"I am Staying at The Angelus
Los Angeles"
is always said with a sense of satisfaction. The mere choice of this distinctively high-class hotel at once stamps you as a person of standing and good taste. European Plan, \$1.50 up. Spring St. at Fourth.
"In the center of everything worth while."
C. C. Loomis - Harry Loomis Proprietors
Also, you'll like the Angelus Grill.
Qualities to Cultivate.
Guard within yourself the treasure, kindness. Know how to give without hesitation, know how to lose without regret, how to acquire without meanness. Know how to replace in your heart the happiness that may be wanted in yourself.—F. W. Faber.

Safe Medicine for Children
"Is it safe" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take too, which is of great importance when a medicine must be given to young children. This remedy is most effectual in relieving coughs, colds and croup. Obtainable everywhere.

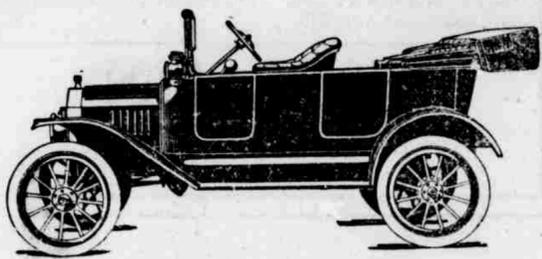

PURE-FOOD CHEW IS "PENN'S THICK"
Made in a Great Modern Factory, It is Clean, Pure, Wholesome and Satisfying
NATURAL TOBACCO FLAVOR
When you put a chew of tobacco into your mouth, you want to be sure that it is clean and pure.
Plug tobacco is the most wholesome and satisfying form in which tobacco can be used, and Penn's Thick is the cleanest and purest of plugs. It is made in a modern factory, spotlessly clean and perfectly sanitary.
Then, too, in Penn's Thick you get the natural taste of the deliciously mild tobacco leaf.
Penn's Thick is made of the choicest white Kentucky Burley, each leaf being selected with more painstaking care than is the case with any other plug tobacco.
And the pure, natural flavor of that leaf is carefully retained—you get the real Burley taste.
Chew Penn's Thick for genuine chewing satisfaction.
Penn's is guaranteed to be the best Natural Leaf Tobacco made. Any dissatisfied customer can return it to any merchant, whom we hereby authorize to refund the money. Try a 10c cut.

"Well, I Should Say 'Gets-It' DOES Work"
"Look a' There, If You Don't Think It's Just Wonderful for Corns!"
"Bless my stars, look at it! Land of the livin'! Why, just look at it! That corn came right off—just like peeling bananas. Put your finger on my

"Did You Ever See the Like? No Wonder 'Gets-It' is the Biggest Selling Corn Cure in the World!"
too, right there,—don't be afraid,—that's it,—feel how smooth the skin is? Well, that's where the corn was. Well, that beats all! That's the way "Gets-It" works on all corns, every corn, every time. It's the new, simple way of curing corns. You'll say goodbye to all foolish contraptions like bandaging, sticking tape, plasters, toe-eating salves, and grave-diggers such as knives, razors and scissors. "Gets-It" stops pain. Applied in 2 seconds. Never fails. Nothing to stick to, hurt or press on the corn.
"Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

MINES AND MINING
More mining is in progress this spring in and around Dugway than ever before.
Copper visible supply in England, France and afloat thereto decreased 2,410 tons from March 15 to April 1, being 12,291 tons on latter date.
Shipments of ore from the mines of Park City last week totaled 1,174 tons, estimated at \$46,000. This is compared with 1,193 tons the previous week.
With two cars of vanadium sold and orders for more on the books, the owners of carnotite mines at Gateway, Colo., have suddenly started the mines at full blast.
It is announced from Goldfield that the 50-ton experimental flotation plant at the Goldfield Consolidated has proven so successful that a 500-ton addition has been ordered.
Stockholders of the Seven Troughs Mining company are in receipt of the 1915 annual report, which shows cash reserves of \$20,605. The company has \$97,700 shares issued of the 1,000,000.
Utah Copper for the year ended December 31, 1915, shows a surplus after charges of \$17,913,481, an increase of \$9,234,990. This is equal to \$11.03 a share, against \$5.34 the previous year.
It is understood that Nevada Consolidated, generally regarded as a copper property of short life, increased its ore reserves during the past year by approximately 13,000,000 tons, raising total to about 50,000,000 tons.
Chino Copper Co. during the first twenty days of March produced copper at a rate in excess of 6,000,000 pounds per month. This comeback from the smaller yields of January and February is most satisfactory.
One of the directors of the Indian Queen Consolidated Mining company said last week that the property in Beaver county, Utah, has just undergone an inspection, and as a result work has been ordered started at once.
Shipments from the Prince Consolidated the past week foot up to a total of eighty-four carloads. This is estimated at 4,200 tons, or 600 tons a day for the week. This is the heaviest single week's production in the history of the Pioche mine.
Over a million dollars' worth of briquets were made out of waste coal dust in 1915, the exact production being 221,437 short tons, valued at \$1,035,716. This was the largest output in the United States for any year, with the exception of 1914.
From Dover, Del., comes the information that a company called the Utah Petroleum has been incorporated there for the purpose of engaging in the business of prospecting for and producing oil and natural gas. The capitalization is \$5,000,000.
The directors of the Success Mining company have announced the regular monthly dividend of 3 cents a share, amounting to \$45,000, and a special disbursement of 2 cents a share, amounting to \$30,000, making a total of \$75,000 for this Wallace, Idaho, property.
Production of the mines of Tintic last week totaled 172 carloads. This is estimated at 8,600 tons, valued at \$215,000. It is compared with 168 carloads the previous week. These are two of the heaviest production weeks that the district has experienced in two or three years.
It was reported last week that the Exploration company's year's lease on the Ohio Copper has been extended for four months. As the lease was due for expiration in May, that means that it will continue into September. The mine is now producing about 2,400 tons of ore a day.
Ed. Dyer, a business man of Yerington, who is in town for a few days, states that there is a possibility of the smelter at Thompson resuming in the future, says the Carson News. He states that several men have been put to work repairing the furnaces and the cottages for the employes at the smelter.
From Douglas, Wyo., comes word that the Wyatt Oil & Refining company, composed of Colorado capitalists, who a fortnight ago made the purchase of the Brownfield and the First National Bank properties in Brenning basin, twelve miles from Douglas, are actively preparing for operations.
Beginning April 1 all mining companies in British Columbia will receive \$7.25 the hundred pounds for all lead that goes to the British government for munitions purposes until June 30, and the deliveries for the same account in July, August and September will be settled for on a basis of \$8.30 the hundred pounds.
Net earnings of Miami Copper company approximated \$1,230,000 for the first quarter of 1916. With these figures before them and the knowledge of a surplus of quick assets of \$3,000,000 on April 1, directors on April 10 declared a dividend of \$1.50 per share, against \$1.25 three months ago, and \$1 six months ago.
It is reported that the Antelope-Star property east of Black Rock may be taken over by the Godde brothers of the Prince Consolidated. They had an engineer down making an examination engineer down making an examination is has not been made public.
Humboldt county, Nevada, is on the eve of a tungsten boom that bids fair at this time to eclipse the excitement incidental to the free gold strike in the Willard district several years ago, and the gold-silver rush into the Seven Troughs district in the Trinity range.
