

# A KENTUCKY WOMAN

How She Gained Fifteen Pounds in Weight and Became Well by Taking Dr. Williams' Pink Pills.

Women at forty, or thereabouts, have their future in their own hands. There will be a change for the better or worse, for the better if the system is purified by such a tonic as Dr. Williams' Pink Pills. Mrs. D. C. Wedding, of Hartford, Ky., writes as follows concerning the difficulties which afflicted her:

"I was seriously ill and was confined to my bed for six or eight months in all, during two years. I had chills, fever, rheumatism. My stomach seemed always too full, my kidneys did not act freely, my liver was inactive, my heart beat was very weak and I had dizziness or swimming in my head and nervous troubles.

"I was under the treatment of several different physicians but they all failed to do me any good. After suffering for two years I learned from an Arkansas friend about the merits of Dr. Williams' Pink Pills and I decided that I would try them. The very first box I took made me feel better and when I had taken four boxes I felt so strongly that I weighed fifteen pounds more than when I began, resumed my household duties, and have since continued in the best of health. I have recommended Dr. Williams' Pink Pills to many people on account of what they did for me, and I feel that no one should be without a box of Dr. Williams' Pink Pills restored Mrs. Wedding to health because they actually make new blood and when the blood is in full vigor every function of the body is restored, because the blood carries to every organ, every muscle, every nerve, the necessary nourishment. Any woman who is interested in the cure of Mrs. Wedding will want our book, 'Plain Talks to Women,' which is free on request.

All druggists sell Dr. Williams' Pink Pills, or they will be sent by mail postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Co., Schenectady, N. Y.

# WHO PAID FOR THE DRINKS?

Endless Chain Operated by Thirsty Men on the Mexican Border.

"Now, here is the best yarn of the lot and a good puzzle for the Sunday papers to print," said the man with the alkali in his whiskers, when he had settled down in the hotel lobby after a long day on the rubberneck wagon.

"Several years ago American silver coin in Mexico was on the same basis as Mexican silver was at that time and still is in the states; it passed at half its face value. Drinks in El Paso and in Juarez, the Mexican town across the line, were a bit cheaper or 12 1/2 cents, as you easterners would say.

"In those palmy days a citizen of El Paso could go into a drinking emporium and buy a drink, paying for it with an American quarter. The bartender would hand him back a Mexican quarter, which was of course, worth 12 1/2 cents in Texas.

"Then with this Mexican quarter in his hand the citizen could cross the bridge to Juarez and there buy another drink, paying his Mexican quarter on the bar.

"If the greaser barkeep should give him in change an American quarter worth 12 1/2 cents in Mexico the joyous citizen could return to Uncle Sam's back yard and repeat the process.

"Now, the question is: Who paid for those drinks?"—N. Y. Sun.

# BABY'S TORTURING HUMOR.

Ears Looked as if They Would Drop Off—Face Mass of Sores—Cured by Cuticura in Two Weeks for 75c.

"I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents. Mrs. George J. Steese, 701 Colburn St., Akron, Ohio."

**Hindu Moon Lore.**

The full eclipse of the moon was observed in Singapore on the night of August 4. According to the Hindus this eclipse is the contact between the moon and another planet called Rahoo, but the masses believe that owing to the will of God, Rahoo, or the serpentlike planet, catches hold of the moon by its hideous mouth and releases it after a short time.

At the first contact the Hindus bathe principally in the sea and anxiously await the release. After the contact they take another bath. During the interval they are not allowed even to drink a cup of water, as their belief is that all things in the world get polluted during the contact.—Singapore Times.

# EDITORS PROTEST

Call Latest Ruling of Commerce Commission Unfair.

# RAILROAD ADS BARRED

Say There is Nothing in the Law That Calls for Such an Interpretation—The Commission Flooded with "Kicks."

Washington.—The recent ruling of the interstate commerce commission to the effect that "nothing but money can be paid for transportation of either persons or property," means that in the future the railroads will be prohibited from exchanging transportation for advertising space in the newspapers of the country.

The ruling has already aroused a storm of protest from the publishers throughout the country. Every mail into Washington brings hundreds of letters from newspaper men all of which severely criticize the commission for "going out of its way to hit the newspapers." The publishers insist that there is nothing in the new law which would in any way forbid the railroads from purchasing advertising space to be paid for in transportation, and that such a ruling is not only uncalled for by either the letter or the spirit of the law, but is unconstitutional as well.

One prominent publisher said a day or two ago:

"There is not only nothing in the new rate law which would call for such a ruling as this from the commission, but the ruling is antagonistic to the national constitution as well, and it will not be upheld by the courts. The railroads that desire publicity through the medium of my publication make advertising contracts with me, and say me for the space used with transportation which is the same as money to me, as it is used by myself or my employees in connection with my business. The government might with equal justice say the merchant could not give dry goods or any other marketable commodity in exchange for advertising space. The courts would not uphold such a ruling as that for one moment, and there is no more reason why they should uphold this latest error of the commerce commission, for it is equally as untenable as the proposition between the publisher and the merchant would be.

"Everyone knows that the railroads do, and can afford to, advertise more heavily when their advertising accounts can be paid for in transportation. Nor does this increased amount of advertising affect the interests of the general public in any way, but it does assist in making the prosperity of the American newspapers and periodicals. The transportation that is given to newspapers in exchange for advertising does not affect in any way the equitable enforcement of the rate law, nor does it effect in any way the rates charged the general public for transportation for either person or property. It is a benefit to the railroads in that it enables them to do a greater amount of advertising that they otherwise could or would do, and in this way secure a greater amount of business for their lines, and under a just interpretation of the law this increase in business would eventually lead to a reduction of transportation charges to the general public. It is an unjust and uncalled for ruling, and both the publisher and the railroads should fight it."

# RESULT OF CONFERENCE.

Decisions Reached at Algieras Will Be Put into Operation.

Tangier.—The sultan has officially charged Mohammed el Torres, his minister of foreign affairs; Mohammed Sidi el Mokhrri, Moroccan delegate to the Algieras conference on Moroccan reforms, and El Menebbih, former minister of war, to discuss with the ministers of the powers at Tangier the conditions for the application of the decisions of the Algieras conference.

# John Bull Says Annex Cuba.

London.—The editorial articles on the Cuban situation printed Sunday morning all recognize the serious problem facing the United States. They admit that neither the American people nor the statesmen have anything to reproach themselves with in the government's relations with the island, and generally express the opinion that the best thing that could happen to Cuba would be annexation by the United States. The newspapers also consider this inevitable.

# Montana Mining Man Kills Himself.

Livingston, Mont.—Word was received in this city Sunday that Chas. Anderson, a well known Cook City mining man, had committed suicide at Gardner. It is believed that Anderson took his life two or three days previous. He had been missing from his usual haunts since Thursday and search was made Saturday night and Sunday for him. Late Sunday afternoon his body was found in an old prospect tunnel, where he had gone with the evident intention of taking his life.

# Mutineers Sentenced.

Cronstadt.—The sentence of the courtmartial on the sailors and others charged with participation in the mutiny at Cronstadt last August has been delivered subject to confirmation. M. Onipko, one of the leaders of the peasant party in the outlawed parliament, is condemned to deportation and the loss of all his civil rights. Nineteen sailors are condemned to death by shooting, twelve to life varying from four to twenty years, and 429 other sailors to civil imprisonment.

# Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained.

When cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 13th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme nervousness, nervousness and that all-around feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

It sometimes happens that a man wonders how his wife can be so bright and cheerful the next morning when he has such an awful headache.

Lady Minto's Work in India.

The counts of Minto, who did so much to extend the work of the Victoria Order of Nurses in Canada, has now undertaken a similar work in India, where her husband succeeded Lord Curzon as governor general.

Important to Mothers.

Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Watson*.

Water in Epidemics.

The relation of water to germs and epidemics is a subject full of interest from the standpoint of public hygiene. In the "Revue Scientifique" Dr. Malméjac discusses the whole subject of the experiments which have been made from 1885 to the present day to test this question, and especially with respect to Eberth's bacillus, which is that of typhus. All that is known of this bacillus—its vitality, habits and reproduction—is its dwell upon, with the result of showing that it subsists longer than any other in sterilized water. Dr. Malméjac's conclusion is that water should be regarded as a true ambient for germs, and not as an accident channel, and above all, that pathogenic germs may live in water for a sufficient length of time to cause epidemics.

Aunt Mary's "Quiet" Funeral.

A dear old New England spinster, the embodiment of the timid and shrinking, passed away at Carlsbad, where she had gone for her health. Her nearest kinsman, a nephew, ordered the body sent back to be buried—as was her last wish—in the quiet little country churchyard. His surprise can be imagined, when, on opening the casket, he beheld, instead of the placid features of his Aunt Mary, the majestic port of an English general in full regimentals, whom he remembered had chanced to die at the same time and place as his aunt. At once he cabled to the general's heirs, explaining the situation and requesting instructions. They came back as follows: "Give the general quiet funeral. Aunt Mary interred to-day with full military honors, six brass bands, saluting guns."

RIGHT HOME.

Doctor Recommends Postum from Personal Test.

No one is better able to realize the injurious action of caffeine—the drug in coffee—on the heart, than the doctor.

When the doctor himself has been relieved by simply leaving off coffee and using Postum, he can refer with full conviction to his own case.

A Mo. physician prescribes Postum for many of his patients because he was benefited by it. He says: "I wish to add my testimony in regard to that excellent preparation—Postum. I have had functional or nervous heart trouble for over 15 years, and part of the time was unable to attend to my business.

"I was a moderate user of coffee and did not think drinking it hurt me. But on stopping it and using Postum instead, my heart has got all right, and I ascribe it to the change from coffee to Postum.

"I am prescribing it now in cases of sickness, especially when coffee does not agree, or affects the heart, nerves or stomach.

"When made right it has a much better flavor than coffee, and is a vital sustainer of the system. I shall continue to recommend it to our people, and I have my own case to refer to."

Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. there's a reason.

# NEWS SUMMARY

Fire which originated in a barber shop has swept the business section of Barstow, Cal.

Eight men were killed by the collision of two freight trains on the Mexican Central railroad, near Callago, Mexico.

An explosion of natural gas at Cherryvale, Kansas, demolished the Edgar zinc smelter, killing two workmen and injuring five others, three of whom will die.

"The ultimate result of the present strife in Cuba will be the annexation of the island by the United States," said Senator S. B. Elkins in an interview at Wheeling, W. Va.

In a practice game of football at Lawrenceville, N. J., John P. Kennedy, captain and right half back of the Lawrenceville eleven, was kicked in the head. He died an hour later.

Colonel Isaac R. Hill, better known as Colonel "Ike" Hill, of Ohio, and for thirty-five years an employee almost continually of the house of representatives, is dead at Washington, D. C.

Two more revolutionists were shot at Warsaw after trial by drumhead courtmartial. During the last three days nineteen terrorists have been executed in Poland after such trials.

Columbus, O., was selected as the place for the next biennial convention of the Brotherhood of Locomotive Firemen and Engineers, the date being the second Monday in September, 1908.

In the United States district court at Philadelphia the Camden iron works of Camden, N. J., was found guilty of receiving rebates from the Mutual Transit company of Buffalo, a lake carrier.

It is reported that Mrs. Alice Roosevelt Longworth will chaperon a party of young society women on a bear hunt near the town of Bovey, on the Western Mesaba range, some time during the month.

The partially decomposed body of Mall Clerk B. F. Gambel of Fort Worth, killed in the Rock Island wreck near Hennessey, Oklahoma, has been recovered in a ford of the Cimarron, a mile and a half below the fatal bridge.

J. W. Cassaday, president of the Cassaday Commission company of Quincy, Ill., was expelled from the Chicago board of trade last week on a charge of bucket-shopping. The directors voted unanimously for expulsion.

The foreign commerce of the United States has crossed the three billion dollar mark. In the 12 months ending with August the exports were \$1,254,399,725 and the imports \$1,769,417,898, a total for the 12 months of \$3,023,817,623.

Chinese newspapers estimate the loss of life resulting from the typhoon at Hongkong, September 18, at 10,000; and including the loss of the fishing fleet and the damage to property, they estimate the damage done at from \$2,000,000 to \$15,000,000.

Paul O. Stensland, the Chicago bank president, has been put to work in the sorting room of the broom factory at Joliet, where he will labor alongside John A. Linn, the ex-clerk of the Superior court of Chicago, under sentence for embezzlement.

At Scranton, Miss., one church, the Odd Fellows' hall and several buildings were blown down. At Pascagoula Beach not a residence is left standing, the river front at that point is completely torn up, and the lighthouse there has been destroyed. Shipping at this point has been badly damaged.

With a gaping bullet hole in his temple and a large caliber revolver still clasped in his right hand, the body of Ernest Armitage, a young Englishman, was found near the C. P. railroad tracks at Yale, B. C. Armitage had been despondent.

The Cayayas valley, in the northern part of the island of Luzon, was devastated by a typhoon September 18. Barrios, Gallaran and Lagunan were totally destroyed and four towns were badly damaged. Cayayas is the principal tobacco section of the island.

The state department is advised that a treaty of amity, commerce and navigation under the terms of the Marblehead pact has been signed by the government of Costa Rica, Guatemala, Honduras and Salvador. Nicaragua was not included in the negotiations.

As a result of the recent investigation of the state insane asylum at Norfolk, Neb., Forest Ellis, William Ryerly and Joseph Wiles, former attendants at the asylum, have been arrested on indictments by the grand jury charging them with assaults on patients.

Oscar Napier, aged 8 years, was found guilty of the murder of a playmate at Albia, Iowa. The Iowa juvenile law does not cover murder cases and the boy will be sentenced just the same as if he were of mature age. Napier in a fit of passion deliberately shot his playmate.

Minister Russell, at Caracas, has advised the state department that President Castro of Venezuela is seriously ill. He is so weak that he has to be assisted into or out of a carriage. He receives no callers and transacts no business. The nature of his malady is not generally known.

In a dispatch from Lucknow the correspondent of the London Standard says that a boat containing 200 persons capsized in midstream while crossing the river Indus at a point where it separates the Northwest frontier province from the Attock district, only thirty being saved.

Five hundred girl twisters at the thread mills of the J. and P. Coats company at Pawtucket, R. I., have struck for a 10 per cent increase in wages. The back boys struck a week ago, making the same demand. A shutdown of the plant, employing 2500 hands, is considered probable.

Bird Breeding Islands.

During the last year the Audubon Society of Louisiana has rented some 17 bird breeding islands, located in the waters of the gulf. Last year the islands were watched by two wardens, whose wages were paid by the national committee of Audubon societies, and although they were not wholly able to prevent trespassing and egg stealing nevertheless the results attained were well-nigh marvellous. On their own and the neighboring islands of Breton reservation, owned by the federal government, by these simple preventive measures, there were hatched and raised all of 40,000 birds, composed of the following species: Common terns, foresters, terns, royal terns, laughing gulls, black skimmers.

—Country Life in America.

CURED OF GRAVEL.

Not a Single Stone Has Formed Since Using Doan's Kidney Pills.

J. D. Daughrey, music publisher, of Suffolk, Va., says: "During two or three years that I had kidney trouble I passed about 2 1/2 pounds of gravel and sandy sediment in the urine. I haven't passed a stone since using Doan's Kidney Pills, however, and that was three years ago. I used to suffer the most acute agony during a gravel attack, and had the other usual symptoms of kidney trouble—lassitude, headache, pain in the back, urinary disorders, rheumatic pain, etc. I have a box containing 14 gravel stones that I passed, but that is not one-quarter of the whole number. I consider Doan's Kidney Pills a fine kidney tonic."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Strange World Tour.

A story is told in Paris of a titled painter's pilgrimage. Ten years ago Viscount Jacques de Gruart laid a wager of \$60,000 that he and his bride, to be married in the day of departure, could make a tour of the world, living on the earnings of the vicomte's brush. There was no stipulation as to time. The pair have just reached Paris on their return, after successfully accomplishing their undertaking and winning their bet. They have traversed Europe, America, Africa and Australia, living on nothing but the meager profits of the vicomte's brush.

Poacher Had Nerve.

Robert Jones, a Liverpool surgeon, tells of a patient who was an old poacher and who, while under the influence of cocaine during an operation upon the bones of a leg, regaled the surgeon with tales of his poaching exploits.

One Cause of Wrong.

What some men owe worries them much less than what they would like to owe.

Mrs. Winslow's Soothing Syrup.

For children teething, soothes the gums, reduces inflammation, allays pain, cures wind colic. Be a host.

About the dearest thing on earth is a cheap man.

Thunderstorms on the Water.

"On the water," said a grizzled old hayman, "when you see a thunderstorm rising you want to keep an eye on the lightning. If you see it in the distance striking down further and further to the right from where you first saw it, or further and further to the left, that indicates that the storm is working to the right, or to the left, and it may pass around you."

"But if you see it all the time coming down in the same place and all the time getting brighter and brighter, why, that indicates that it's coming straight toward you; and that's the time, son, when you want to make for home, or get in your sail and make everything snug till the storm passes over."

Died in Westminster Abbey.

Henry IV. died in Westminster Abbey in 1413. It is claimed that from that time to this no life has ended there, except that of a minister named Shepherd, who dropped dead in the famous old sanctuary, just as he finished a speech, at a meeting recently held under the chairmanship of the Dean of Westminster.

Jewelers Lament.

British jewelers complain of great depression in their trade. Persons who wear good jewelry are wearing less of it, and many are contented with the imitation, much of which is very good of its kind now.

And no man realizes what a valuable asset a wife is until he has occasion to put his property in her name.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers; those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

**Genuine—Syrup of Figs**

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.
