

NEWS SUMMARY

By a vote of fifty to thirty-seven the Iowa House rejected the woman's suffrage resolution, after a prolonged debate.

The command of the Russian troops in the far east has been handed over to General Grodoff by General Linévitch.

The shipping companies at Flume, Hungary, have yielded to the demands of the strikers, and work has been resumed in all trades.

The Treaty of Shanghai has been ordered to proceed to Canton and endeavor to reconcile the Viceroy of that city with the people.

The Greek Chamber of Deputies has been dissolved. Elections will be held on April 8 and the chamber will reassemble on May 3.

The rebel Hottentots ambushed a German patrol near Gendooon, German South Africa, and killed Lieutenant Bender and six troopers.

Mayor Badger of Columbus, O., has issued an order to the chief of police to order his men to close all the saloons in Columbus next Sunday.

Three trainmen were killed, four injured, one fatally, and six passengers hurt, none seriously, in a head-on collision two miles south of Janesville, Wis.

Thirty-eight thousand men of the regular army are to be mobilized at Manila for serving in China in case of an uprising against foreigners in that empire.

Thousands of people attended the unveiling of the monument at El Caney in honor of the Americans who lost their lives during the siege of Santiago.

The senate committee on territories has authorized a favorable report on a bill prohibiting gambling in Alaska, Arizona, New Mexico, Oklahoma and Indian Territory.

The president has offered the governorship of Alaska to Lieutenant D. H. Jarvis, formerly of the revenue cutter service, but now engaged in business in Alaska.

It has been arranged that Hawaii shall send a representative to Washington to study tobacco-growing, and Secretary Wilson has promised to assist him in every possible way.

Seven school children were injured, three perhaps fatally, when a freight train crashed into a wagon in which thirteen children were being driven across the tracks at Flint, Mich.

H. Stantz, proprietor of the Pacific hotel, Pomona, Cal., was shot in the neck and mortally wounded by his young wife, who used a revolver. He had accused her of taking \$30 from his pocket.

General Marquis de Mandegorra, aide de camp to the king, committed suicide at Madrid, Spain. He was the Spanish attaché with the Russian army throughout the recent Russo-Japanese war.

Emperor Francis Joseph sent a congratulatory telegram couched in the most cordial terms to President Roosevelt, in connection with the marriage of his daughter, Alice, to Congressman Longworth.

The United States transports Kilpatrick and McClellan, having on board the First Infantry, bound for Manila, arrived at Gibraltar after a very rough passage of seventeen days from New York.

The Red Cross at Washington last week received from the Christian Herald of New York \$10,000 for the relief of the famine-stricken Japanese as the result of the appeal issued by President Roosevelt.

President Diaz has returned to Mexico City from his Yucatan trip in excellent health and has resumed his official duties. His magnificent reception in Yucatan was one of the most notable events of the year.

Yuan Shi Kai, commander of the Chinese forces, is preparing to send a division of his troops from Pao Ting to Manchuria to maintain order in place of the Japanese, who are withdrawing from there.

Lieutenant Schmidt, the leader of the naval mutiny at Odessa, whose trial was to have taken place at Otschakoff fortress next week, is said to have become insane after refusing food or drink for three days.

Mrs. Carrie Nation appeared at a Hot Springs, Ark., barroom today, being lecturing the crowd, and was ejected and lodged in jail charged with disturbing the peace. Later she was released in order to fulfill her lecture engagement.

Famine conditions in Spain have become very serious. The recent intense cold has killed the sugar crop in the provinces of Seville, Cadiz, Malaga and Granada, ruining the regions and throwing large numbers of people out of work.

A plot for renewal of armed revolt, under which Kharkoff has suffered more frequently than any other Russian city, has been frustrated by the discovery of the secret typography in which proclamations calling upon revolutionists to rise were printed.

Thomas W. Aspin, Indian agent at Sinaluita, Alaska, who died at Victoria last week, was one of the first to join the Northwest mounted police, and was with Major Walsh when Sitting Bull's surrender was received in the Riel rebellion.

CHARGED WITH GRAVE CRIME

Federation Officials Accused of Complicity in Steunenberg Assassination.

President Moyer and Secretary Haywood Arrested and Taken Aboard a Special Train Bound for Boise—Other Arrests Made.

Denver, Colo.—Charles E. Moyer and William D. Haywood, president and secretary, respectively, of the Western Federation of Miners, and G. A. Pettibone, a former member of the executive board of that organization, who were arrested in this city on warrants charging them with complicity in the murder of former Governor Steunenberg of Idaho, were taken from their cells in the county jail at an early hour Saturday morning by an armed guard of twelve deputy sheriffs, escorted to the Union depot and were there placed on board a special train that a few minutes later left the station carrying the entire party, prisoners and armed deputies, over the Union Pacific railroad, en route for Boise, Ida.

The three men who were taken out of the city as prisoners of the Idaho authorities, it is learned, were arrested last night by three different officers after extradition papers had been signed by Governor McDonald. The papers were delivered to the governor on Thursday last, but not a word to the effect was allowed to escape from the executive chamber.

One Arrested at Burke.

Wallace, Ida.—Vincent St. John, president of the Miners' union of Burke, Ida., so Sheriff Angus Sutherland of Shoshone county states, is now in the county jail at Wallace. He was arrested Sunday afternoon on a telegraphic order from Boise. Sheriff Sutherland drove to Burke, which is seven miles from Wallace, found his man in bed, arrested him and brought him to Wallace. St. John refuses to say anything about his arrest or the causes therefor, and the sheriff is equally close-mouthed, but it is almost certain it is in connection with the murder of ex-Governor Steunenberg at Caldwell, Ida. St. John has been visiting under the name of John W. Vincent, and is also known by that name in his dealings with the Burke union. He came to the Coeur d'Alene district after the union troubles in Telluride, Colo., a year and a half ago. He has been employed in the Hercules mine at Burke as a common miner. He is married but has no children.

BATTLE WITH BANDITS.

Two Men Killed and One Mortally Wounded in Mexico.

El Paso, Tex.—At a point on the Chihuahua Pacific railroad, some miles from Tomas, Mexico, William Smith and seven Mexicans, who were on their way to the Dolores mine with a considerable sum of money, were attacked by four robbers and a bloody battle was fought, says a Herald special from Chihuahua. Two men of Smith's party were killed and Smith fell mortally wounded. The robbers, although falling in their attempt to secure the money from the Mexican party, made good their escape. Two Americans have been arrested on suspicion, and a posse is now scouring the country for some trace of the escaped bandits.

Dynamite Plant Blows Up, With Fatal Results at Louisiana, Mo.

Louisiana, Mo.—Three men were killed and twenty girls injured by an explosion at the Hercules powder plant, eighteen miles north of here, Saturday. The three men killed, employees of the plant, were named Booth, Wright and Nord, and all lived in Hannibal, Mo.

The explosion occurred in the punching-house, which is equipped with machinery, and the debris from this structure demolished the old punching-house, where a number of women and boys were at work punching dynamite into molds which form dynamite sticks.

All of the women were slightly injured, but fortunately the building they were in did not blow up.

That the punching of dynamite in the house in which the explosion occurred is done by machinery accounts for the fact that there were but three persons in the building at the time.

The Hercules plant is one of the largest dynamite manufacturing in the country. It produced one-fourth of the output of the United States last year. The plant is worth half a million dollars and employs 200 persons.

Mail Pouch Thief Captured.

Denver.—Frank H. Kingsley, alias Alfred Henry, was arrested in this city on Saturday, charged with the theft of a mail pouch at Hazen Junction, Nev., on November 30 last, and is said to have made a full confession of the crime. The mail pouch contained, besides other mail, remittances of \$2,192 from John S. Cook & Co. of Goldfield, Nev., to McCormick & Co. of Salt Lake City, and over \$3,000 from the Southern Nevada Banking company of Bullfrog, Nev.

"See Idaho First."

Weiser, Ida.—The Weiser Commercial club has extended an invitation to all commercial bodies of southern Idaho and newspapers to send representatives to a convention to be held in this city March 15. The object of the meeting is to perfect a permanent organization and formulate plans for advertising the state, the purpose to work on lines similar to those promulgated at the "See America First" convention held at Salt Lake recently. It is expected that the attendance of delegates will be large.

PRESIDENT'S DAUGHTER BECOMES A BRIDE

Miss Alice Roosevelt and Congressman Nicholas Longworth Wed in Historic East Room of White House.

Washington.—At thirteen minutes after 12 o'clock, Saturday, February 17, Alice Lee Roosevelt, eldest daughter of the president of the United States, and Nicholas Longworth, the representative in congress from the First district of Ohio, were united in marriage.

The ceremony—one of the most impressive ever performed in the executive mansion—was according to the rites of the Protestant Episcopal church, of which the bride is a member. It was solemnized by the Right Rev. Henry Y. Satterlee, bishop of Washington, and was attended by all the solemn state of a grand official function and by the devotional beauty of a cathedral service.

No ceremony of a similar kind ever was witnessed by a more distinguished assemblage. There were present as guests not only the most eminent representatives of the American government, but the personal en-

CONGRESSMAN NICHOLAS LONGWORTH AND MISS ALICE ROOSEVELT.

voys of the kings and potentates of the civilized world, constituting an assemblage not only one of the largest, but the most distinguished that has ever gathered at one time in the White house.

A halo of 100 years of romantic White house history hung over the bridal couple. Miss Roosevelt was the

PRESIDENT ROOSEVELT.

twelfth bride, according to accepted authorities, to plight her troth within its classic walls and the identical spot where she joined hands with the husband of her choice is hallowed in the memory of another White house bride.

Nellie Grant, who thirty-two years ago on that same spot became the wife of an Englishman, Algernon C. F. Sartoris. Mrs. Sartoris was one of the witnesses of Miss Roosevelt's wedding.

While the bride herself and the president and Mrs. Roosevelt had desired that the ceremony of the marriage should be as quiet and simple as possible, it was found impracticable to limit the function, as was intended at first, to the immediate relatives of the bride and the bridegroom. It became necessary to include among the guests invited certain official classes and personal friends of Miss Roosevelt and Mr. Longworth and, in all, the people bidden to the ceremony numbered 1,000.

The ceremony took place in the East room, made famous by a century of brilliant social functions, but no event in its history was ever so brilliant and beautiful. The classic splen-

Michigan Miners in Peril.

Houghton, Mich.—Many miners are resigning their positions in the copper mines in this vicinity owing to the continued earthquakes or air blasts which have now become so frequent and dangerous that the miners fear for their lives. Until last week no particular damage was done, when there commenced a series of shocks much more violent than at any time in the past and of such a nature to create terror in the hearts of many.

Alaska's \$25,000 Necklace.

New York.—The pearl necklace valued at \$25,000, which was the gift of the republic of Cuba to Miss Alice Roosevelt on the occasion of her marriage to Representative Longworth at Washington on Saturday, arrived here aboard the steamer Majestic, having been shipped from Paris by the Cuban minister at the capital and billed through to the Cuban legation in Washington. The personal gift of Emperor William of Germany to Miss Alice Roosevelt was a finely wrought bracelet of rare value.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to mix, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol.

It is one of the best manufactured products of the present time in its action upon feeble, indigestive stomachs; especially if there is ulceration or catarrhal inflammation of the stomach. It is a powerful purgative. Glycerine will relieve many cases of pyrosis (heartburn) and flatulency. It is useful in chronic intestinal dyspepsia, especially the stultified variety, and in certain forms of chronic and acute constipation. It acts as a secretory and excretory functions of the intestinal glands.

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Blood-root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. E. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hart, M. D., of Medical Department, University of Edinburgh; Prof. J. H. Scudder, M. D., of the American Dispensary, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement? Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

To Prevent Metal Rusting.

A good mixture which will prevent the rusting of machinery, says an English publication, is made by dissolving one ounce of camphor in one pound of melted lard. After the impurities have been skimmed, black lead should be added to give the whole an iron color. After cleaning the machinery carefully and smearing it with the mixture it can be left indefinitely, or if wiped off after twenty-four hours it will obviate rust for some time. When removed, the metal should be polished with a soft cloth.

TERRIBLE SCALY ECZEMA.

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Cured by Cuticura.

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have more faith in Cuticura Remedies for skin diseases than anything I know of. Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Possesses Rare Book.

The Duke of Devonshire possesses, as an heirloom, Claude Lorraine's "Book of Truth," which is said to be one of the rarest and most valuable volumes in Europe. It is worth six times as much as the "Mazarin" Bible, the most costly book that the British Museum can boast. The late duke refused an offer of \$100,000 for it.

Washing Windows.

The method of washing windows has improved very much of late; have a pair of lukewarm suds made from Ivory Soap. Dip a soft cloth in the water; squeeze almost dry and wipe the glass off. Then polish with chamois as it leaves no lint and does the work with more ease.

ELIZABETH R. PARKER.

To Make Diamond Brilliant.

A few drops of ammonia on the under side of a diamond will clean it immediately and make it very brilliant.

Ever Hear of "Scotty" and His Record-Breaking Ride?

The story, briefly told, is this: Walter Scott, the Death Valley gold miner, made the trip from Los Angeles to Chicago last summer on a special train over the "Santa Fe" in less than 45 hours. That whirlwind train cost him more than \$6,000. It was the fastest long distance run over mountains and plains ever made on any American railway. It demonstrated beyond dispute that the Santa Fe track, equipment and employees are of the dependable kind. Probably you wouldn't care to ride so fast. You prefer the luxury of our three trains from Utah and Colorado to Everywhere East and Southwest.

Ask me for ticket rates and literature.

FORMER PRESIDENT M'CALL WORRIED HIMSELF TO DEATH

Leader of the New York Life Did Not Long Survive Final Blow Dealt By Directors' Report.

New York.—John A. McCall, until recently president of the New York Life Insurance company, died at 5:33 p. m. Sunday at the Laurel house in Lakewood, N. J., where he had been taken three weeks ago in the hope that the change might benefit his health, which had suffered a breakdown two months ago. The news of the death was not given out by the family until some time after the end.

It was announced that Mr. McCall's death was due to enlargement of the liver and the end had been peaceful and without pain. Mr. McCall's physical breakdown occurred about the close of the investigation of life insurance affairs in this state by the legislative committee December last. The report of the committee is expected to be submitted to the legislature at Albany early this week. Mr. McCall's examination before the committee was a severe one, and the ordeal he underwent in rehearsing in detail the affairs of the company and in divulging transactions about which the general public was ignorant, worried him greatly, it was said.

BURIAL OF A KING.

Danish Monarch Placed in Chapel With Ancestors of Past Thousand Years.

Roskilde, Denmark, Feb. 18.—In the magnificent old Gothic church here Sunday afternoon the body of King Christian IX, amid the thunder of guns, the sonorous tones of the organ and the blare of trumpets, were laid to rest with the long line of his predecessors on the Danish throne whose remains repose in the chapel in Roskilde's stone fane.

The coffin lay in the chancel beneath a black and gold biadachin supported by high officers in full dress uniforms. The only decoration on it was a golden branch, a tribute from the children of Denmark. Leaning against the altar rails were floral tributes from foreign monarchs and members of the Danish royal family. The choir was filled with members of the clergy, whose quaint black gowns and white ruffs formed a striking background to the blaze of gold-laced uniforms of the diplomatic body occupying the corner of the choir. Here Mr. O'Brien, the American minister, in simple evening dress, was a remarkable exception. As Mr. O'Brien was personally representing President Roosevelt, the Danish government had given him an attaché of honor, M. Scavenius of the foreign office.

CASTRO NEEDS A BEATING.

Frenchman Says a Revolution Would "Clear Up Things" in Venezuela.

Paris.—M. Talgny, the former French charge d'affaires at Caracas, in an interview with the Matin's correspondent at Liverpool, said that the unanimity of the diplomats in Venezuela against his expulsion was a great surprise to President Castro, who until the last moment had relied on the moral support of a certain power.

M. Talgny, according to the correspondent, is convinced that a revolutionary movement for the overthrow of President Castro is in preparation. He had been approached by several of the revolutionary leaders during his sojourn in Venezuela, but owing to his position as the representative of France, he was obliged to hold aloof from politics.

In M. Talgny's opinion, the correspondent adds, a revolution would clear up the present awkward situation in Venezuela.

PRIEST MURDERED IN MEXICO.

Two Other Instructors Are Fatally Wounded by Indian Bandits.

Mexico City.—Henry Albert Bourdier, a young French priest and instructor in the normal school in Puebla, was, with three other teachers, attacked in the mountains near that region by a party of Indians. Bourdier was killed and two other priests were fatally wounded. The state government officials are searching for the Indians.

Spent Quiet Sunday.

Washington.—Representative and Mrs. Nicholas Longworth, who were married at the White house Saturday, passed the Sunday very quietly at "Friendship," the country home of John R. McLean at Tennytown, which they are making their temporary headquarters. The weather was pleasant most of the day and the couple took a stroll around the beautiful grounds surrounding the place. The gates of the grounds were closed during the day, and it was said at the house tonight that there had not been any callers.

Depositors Get Money.

Chicago.—Twenty-one depositors of the defunct bank of America were given checks for their money Sunday, the bank having been open between 10 o'clock in the morning and 2 o'clock in the afternoon. Only \$2,000 remains due to savings accounts. At the close of the day's business the announcement was made that the bank would remain closed, but that those still having savings claims would be given their money at the office of Attorney C. S. Darrow.

Governor Cutler Sends Congratulations.

Salt Lake City.—Governor John C. Cutler sent the following telegram of congratulation to the White house bride and groom:

"Salt Lake, Utah, Feb. 17.—Mr. and Mrs. Nicholas Longworth, White house, Washington, D. C.: Utah sends greetings and hearty congratulations. May you live long and enjoy the fullest measure of peace and happiness.
