LOCAL AND OTHERWISE.

The market is well supplied with grain.

Sheriff Freudenthal left for De Lamar Tuesday morning.

Two loads of visitors and residents of De Lamar left for that place Tuesday morning.

P. B. McKeon spent yesterday in town and went to De Lamar this morning.

Miss Minnie Carman, accompanied by her brother Will, left for Salt Lake on Monday's stage.

J. Nesbitt expects to have his goods packed and shipped to De Lamar inside of another week.

J. Ferguson of Hiko will move to Richfield, Utah, and make his home there for the summer.

The mild excitement incident to court is over and we will probably experience a few months of monotonous quiet.

Our snake charmer has sworn off handling rattlers since his rather unpleasant experience of Saturday evening.

Dr. J. D. Campbell left Friday for Elko where he will attend session of the Grand Lodge I. O. O. F. Encampment and the Masons.

The next sitting of the District Court will probably occur in September on account of the criminal matters which have recently arisen in De Lamar.

Dr. Mayo, John C. Wilson, Jimmy Nesbitt and Ed. Farrell were up last Saturday from De Lamar in connection with the Edwards-Wilson case.

The \$500 dollars in the county treasury for the redemption of scrip under the new law was all bid in at Monday's meeting of the County Commissioners.

Our climate, foliage and shade acts like a refreshing draught on our sun baked neighbors of De Lamar. Many is the regret that circumstances will not allow them to reside here.

An error appeared in last week's issue in regard to the time the tickets are on sale at Milford for the Jubilee. It appeared from the 9th, which should have been the 19th.

H. A. Cohen and Mrs. Lucede Caus arrived from Salt Lake on Tuesday evening to attend the Cohen divorce suit. The trip from Milford was made in twelve hours with three changes of horses, the best time yet heard of on that road.

Attorney Root of De Lamar was taken suddenly ill with what was supposed to be the cramps on Sunday while on his way to Pioche which necessitated a lay over at Benoit Springs for a couple of hours. He was around next day in his usual health.

Jesse Root, attorney for the defendants in the preliminary hearing at De Lamar for the killing of Bill Dodge visited town on Monday, anticipating the defendants would be bound over, to learn if the case could be disposed of at this sitting of court. Judge Talbot decided not to call a grand jury at this time but to hold court earlier in the fall.

"The Snake Charmer," as Venus Watkins is now called, was exhibiting a large rattler Saturday evening. It had seven rattles and a button. He handled it with the utmost freedom, but the reptile bit him a couple of times; the effects of it were very slight, his appearance the next day was the same as usual except a noticeable swelling of both hand, and arms.

Mr. Calder, representing the firm of D. O. Calder, music dealers of Salt Lake, was an incoming passenger on Friday morning. He was busily engaged for several days tuning and repairing the pianos and organs in town. He has done a considerable business being thoroughly competent. He left for De Lamar Monday where he will put our friends there in tune.

Strenuous exertions are being made by the promoters of the Jubilee carnival in Utah to raise the large amount of funds needed for the successful carrying out of the programme for the four days. Committees have been appointed by the Governor in each county to thoroughly canvass it, also in each ward of Salt Lake. No stone is to be left unturned to make this affair a gigantic success.

COMMISSIONER'S PROCEEDINGS.

The Board of County Commissioners held its regular monthly meeting on Monday the 7th. Inst. with Luke Syphus in the chair and members Simpson and Giles present.

After approving the minutes of the two previous meetings, outside matters were taken up the first being the case of Billy Sprouse at St. Thomas who was some time ago stricken with paralysis and who applied for county aid. It was shown that two lots of land he owned, together with his other effects had been sold to employ nurses and assistance and that he was unable to help himself. Correspondence on the matter was read and E. H. Syphus was granted a contract at \$40. a month from June 1st. to care for him.

A petition from Panaca was presented asking for the removal of certain corrals from the vicinity of the town ditch, declaring them to be nuisances. No order was made, as the Board considered it had no jurisdiction in the matter, and the parties were referred to the courts for redress.

A well signed petition from Deer Lodge was presented asking that a municipal township be set off there and for the appointment of a Justice of the Peace, Constable and Road Supervisor. On consideration an order was made and entered creating Deer Lodge township with the present Deer Lodge townsite as the initial point and to extend eight miles south, twenty miles north, twelve miles west, and east to State Line. Following the recommendations of the petition Chas. Lytle was appointed Justice of the Peace, and James Knight Constable, with bonds of each fixed at \$1000.00, and thirty days given in which to qualify.

W. T. Troutman was appointed Road Supervisor.

Under advertisements for bids to perform the county printing for the ensuing year, after discussion and estimates made of the work to be done, bids were submitted by the Pioche Weekly Record and the De Lamar Lodge, jointly, at \$60.00 a month. On the estimates made this is much less than the work will amount to at legal rates but not more than legal rates is to be paid in any event. The contract was made in the name of the Record, and bond placed at \$1000.00 which was filed and accepted.

Under the Treasurer's notice to surrender certificates of indebtedness against the General Fund, bids were opened and awards made. Bids at 32, 35 and 39 cents were paid and a portion of one at 40 cents, other bids being two high. This was the first redemption to occur under the law of 1897. Holders of this class of our indebtedness seemed to be holding off to see how it would operate. This fixes something like the value for the time being, but it will change with each phase of the business outlook under the flexibility of the new law.

Reports of County officers were approved and the usual list of claims allowed against the county as printed elsewhere in this issue and a transfer of funds ordered to the Officer's Salary fund.

County Superintendent of Schools, McNamee, represented to the Board the desirability of holding a Teachers Institute at De Lamar in July in connection with the examination for teachers certificates and asked an appropriation, under the law, to meet the necessary expense. A majority of the Board failed to see any advantage in it and refused to appropriate for expenses, but sanctioned holding the Institute. The principal point in the discussion was as to the place in which the Institute should be held whether De Lamar, Pioche or Panaca but as this is a matter practically under the control of the School Superintendent, De Lamar was the point finally selected.

No further business appearing the Board then adjourned to the 5th. of July.

Death of Mrs. Henry Rives.

For ten days past, while attending court here, Judge Rives has had daily telegrams regarding the condition of his wife who was ill at their home at Salt Lake, but until yesterday morning nothing indicated a fatal termination. Messages received then however showed a rapid change for the worse and about four o'clock in the afternoon Mrs. Rives' death was reported.

Immediately upon receipt of bad news yesterday morning Judge Rives prepared to leave. The information that his wife was dying, coming as it did so unexpectedly, utterly prostrated him and though the end was wired here just before his leaving, he was not informed. The nature of Mrs Rives' affliction was not mentioned.

Deceased was a daughter of Dr. Reece and was an elegant and accomplished lady. Judge Rives was married to her at Eureka, this State, twelve years ago. Two children, Gertrude and Lucile, are left motherless, and they and the Judge have the warmest sympathy of his numerous friends and acquaintances throughout this section in their sad bereavement.

Now that the Treasury Department has taken the pains to demonstrate that gold cannot be made of tin, we may as well prepare to hear that the whole affair is but a foxy scheme of Wall Street to make money deater.

WANTED—SEVERAL FAITHFUL MEN OR WOMEN TO TRAVEL for respectable established house in Nevada. Salary \$700, pay this \$10 weekly and expenses. For full particulars, reference to office, self-addressed stamped envelope. The National Star Building Chicago.

PANACA POINTS.

Yesterday noon the Thermometer registered 100 in the shade.

Hy Rice is down from Spring Valley attending the cattle sale.

Frank Walker is the lead man buying stock and attending to the business for Joe Coumerril.

The stock men are all rejoicing over the very successful deal made and the amount of cattle gathered.

Benj Sanders arrived here from Deer Lodge Monday evening he reports everything very favorable for a good camp the following summer.

Jos Ronnow contemplates visiting State Line in the near future. He has some valuable prospects there to look after. We all wish him unlimited success.

Mouse, the Indian who killed those prospectors down south some time ago, passed through here Tuesday afternoon. Nobody seemed desirous to get the thousand dollar reward offered for him, so he passed on un molested.

Cris, Ronnow and Hy Empe departed for Deer Lodge Monday morning to develop some valuable prospects they have there. When they return we expect to have some very glowing accounts from that camp.

I. N. Turnbaugh and Loss Atehsen just returned from a prospecting trip to Deer Lodge District. They report everything in first class condition for a good camp. Everybody who is well acquainted with these two gentlemen know that what they say can be depended upon against all opposition.

Of late several people have been complaining of missing several articles of food from their cellars. One man in particular lost several cans of tomatoes, corn, peas, and a large cake. Nothing definite however as to their whereabouts has been learned but it will be well for some prospector to take warning.

Another Strike.

On Sunday last a fine body of ore was encountered in the Midwinter mine located at the Point, owned by Henry Welland and others. Welland has had faith in the mine when the other partners did not, and has had a couple of men at work there for some months. They have been working alongside a wall of clay for some time following some ore that was of little value. Last week they made up their minds to penetrate this wall and Sunday last it opened out with a twenty-eight or thirty-inch vein of fine free smelting ore. The rock brought to town, some fifty pounds, which is not picked rock, is as good as any to be seen. The owners are elated over the find and will, as soon as it can be gotten out, ship a number of tons to Salt Lake to ascertain its full value. It will go high in lead, considerable in silver and carries some twelve or fourteen dollars in gold.

A Sad Misfortune.

Levi Syphus of Panaca went to the southeastern states last September as a missionary of the Mormon Church. About Christmas time he was taken sick and returned home suffering from general indisposition and some apparent injury to his right eye. He was under Dr. Campbell's care for a time and appeared to improve but later grew worse and was advised to go to Salt Lake. He did so two weeks ago and an examination developed the fact that the injured eye must be extirpated in order to save the other. This was done ten days ago by Doctors Andrew and Gowan and at last account the young man was getting along nicely and will soon be able to return home.

A young dog in a fit made things rather lively for a short time in some of our business houses on Sunday. It was taken with the fit in front of Hartung's barber shop. He ran inside, demolished lamps, scattered books around and raised Old Ned in the bath room, he then ran into Eisenmann's hardware store, broke some large panes of glass, jumped on the shelves scattering tinware all over the place, and as a last resort made for Dr. Campbell's drug store where he was refused admittance, crawling under the floor where he was found dead an hour afterwards.

Durrant will not hang on the 11th as was expected. His attorneys have gained for him a new lease of life for four months and if the Supreme Court of the U. S. does not change the sentence, which is utterly improbable, he cannot be executed till this year is nearly closed. Durrant made merry when the news was brought him, he had resigned himself to his fate and thought his days would end on the 11th of the present month. Money and influence does wonderful things, even the helping of the worst of criminals, as in Durrant's case.

It is to be hoped that Mr. Debs and his 700,000 men who are to be led out of the land of bondage and into a new life out on the plains of Utah will take their departure so gradually that it will not amount to a Coxye army movement. A gradual exodus of unemployed labor from Chicago and its rational settlement under some good irrigation ditch in Utah or Idaho will be a good thing for all concerned. The rush of a mob in the same direction will of course end in disaster for the colony and humiliation for its leader.—Nebraska State Journal.

The President of the United States laid a wreath on the grave of the officer who promoted him for keeping his private's uniform clean. A man who faithfully carries a knapsack for Uncle Sam is liable to be promoted more than once.—St. Louis Globe Democrat.

National Educational Association Meeting.

For the meeting of the National Educational Association at Buffalo in 1896 the excellent service given by the Union Pacific was commented on by all those who had the pleasure of using that line. This year our educational friends meet in Milwaukee, Wis., July 6th to 9th, and members of the association and others from points west of the Missouri River, should by all means take the Union Pacific.

The service of the Union Pacific via Omaha or Kansas City is the very best. The equipment consists of handsome day coaches, Chair Cars Pullman Buffet and Drawing Room Sleepers, Dining Cars and Buffet Smoking and Library Cars. Fewer changes than via any other line. One fare, plus \$2.50 for the round trip will be the rate from all points west of the Missouri River for this meeting.
