Striking Michigan Miners in Practical Control of the Situation.

BUSINESS MEN SYMPATHIZE.

Meeting Held and Support Promised to Strikers While Out.

MARQUETTE, Mich., July 22.—The Ishpeming-Negaunee striking miners have stopped all work on the streets at Ishpeming and declared their intention of stopping labor of every description until the struggle with the operators is ended. Samuel Hoar, operating the Star West mine on a contract, himself a laboring man, was at the meeting at Union Park and begged the men to let him go on with his contract. He declared that failure to keep his contract meant ruin to him. He offered to pay the rates asked by the men, but after some debate they refused to allow him to work the mine, declaring that no mine

Would be Permitted to Work until all granted the rates demanded. A meeting of Ishpeming business men was held during the evening and the strikers were addressed by merchants who promised their hearty support in the struggle.

Tim Hughes offered to pay \$100 a day out of his own pocket to help the men as long as they remain out, and others promised to pay sums in accordance with their means. The business men carried a banner reading, "We, the business men of Ishpeming, are in favor of this movement, and hope the men will succeed."

PARDON FOR VAN LEUVEN.

District Attorney Sells Will So Recommend.

DES MOINES, July 22.—The chances are that George Van Leuven, the pension swindler of Lime Springs, Ia., whose manipulation of pension boards and his subsequent trial for frauds on the department attracted national attention, will go comparatively unpunished. He is now in the penitentiary at Anamosa to serve a long term. His health has been entirely broken down and his weight has reduced from nearly 200 to 115 pounds in a few months. United States Attorney Sells, who prosecuted him, will in a few days submit a report with recommendations as to whether he shall be pardoned. It is announced that the president will act on Mr. Sells' recommendations and the best information is that executive clemency will be recommended.

Superintendent Brown had nourishment ready for them, and after partaking of it they were all driven to their respective homes.

HOUSES IN THE AIR.

Cyclone Plays Peculiar Capers in the Vicinity of Grafton, N. D.

GRAFTON, N. D., July 15.—A tail-twisting cyclone struck the place of O. D. Nelson, six miles northeast of here, at 4:45 p. m. It was about three rods wide. At a schoolhouse nearby people were at church and heard it coming. It first struck a large machinery shed, lifted it up, turned it completely around and dropped it five rods away in a grove. It was full of machinery, which was literally twisted out of shape. Turning, it took a windmill off a barn, and twisted the barn some. It then struck the house five rods away. It lifted this house up in the air, whirled it around. Striking on a corner, it

Went Into Thousands of Pieces. There were five persons in the house. Mrs. Nelson was sitting on the porch with a baby in her arms. When in the air she dropped the baby, and was carried about 30 feet. Both were uninjured. A 12-year-old girl named Peters was badly hurt and is not expected to live. The hired man was carried 300 feet and dropped in a grove, where for a short time he remained unconscious. Everything in the house was literally smashed to pieces. Three miles southeast a farmer named Knudson had the roof taken off his house and there is undoubtedly more damage done.
