Miss Valate Lee, is a visitor
in town from Panaca.

Mrs Jake Johnson is a visitor
in town during the week.

Silver this week reached the
70 mark. The highest since
1894.

Miss Christie Ronnow is up
from Panaca visiting her sister
Mrs Henry Lee.

From the result of a big poker
game one night this week one of
the sports increased his wealth
several hundred dollars.

May 30th is Decoration day.
A day in which to pay your re-
spects to the ones that have gone
to the other world.

Miss Louise Succetti, who has
been visiting at Las Vegas for
several months, arrived on Mon-
day's stage.

Wm Clark who has been suf-
fering considerable of late with
Asthma, left for Salt Lake Wed-
nesday, to his mother and sons.

In another column will be
found the "ad" of Dr. Keen, of
Caliente. Those who employ the
Dr. will find him an A No 1
man in his profession.

H. W. Underhill and Hans
Olsen two of Caliente's most
genial and up-to-date saloonmen
were seen on our streets during
the week.

F. P. Thompson has purchased
the residence of T. J. Osborne.
Frank has business elsewhere
when ask what he intends to do
with the house.

The Reno jail is so full that
nine prisoners convicted of minor
offenses were ordered to
get out to make room for
people convicted of more import-
ant offenses.

The dance given at Panaca
last Friday by the M. I. As-
sociation in honor of F. E. Wads-
worth who leaves soon for Great
Britain on a mission, was an en-
joyable affair.

It is but a little over a month
before the Fourth of July. Let
the people get in and move for
we have a population here this
year that exceeds former years
and a general good old time can
be had if the ball can be started
rolling at this date.

Next Monday is the day for
the election of school trustees of
the different districts around
about the County. There are to
be elected one long term and one
short term trustee.

Deputy Sheriff Leach of
Delamar is in town as a witness
on the case of the State vs Frank
Sanford, Nellie Monroe, or cow-
boy Nell" and H. Monroe charged
with breaking into Nesbitt's store
at Delamar.

Prof. John Maguire, will give
an entertainment here next week.
Mr. Maguire, is a famous actor.
He was manager of a theatre on
Meadow Valley Street in the
early days of Pioche, and was
also manager of the famous
actress Sarah Bernhardt.
Watch for the date, for such
opportunities do not appear to
the public very often.

J. H. Millen, who a month ago
assumed all debts of the Palace
Restaurant and took charge of
the same, later changing the
name to the Pioche Cafe was
reported lost (?) one day this week.
After having secured all the
money possible, from boarders
and other people, was last seen
on the summit viewing the
country as the best way to go.
He leaves numerous creditors to
mourn his loss. Probably he
will never write.

District Court.

Friday and Saturday was
taken up by the case of the State
vs Geo. O. Sawyer charged with
falsifying county records after
listening to the evidence and the
argument by Counsels the jury
brought in a verdict of not guilty.
Monday morning the case of the
State vs Robert Schafer, charged
with assault with attempt to kill
was called up and the jury
brought in a verdict of not guilty.
The evidence showed that the
attempt was made in selfdefense.

Monday afternoon the Case of
the State of Nevada vs H. J.
Goodrich, charged with embez-
zlement of the County funds was
called for trial. Judge Werner
of Salt Lake appearing for de-
fendant and F. R. McNamee ap-
pointed by the County appeared
for the State. Considerable
carefulness was exercised by
both counsel in securing jurymen.
After the jury was secured the
treasurer's book was produced to
show that a shortage did exist
during Mr. Goodrich term of
office and as the book had several
different hand writing. They
could not be presented in evi-
dence against the defendant.
After argument by counsel on
both sides the judge ruled that
although the defendant was libel
civil for acts of clerks and
deputy's he was not libel
criminal and after Attorney
for State admitted that he did
not have any other evidence but
the books, the judge in-
structed the jury that the
evidence was not sufficient to
convict the defendant and recom-
mended that they find a verdict
of not guilty, which was done
without leaving the jury box.

The case of A. Devitt charged
with jail breaking came up be-
fore a jury Wednesday and after
listening to the evidence found
a verdict of guilty, and was
sentenced to two years in the
State Prison.

The case of Morris, a partner
to Devitt, charged his plea of
not guilty, to that of guilty was
sentenced to 18 months in the
State Prison. The other indict-
ment against defendant was
quashed.

The case of Neil, charged with
embezzlement came up for trial
Thursday. The jury found the
defendant not guilty.

To day the case of the State vs
Hugh Monroe, Nellie Monroe and
Frank Sanford is on trial.

Important To Prospectors.

Under the state law of Nevada
approved March 16 1895, the
University of Nevada is required
to receive, examine and report
upon the mineral contents and
value of all ores sent by citizens
of the state and taken from with-
in the boundaries of the state.
Provision has been made in the
University budget for a small
yearly sum of money to defray
the expenses of carrying out this
work. This sum is not sufficient
to employ a man for this work
during the summer recess of the
University and consequently all
Specimens and samples received
during these months are held
over until the first week in Sept.
at which time the necessary work
is done and the reports are
rendered.

Notice is herewith given that
all samples received after May
20th will be held over until
September 1st, at which time,
reports will be sent out in the
order in which the samples were
received.

The dance given last evening
at Thompson's Hall was an en-
joyable affair.

A New Jersey girl was struck
and killed by a train while in the
act of singing "Hello, Central
give me heaven." Whereupon
the Eastern Exchange rises to re-
mark, while it always had its
opinion of any person who sang
that song, he thinks the engineer
went a little far in this case.

Mrs Tucker of Ely, mother of
Mrs Dr. J. D. Campbell accom-
panied by her son A. S. Leahigh
and wife came in by private
conveyance last Saturday. Mrs
Tucker will remain with us for
some months while Mr. and Mrs
Leahigh will return to Ely on
Monday.

Sandy and Goodsprings.

The Red Cloud mine four miles
North West of Goodsprings, is
working about ten men. About
25 tons per day are being treated
in the new mill.

The Keystone, which has been
idle for several months, is to
be worked under lease, by Carl
Anderson and his associates.

Mr. Kent has installed a gaso-
line hoist on the Rover, which
lies about one mile south of the
Red Cloud, and is busy sinking
and drifting, all in ore. This is
a lead and zinc proposition, and
has attained considerable local
fame as "The mine without a
waste dump."

The Columbia, near the Good
Springs Summit is under bond
to Mr. Fisher, of Salt Lake, who
has several men employed on
development work. This mine is
looking fine.

A carload of heavy lead ore
has been shipped from the Shen-
andoah, and the Hoosier will
soon ship another car. These
properties lie on the Sandy side
of the Spring Mtn. range.

A new feature in this district
is the discovery that we have
large quantities of zinc in what
has been hitherto considered
mere ledge matter, or a very
low grade lead ore. Carbonate
and, accompanies the lead,
though separate from it, in most
instances. When we get some
way of treating it, this ore will
fully double the tonnage from
the majority of the mines.

At Sandy, where good land
and water are so abundant, some
Los Angeles men have begun
farming in a small way. Three
wells have been sunk to supply
water for irrigation. On one of
these wells, a gasoline engine
and centrifugal pump has been
ordered, and will be ready to
run in two or three weeks.

About ten acres will be cultivated
this year, a part of which has
already been planted. Next
year, these people hope to bring
under cultivation a much larger
acreage. A short distance to the
north, a French Company intends
to install pumps and plant a
large vineyard. Around Sandy
there are several thousand acres
of the finest land with an inex-
haustible water supply to a
depth of from 10 to 40 ft.

Under similar conditions farming
has proved quite profitable in
many sections of the south west.
From these modest beginnings,
a prosperous agricultural com-
munity may be built up before
many years go by.

C. E. Rives and wife disposed
of their property here and de-
parted last Monday for San
Diego, California, where they
will reside.

Announcement has just been
made that the Utah Smelting
Company at Ogden has complet-
ed a contract with one of the
mines at Butte, Mont., to furnish
the necessary copper ores for
their smelting plant, now rapidly
nearing completion at Ogden.
With this almost unlimited
amount of available copper as
a base the Ogden plant will
have no difficulty in handling
their ever increasing output of
Nevada silicious ores. Consider-
ing that the smelter trust has,
for the past two years, been
steadily increasing the prices on
Nevada ores, for no other reason
than that they could, this new
independent smelting enterprise
should be no small factor in the
development of the Nevada
mines.

The case of J. H. Hennessey,
charged with the murder of Frank
Ganahl at Clifford last January,
is being tried at Tonopah.

The Reno City Council are tak-
ing steps to compel the Sunset
Telephone Company to place
their wires under ground.

La Platte, the old county seat
of Churchill, is experiencing a
mining boom. In the early '60s
it was the scene of great activity.

The safe of A. P. Leroux, a
Reno merchant, was blown open
the night of the 12th and the con-
tents taken.

Judge Curler has decided that
the Coroner business of Washoe
county must be attended to by
the justice of the Peace.

The Carson River is overflowing
its banks in Churchill county.

STATE NEWS.

Thirty scrapers are employ-
ed in construction of the railroad
bed from Goldfield to Bullfrog.

The hatchery of the California
State Fish Commission on Lake
Tahoe is being repaired, and
will soon be in operation.

A bill has been introduced in
the Senate appropriating \$15,000
to erect a crop experimental sta-
tion on the Carson Sink.

James Callaghan, a miner at
Bullfrog, was found dead
in his tent one day last week.
From indications it is believed
that he was strangled to death
by unknown parties.

The skeleton of a white man,
wrapped in a blanket, was
found four miles north of Reno
last Friday.

Tom Diamond, lately a resi-
dent of Virginia City, dropped
dead in Oakland last Saturday.
He had been a resident of differ-
ent parts of western Nevada for
forty years.

The eight extra operators of
the Western Union, who were
in Reno during the congestion of
business caused by the San Fran-
cisco shake-up, have gone to
Oakland.

Dandelions are causing much
trouble to Carson property own-
ers. They are crowding out the
grass on the lawns and have in-
vaded the park surrounding the
capital.

Last month Secretary of State
Douglass collected in his office
for the fees of new Nevada cor-
porations, \$8, 404. For the cor-
responding month last year
\$3,000 was collected.

There are two brick yards run-
ning full capacity in Ely and a
third is planned for and will soon
be in operation in expectation of
the building boom that will soon
start in Ely.

The Douglass ranch on the
east side of Washoe Lake, com-
prising about 2,000 acres, here-
tofore irrigated by water raised
from the lake by means of steam
pumps, is now using electric
pumps instead.

The Southern Pacific Company
has notified its agents in the east
to discourage people from going
to San Francisco for the purpose
of sightseeing, as passenger
trains are taxed to the utmost to
accommodate the regular traffic.

Robert Hanson and John Mon-
tez, working on the western Pa-
cific, at Big Bar, Washoe county,
were buried beneath tons of
earth last Monday by the pre-
mature explosion of a blast.
They were unconscious when
dug out but will recover.

Two Parisian girls committed
suicide because they were both
in love with the same man and
neither would merrh him to leave
the other to suffer. The poor
fellow had a close call.

Says the Central Mevadan:
"The birds have returned after
their winter flight to a warmer
climate. Pussywillows are bud-
ding and frogs are making even-
ing musical, while there are
evidences of wild violets in shel-
tered spots." Well you could hard-
ly blame the violets.

To facilitate development of
the great Nevada desert and al-
low prospectors to investigate
their mineral resources and those
of southern California, the
United States Geological Survey
has commenced exploration and
mapping of desert water sup-
plies.

The Capital Commissioners
have insured the capital and
armory buildings at Carson for
\$135,000 on sixty-day policies.
The policies were limited to
sixty days because the Commis-
sioners deemed it unwise to
enter into three-year contracts
before the solvency of all the
companies affected by the recent
disaster in San Francisco could
be ascertained.

The Eureka Sentinel says 300
miners will be employed on Ruby
Hill this year.

The people of Wadsworth have
voted to levy a tax of 50 cents
for school purposes.
