Nice weather for ducks, this. Send your job printing to the Record Office. Will Clark left this morning for Salt Lake, to be absent a week.

The present term of school will close tomorrow Friday the 20th. If you are interested in school matters get out and vote next Monday.

A notice to Probate the Will of C. J. Boskowitz, deceased, appears this week.

Charley Crow has opened a butcher shop at the old stand of Cook on Main St.

Assessor Freudenthal returned from his assessing trip through the southern part of the county on Monday last.

Morning and evening services were held in the Catholic church last Sunday, Rev. Father Kennedy of DeLamar officiating.

Three loads of general merchandise were delivered at A. S. Thompson's yesterday. Fresh groceries in every line with low spot cash prices.

William Wheatley, accompanied by his family came in from the southwest country where he has been for a number of months, on Monday. He will return that way shortly leaving his family here.

Deputy Sheriff Jake Johnson came up from DeLamar on Sunday bringing his wife, Mrs. H. E. Freudenthal and Miss Gracie Harville, the two latter of which have been visiting DeLamar for the past month.

The daily news bulletins of the past week have not been exciting enough to suit the boys. They look for sea and land engagements every day, and bulletins without recording such events are no bulletins at all to them.

Two weeks from next Monday will witness the opening day of the Omaha Exposition. Everything is in readiness and despite the war it will be a success. It will be one of the greatest advertisements for this western country that has ever occurred.

Two new spring wagons have been put on this end of the Milford mail route by contractor J. A. Denton and he has sent north for a herd of 18 good horses with which to equip the line when he takes full charge on the 1st of July next. The traveling public will appreciate the improvements.

There is \$1450.00 in the Pioche School fund at this time and this amount will be increased several hundred dollars before the next term of school opens, from appointments made in August. This is the money the trustees are to care for and a responsible board should be elected next Monday.

Keystone Chapter of the Masonic Lodge here is to be removed to DeLamar. The paraphernalia was packed for shipment this week. The Odd Fellows hall at DeLamar is being enlarged for the accommodation of the new lodge, and the Masonic Lodge there will now continue its work with increased interest.

We have had another good storm this week. The ranchmen hailed the wet with satisfaction. It rained pretty steadily here during Saturday night, Sunday, and several inches of snow fell Sunday night. The storm was an extensive one. At Beaver and Parowan, snow was six inches deep, while at Toquerville and St. George it rained steadily.

Late War News.

The bulletins this week have contained the expected news of a decisive engagement on the Atlantic between the Spanish and American fleets, yet it is still looked for daily. The Oregon is reported safe, but the Naval Bureau declines to reveal her exact whereabouts, though she is popularly believed in Washington to be now with Sampson's fleet.

The Spanish Atlantic fleet is reported to have passed Porto Rico Pass and the Spanish at Havana expect the fleet to make a dash into that port, furnish powder and supplies and take an active part in defending the place.

The cruiser Charleston sailed yesterday from San Francisco for Manila heavily loaded with supplies and men.

The true account of the bombardment of Porto Rico last week is that Sampson went in expecting to find some Spanish men of war there, and finding none, he withdrew.

The Government has decided to cut all the cables connecting Cuba with the outer world. There are five of them.

Madrid, May 19. A dispatch from Havana says that Santiago De Cuba has been bombarded but that no great damage has been done.

A dispatch from the Danish West Indies says that the Spanish squadron was not at San Juan De Porto Rico when the steamer Rodriguez left there last Tuesday and that there has been no intimation received at St. Thomas of its subsequent arrival at San Juan.

Stage Competition. There promises to be some very lively competition soon on the stage lines hereabouts. It will be in full force after the new mail contracts begin in July.

Ben Miller has secured the route between Panaca and DeLamar and as his pay is only \$90.00 a month some outside business will have to be picked up. He proposes to run through stages three times a week between Milford and DeLamar, and the present route via Panaca and Desert.

J. A. Denton, contractor between Milford and Panaca, who will run via Stateline and Pioche after July 1st proposes on the other hand to give DeLamar passengers a six hours lay over here for rest, and run them through on schedule time besides.

During the summer season at least this warfare will result in a cut in prices, as without a resumption of operations at Deerlodge, traffic will hardly be sufficient to steadily load both lines.

Notice. The undersigned has been appointed agent of A. Mandich and all persons knowing themselves indebted to said A. Mandich will arrange to pay their claims to the undersigned and save costs. M. Church.

Pioche, April 12 1898.

Church Service. Bishop Abiel Leonard, head of the Protestant Episcopal Diocese of Utah and Nevada held religious services at the district court room last Friday evening. A smaller congregation was in attendance than if the service had occurred on a Sunday.

Under the new schedule of traveling Bishop arrived in the evening and was obliged to leave early next morning in order to make connections for DeLamar, for Sunday services. He stated that a pressure of church business generally prevented his remaining over for a longer period this trip, but that on his next visit his disposition will be to pass a week here and at DeLamar which will afford Sunday Services at both places.

In response to the call for volunteers for the cavalry troop to be raised by this state, the following young men from Ely forwarded their names last Wednesday evening: A. R. Wamack, Wm. Bruce, Chas. A. Walker, Howard K. Bane, Julius Johnson, Jerome P. Cooper, Wm. Sexton, Geo. Wilson and A. A. Marshall. This is a fine showing for a little place like this and shows that patriotism is not all talk here after all.—White Pine News.

Announcement is made that the United States mail service to foreign countries will not be interrupted by the war, arrangements have been made with the steamship lines of Great Britain and other countries to continue the service interrupted by the conversion of the American vessels into auxiliary cruisers.

FROM DeLAMAR.

Speculations and surmise on the possible sale of the DeLamar property here have been rife on the streets this week.

All Saints Episcopal Church. Morning Services — 10 a. m. Sunday School — 2 p. m. Evening Services — 8 p. m. Rev. W. T. SNEAD, Pastor.

Outgoing travel is good on the stages now from this place and it promises to continue. Others come in however and so our population keeps about the same.

D. L. Wertheimer has purchased a full line of Summer goods for his house. Some of them are already in and the balance are on the road. Look out for a fine display and bargain prices next week.

Considerable interest is manifested in the school election which is to come off next Monday, and the names of several candidates are filed so to be voted on. This is right, as the management of our schools is one of the important local duties we have to discharge.

A decree of divorce was granted Gertrude Hager from Henry Hager by the District Court Wednesday. The father is awarded the custody of the minor child and pays to Mrs. Hager three hundred dollars in lieu of all claims for alimony and share in the community property. Each side to pay its own costs.—Sentinel.

Deputy License Collector Ben McDonough has exhausted his patience in dunning people for licenses and hereafter proposes that all parties doing business under a license shall come to the Collector's office and get it. This is the law all right enough and it is only through consideration and courtesy on the collector's part that it has not been enforced for years.

Sending up the Chinaman and Mrs. O'Neil two months ago for selling whiskey to indians had a good effect on that class of our population for awhile, but the old practices are cropping out again and several batches of Indian drunks infested the town this last week. The indians generally are down on any of their tribe who give information to the officers against sellers, and one such was badly beaten recently and his life threatened so that he left and has gone to Wilson Creek mountains.

The war has delayed political talk but it is beginning now to be heard here. Already candidates for every county office on the ticket, are mentioned, so there will be no lack of material. The Miners Union, it is said, proposes to put up a ticket of its own. Whether the Union will go in as a political body, affiliate with one of the existing political organizations, or run its men on the petition system has not been mentioned, but if they will first be at some pains to learn the true situation, then any effort they may make to correct any existing abuse will very likely meet with a hearty co-operation at the hands of voters generally.

Two Millions a Year. When people buy, try, and buy again it means they're satisfied. The people of the United States are now buying Casorets Candy Cathartic at the rate of two million boxes a year and it will be three million before New Year's. It means merit proved that Casorets are the most delightful-bowel regulator for everybody the year around. All druggists 10c, 25, 50c a box, cure guaranteed.

Eagle Valley District. Clark and Troutman are reported to have struck something exceptionally good last week in their immense property at Eagle Valley District. Gold is found freely sprinkled over a vast area there and the Clark and Troutman claims are generally conceded to be one of the biggest low grade gold propositions found in this section. At one point the ledge is 600 feet wide and gold can be horned from almost any part of it. It's a proposition however which will require large capital to properly open up on account of shortage of water and remoteness from cheap transportation, though wood is abundant. The latest find shows ore that is almost rich enough to bear the expense of shipment to Salt Lake markets.

Grand Lodges. The Grand Chapter of Royal Arch Masons of Nevada will meet at Carson June 6th, the Grand Lodge F. & A. M. June the 7th and 8th, the Grand Lodge of Knights of Pythias, June 9 and 10th, and the Grand Lodge of Odd Fellows, June 21st, 1898.

If Pres. McKinley calls for the additional 100,000 men which he had under consideration several days ago, some of the Pioche fighters may get a chance to go to the front.

Election Next Monday.

Last Friday, notices were posted around town according to law by school trustees, calling for the election of a full board on Monday next the 23rd inst. One trustee for the long term will be elected whose term of office will be four years. Two trustees for the short term will be elected whose term of office will be two years.

The polls will be held at the school house and will be open from 4 to 7.30 o'clock, which will give everybody a chance to vote. The Clerks and judges of election get no pay and consequently nobody wanted to serve in that capacity and sit all day long when a shorter period would answer just as well.

No Bonds. No matter what the gold press says, it is the duty of the Democrats, Populists and Silver Republicans to present a solid phalanx against the bond scheme. If it should pass the Senate the brokers and goldites will have won their long-fought fight against silver.

The friends of bimetalism insisted that treasury notes should be issued as a war measure instead of bonds. The goldites would listen to nothing but gold bonds, which will cost the people \$900,000,000 in interest alone in twenty years. Who are the people's friends?

An income tax is the most just tax. If we must have everything that is English, let us also have the British income tax. Such a tax would be rather substituted by the people for the British gold standard.—Knight Watchman.

A Few Palindromes.

A palindromist sends us the following list of words, clipped from some paper, which may be spelled forward or backward: "Anna, bab, bib, bob, bub, civic, dad, deed, deified, did, ecce, eve, ewe, eye, gag, gig, gay, gelley, madam, otto, noon, pap, peep, pip, pop, pup, redder, refer, repaper, revolver, rotator, sees, sexes, shahs, tat, tit, toot."

This leads us to ask: What is the matter with "Hannah"? His name is also palindromical. Dr. Moxon's family name is equally capable of being spelled backwards. But can we not add to the above list? Adam's alleged remark to Eve, "Madam, I'm Adam," and Napoleon's "Able was I ere I saw Elba," should not be barred on account of age.

And why not add "Yreka Bakery" for noticing which on the sign, a hungry tramp secured a breakfast years ago.

Invitations are out for the wedding of Louisa C. Rice of Spring Valley to B. Frank Mosher of Deerlodge, to take place at Newlands at the residence of Mr. & Mrs. Henry Rice, the bride's parents, on the 25th inst., next Wednesday. A number of friends expect to attend from town here.

NEW TO-DAY.

Our Rotten Mail Service.

T. E. Wilcox, advance agent for the United States mail contractors of Kentucky, arrived here yesterday and to-day let the contract for carrying the mail from Jordan to Mono Lake to an Indian known as Jack Gilbert, for the sum of \$10 per month. Gilbert is the man who killed Louis Samman here eight years ago, and who served eight years for the crime.—Correspondent Inyo Register.

The above is a good illustration of the way our rotten mail service is managed. No wonder the mails are robbed so frequently.—Wells Herald.
