when vacation time is over, still if you are honest you will confess that occasional idleness is enchanting, but a continued period of it would drive you mad.—Philadelphia Times.

The Best Medicine.

J. O. Wilson, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills: "Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colic. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spottsylvania C. H., Va. AYER'S PILLS Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Every Dose Effective!
