The Eureka County Courthouse and jail are insured to the amount \$30,000.00.

N. P. Dooley has moved his stock of merchandise into his new quarters on Main St.

Mrs. S. H. Carman and daughter Annie, returned last Saturday from a month's visit at Salt Lake.

Mrs. F. R. McNamee and family are up from DeLamar to spend a month or so of the warm weather.

The Elko Free Press says it is reported that Judge Talbot has fallen heir to a large fortune in the east.

Miss Louise Evans was an incoming passenger on Saturday's Milford stage after a two months visit at her home in Purdy's Calif.

Geo. V. Warren will shortly open a saloon in the Cook building on the upper corner of Main and Meadow Valley Sts.

Harry Nichols is up from DeLamar on a vacation. He will spend several days more in this vicinity and then visit Stateline and Lake Valley before returning.

Fresh fruit is abundant in the market now. A good deal of it comes from Utah, but Eagle Valley fruit will be fully in market very soon, when the foreign product will be less in demand.

Dr. Snow, the Dentist, expects to arrive here about the 22nd. He will dispose of such work as presents itself and then go to DeLamar. Dr. Snow enjoys a good reputation in his profession and many hereabouts are pleased to hear of his intended visit.

John Shier, accompanied by his children Annie and Laura, left for Salt Lake last Friday where the children will attend school. John himself will extend his trip to Missouri for a visit with relatives before returning, and will be absent about a month.

A man who is evidently insane was locked up last Monday and is now in jail here. Where he came from nobody knows, but he appears to have tramped in. If nothing can be learned concerning him, he will be given a hearing in a few days and will probably go to the Hospital for Mental Diseases at Reno.

Last Saturday afternoon between three and four, the gallsows frame at the No. 3 Shaft, where the Berger Bros. and others are engaged in hoisting screenings from old stopes fell with a crash while the loaded bucket was coming up the shaft. It was utterly demolished and was thrown aside and another gallsows frame brought down from the old Mazer's Works. Fortunately nobody was hurt but the jerk of the loaded bucket as it slid down the shaft jarred the foundations of the hoist somewhat. Since the building was blown down several years ago the gallsows frame has been exposed to the weather and became more insecure than was suspected.

Death of Mrs. C. P. Ronnow. Mrs. C. P. Ronnow, of Panaca, died at Mt. Pleasant, Utah, early last Thursday morning. On receiving telegrams Mr. Ronnow directed that the remains be embalmed, and left at once for Mt. Pleasant. On Monday Chris Ronnow went to Milford to bring back the remains and was expected to arrive at Panaca last night.

The news of her death was sudden and unexpected for though Mrs. Ronnow had not been well for several months past, yet no fear existed of any sudden termination to her illness.

With Mr. Ronnow, deceased went to Salt Lake Lake late in June to receive medical treatment. She leaves a sorrowing husband and a large family of children, most of whom are grown, to mourn her loss.

School Apportionment.

A generous apportionment of State and County school moneys has just been made, and the several districts of the county are in excellent condition for the opening of school which will generally occur next month.

Following is the amount given and the present condition of each fund.

I have this day apportioned to the various School Funds of the County, the sum of \$3648.12, State School Funds, and the sum of \$1500.00, County School Funds, the distributions to each District being as follows:

Table with columns: Name, Amt. State Funds, Amt. Co. Funds. Lists districts like Pioche, Bullionville, Panaca, etc.

The amount now in each of the funds is as follows: Pioche \$1922.08, Bullionville 470.02, Panaca 1089.04, etc.

Very truly yours, F. R. McNamee, County School Supt.

Stateline District. Stateline Aug 13th, 1937. We had a cloudburst on Spur Mountain yesterday the flood from it came down the left hand gulch in a breast five feet high, but did little damage except to the road through the gulch.

The camp is rather quiet at present, the mine and mill experts have gone and so far as known, have done nothing towards either building a mill or securing any mining property, with the exception of Mr. Brewster, of the Kansas City Milling Co. who, report says has bought an interest in the claims located north of town.

The owners of the Gold Haven Mine have refused an offer to bond their claim for \$6000.00. The parties making the offer agreed to make a payment down, put on a hoist and work continuously during the life of the bond.

The parties making the offer agreed to make a payment down, put on a hoist and work continuously during the life of the bond. In fact the work contemplated by the men who made the proposition is just the kind of work most needed here. They intended to put down a shaft on the property that would have tended to develop the whole camp.

The Creole and Ophir Mines are sacking ore for shipment to Bullionville. The owners of the Spur Mine are showing some very rich specimens of Native Silver ore from a new strike made on the property a few days ago.

A ten thousand block of Big Fourteen stock changed hands yesterday on the strength of an assay certificate shown on the street, that ran 111 ounces gold and 1004 ounces silver.

Jack Davis of the Annie Mine at Mercur, and Dr. McIntire of Provo, are expected in on to-nights stage. The impression prevails here. That if the claim owners of the camp do not come down to a reasonable figure for their prospects, and get within the reach of purchasers those who stay here will have another year of stagnation to look ahead to.

The dance advertised to take place at Spring Valley tomorrow night promises to be well attended. A number of parties will go from here and Panaca.

Mrs. C. W. Roeden arrived on last Friday's stage and will make her home here in future. The family will shortly occupy the dwelling of Henry Eilers on McCannan.

Toney Jacobson and family left last Sunday for Panaca from where, together with Mrs. Laura Jacobson they proceeded on Monday to Maryvale, Utah, where they expect to reside in future.

OPERATIONS AT BULLIONVILLE.

New operations on the Bullionville tailings will soon be begun. Mr. J. E. Peck, of Peck Bros., who for years have operated successfully at various points throughout the country on tailings, arrived at Bullionville during the week with a force of men and has already made a good start in preparing the mill to receive their special machinery, two carloads of which is enroute from Chicago.

The process used is patented and is known only to the Peck Bros. themselves. We hope the enterprise will meet the most sanguine expectations of the promoters, for aside from the benefit to them it will infuse new life into a once very lively section.

Mrs. J. A. Clark, after a month's visit with her parents here, returned to DeLamar last Friday.

FROM DeLAMAR. Tom Edwards has been added to the force of night-watchmen at the DeLamar Co's mill.

During the owner's absence in the east, Ed. Clark will have charge of Fetterman's hardware store.

After a business and pleasure trip of nearly two months, S. E. Wertheimer returned to his old love on Monday.

The choicest of candies and fruits at Dan Mandich's. He has just received a consignment of the freshest and choicest confectionery.

Potatoes have been bringing good prices this week. This necessary vegetable has not been coming into market heavily of late.

A number of new claims are to be patented hereabouts. The value of a patented mine is appreciated when its owner attempts to place it on the market.

Charley Swindler has been engaged to teach the Meadow Valley Wash school for the coming term. School is expected to open on the first Monday next month.

John Shier left last Thursday for a visit to the eastern states. During his absence Mr. Jacobson will have entire charge of the prescription department of the Drug store.

Episcopal Church Services. Each Sunday Morning Services, 10 a. m. Sunday School, 2 p. m. Evening Services, 8 p. m.

After an extended visit at Salt Lake, Mrs. E. D. Turner returned here on Saturday. Miss Sabra remains at school at Salt Lake, while Ashley is taking a course in medicine at Chicago.

The Stutz Theater Company has registered a big success this week. Full houses have been the result every night and good performances have been given. The attendance justified the Company in extending its stay for several days beyond the time first proposed.

Three teachers will be needed in our schools this winter. We have not heard yet what selections have been made by the Board of Trustees from the applications sent in, but presume home talent will have the preference, as it properly should. Former experiences in employing teachers from a distance should be remembered. We want an harmonious and profitable term this year.

Death of Billy Davidson. After lingering four days in a semi-conscious condition, W. M. Davidson died at the hospital early last Saturday morning.

The effect of the poison taken by him on the previous Tuesday could not be overcome. He appeared barely conscious on one or two occasions. In one of these intervals he with great difficulty mumbled something to a friend, which was understood to be an inquiry as to how he came to be in the hospital, which strengthens the belief that he took the drug while out of his mind either from drink or as the result of it.

The funeral took place on Sunday afternoon at 2:30 o'clock and was well attended, for notwithstanding deceased's untimely end he numbered many friends and acquaintances in this section.

An uncontrollable appetite for liquor, the misfortune of which he fully recognized, and which he unsuccessfully fought against, made his life miserable and was the final cause of his death.
