**STEAMER ATTACKED  
WITHOUT WARNING**

**FRENCH VESSEL ON WAY FROM  
ORIENT TO MARSEILLES IS TOR-  
PEDOED IN MEDITERRANEAN.**

**Seventy-nine Persons Drowned, Women  
and Children Being Included  
Among Victims, Who Had No  
Chance for Their Life.**

Washington.—Seventy-nine persons  
were drowned in the destruction of the  
French liner Ville de la Giotat, the  
American consul at Malta reported  
Monday to the state department. No  
Americans were aboard.  
The ship, he reports, was torpedoed  
without warning at 10:15 o'clock on  
December 24 and sunk in fifteen min-  
utes.

The American consul reported fur-  
ther that the rescued were picked up  
by a Moss liner after they had been  
in small boats two hours. The torpe-  
doed ship, the consul reported, was  
on her way from Japan, China and  
Hawaii to Marseilles. The lost in-  
cluded one woman, a first class pas-  
senger, a stewardess and two children.

**INDIAN TROOPS ARE MOVED.**

**Depart From France But Destination  
is Not Made Public.**

London.—The departure of the In-  
dian army from France for "another  
field of action" was the most impor-  
tant feature of the Monday's news, so  
far as the British public is concerned.  
Whether the new field of action is  
Egypt or Mesopotamia is not an-  
nounced; in both these theatres there  
are presumably already considerable  
bodies of Indian troops.

It is assumed that the paces of the  
Indians in France have been filled by  
drafts from the new armies raised on  
the soil of the United Kingdom.

**BANKER CATCHES ROBBERS.**

**Youthful Bandits Shot Down by Man  
They Thought Helpless.**

Grant, Okla.—After having been  
thrown into the bank vault with his  
hands tied by two youths who robbed  
the bank of Grant of \$4,000, Cashier  
Webb slipped out of his bonds, inter-  
cepted the bandits before they got out  
of town and shot and badly wounded  
both of them when they refused to  
surrender. The robbers, whose names  
the sheriff's officers gave as Claude  
Jones and Arthur McFarland, were  
taken to jail at Hugo. Physicians  
said Jones would die.

**Bomb Hurler Through Window.**

Salt Lake City.—A crude incendiary  
bomb which the police believe was  
meant to set fire to the Consolidated  
Wagon & Machine Co. building was  
hurled through a window of that build-  
ing Monday night. The only damage  
done, however, was to the window.  
The bomb was loaded with small wads  
of paper and had as a shell several  
layers of thick brown wrapping paper.  
Black gunpowder was used.

**THE FORD PARTY  
IS GIVEN WELCOME**

**MAY MAKE SWEDISH CAPITAL  
HEADQUARTERS OF PERMA-  
NENT PEACE COMMISSION.**

It is Announced That Permanent  
Board Will be Backed by Mr. Ford  
to the Extent of Two Million  
Dollars if Necessary.

Stockholm.—Delighted over what  
they described as their sympathetic  
reception in Sweden, the members of  
the Henry Ford peace party on Mon-  
day considered the possibility of re-  
turning to Stockholm, instead of re-  
maining at The Hague, when a perma-  
nent peace commission is formed.

Many prominent citizens of Stock-  
holm, including the mayor, have visit-  
ed the executive committee and tend-  
ered an unofficial invitation to the  
expedition to make Stockholm the  
center of such peace negotiations as  
may arise. The Ford delegates an-  
nounced on Monday that the plan had  
been considered favorably, but they  
would withhold final decision on it.

The entire expedition, however, will  
go to Copenhagen and The Hague,  
as already has been planned. At The  
Hague three or more delegates from  
each country will be selected, and  
this board, constituting Mr. Ford's  
idea of a permanent arbitration board  
will sit indefinitely either at The  
Hague or in Stockholm.

**Stomach Catarrh Is  
Very Prevalent**

In this climate catarrh is a  
prevalent disease. Catarrh af-  
fects the stomach as often as  
any other organ. Perhaps every  
third person is more or less  
troubled with stomach catarrh.  
Peruna is extensively used in  
these cases.

**PERUNA THE RELIABLE  
FAMILY  
REMEDY**

Mr. Ford on Monday sent a wire-  
less dispatch from the steamer on  
which he is bound for New York. He  
said he was improving in health and  
wished success for the expedition.  
The permanent board, the dispatch  
added, would be backed by Mr. Ford  
to the extent of \$2,000,000 if neces-  
sary.

**KILLED BY ANGRY HUSBAND.**

**Sheepman Shot Down as He Was  
Leaving Train.**

Thompsons, Utah.—Clyde Bailey  
was shot five times and instantly  
killed here Saturday by Marvin Turn-  
bow, just after the two men had  
stepped from a Rio Grande train from  
Green River. Bailey, whose home is  
in Auburn, Neb., had been employed  
by the Goslen Sheep company as a  
camp mover. Turnbow, who is a cat-  
tleman, alleged that Bailey had caused  
an estrangement between himself and  
his wife. Turnbow surrendered im-  
mediately after the shooting.

When the body of Bailey was  
searched an automatic pistol was  
found in his pocket.

**CHINESE EDITOR ASSASSINATED.**

**Favored Return to Monarchy and is  
Put Away by Enemies.**

San Francisco.—Wong Yuen Yung,  
former editor of the Asiatic News, a  
paper published at Shanghai, China,  
as the official organ of Chinese favor-  
ing a return to the monarchical form  
of government, was shot in the back  
and killed while attending a Chinese  
Christmas banquet here Saturday  
night. The assassin escaped and was  
unrecognized.

**WHY YOU ARE NERVOUS**

The nervous system is the alarm system  
of the human body.

In perfect health we hardly realize that  
we have a network of nerves, but when  
health is ebbing, when strength is declin-  
ing, the same nervous system gives the  
alarm in headaches, tiredness, dreamful  
sleep, irritability and unless corrected,  
leads straight to a breakdown.

To correct nervousness, Scott's Emul-  
sion is exactly what you should take; its  
rich nutriment gets into the blood and  
rich blood feeds the tiny nerve-cells while  
the whole system responds to its refresh-  
ing tonic force. It is free from alcohol.

**PROBATION ORDINANCE  
VOTE CONSCRIPTION**

ONE MEMBER RESIGNS WHEN  
PRINCIPLE OF COMPULSION  
IS DECIDED UPON.

**Government Will Be Given Power to  
Bring in Single Men and Pre-  
serve Premier Asquith's  
Pledge to Single Men.**

London.—It is stated on excellent  
authority that the cabinet has virtu-  
ally decided upon a modified form of  
conscription bill to be introduced in  
the house of commons next week, giv-  
ing the government the necessary  
power, should it be found needful, to  
bring in single men and preserve  
Premier Asquith's pledge to married  
men.

According to the Times, the cabi-  
net decided on Tuesday by a majori-  
ty vote that it is bound by Premier  
Asquith's pledge and generally ap-  
proved the principle of compulsion as  
a consequence of the results of  
Lord Derby's recruiting campaign.

Thereupon, Chancellor McKenna  
and Mr. Runciman, president of the  
board of trade, tendered their resi-  
gnations. They did so partly as a  
protest against compulsion and partly be-  
cause of the effect which the cabi-  
net's policy would have on the finan-  
cial and commercial resources of the  
empire.

The resignations have not been ac-  
cepted. It is possible that other min-  
isters may follow the example of Mr.  
McKenna and Mr. Runciman.

The divisions which appeared in the  
cabinet Monday were in large mea-  
sure composed Tuesday. The cabinet  
was in session over two hours. There  
was a full attendance of ministers. It  
is understood that Lord Derby's re-  
port was subjected to a thorough an-  
alysis.

As a result of the discussion the  
cabinet reached something like unani-  
mity and came to a definite under-  
standing on the subject of Mr. As-  
quith's pledge to married recruits,  
and this understanding will form the  
basis of future action.

**FAMILY SUFFOCATED IN HOME.**

**Utah Farmer, Wife and Daughter  
Asphyxiated in Bed.**

Lehi, Utah.—Joseph Smith, farmer,  
28 years of age; his wife, 26, and a  
daughter 4, were found dead in their  
home, three miles north of Lehi Tues-  
day. The startling discovery was  
made by Mrs. Ellen Smith, mother of  
the young man. Asphyxiation, from  
gas generated by burning coal, caused  
the deaths.

The three deaths followed an even-  
ing of pleasure. Mrs. Ellen Smith,  
her son, his wife and the little girl  
remained up until about 11 o'clock,  
eating nuts and other delicacies, and  
there was no premonition of the  
tragedy when all prepared to retire.  
Mrs. Ellen Smith went to her room  
and Smith and his wife and daugh-  
ter retired to their bedroom, which  
is a small one, and which, because  
of the cold weather, was tightly  
closed.

As there was no fire in the room  
occupied by Smith and his wife and  
daughter, a bucket of glowing coals  
from a coal fire was taken in and  
placed at the foot of the bed for the  
purpose of increasing the tempera-  
ture.

**FAIL TO MEET DEMANDS.**

**Rumored That Austria's Reply to  
Note Will be Unsatisfactory.**

Washington.—Unofficial advices re-  
ceived Tuesday conformed with inti-  
mations from abroad that Austria's  
forthcoming reply to the Ancona note  
will fail to meet the demands of the  
United States, and Teutonic diplo-  
matic circles here Tuesday night were  
authoritatively represented as being  
prepared for a break in diplomatic re-  
lations between Austria and the  
United States.

Various developments, it was  
agreed, might avoid such an eventuality,  
but none of the counter propo-  
sals which it has been intimated the  
Vienna foreign office might advance  
have been regarded so far as coming  
within Secretary Lansing's renewal  
of the demands for disavowal, repara-  
tion and punishment of the subma-  
rine commander who sank the An-  
cona with the loss of more than a  
dozen American lives.

**Safety Clause Upheld.**

Denver, Colo.—A brief upholding  
the so-called "safety clause" of Colo-  
rado's referendum statute has been  
filed in the state supreme court by  
Fred Farrar, attorney general. This  
clause is designed to provide that a  
measure which involves the immedi-  
ate preservation of the health, peace  
and safety of the commonwealth may  
not be referred.
