A GLORIOUS END

DEATH OF THE EQUAL RIGHTS CLUB.

It Heroically Resolves Itself Out of Existence in Order to Foster the Ambitious Younger Members—An Interesting Meeting

The Equal Rights Club held a protracted, secret and somewhat sterner special session at the residence of one of the officials, last Monday evening. The result of this meeting is that the young and vigorous society of one short week ago, now consists of an infinitely small quantity of nothingness, as absolutely existences as an act of execution performed 100 years ago, and the pretty bubble of expectant enfranchisement of the coming woman of Virginia City has gone the way of more substantial flesh—up the spout.

A portion of the proceedings are published by request, and that portion of the account of the meeting which is not published by request comes to us through channels which we must protect or get into trouble. If any member of the society does not approve of the publication of the facts concerning the dissolution of the society, he, she, or they can reach us by wire as we intend to leave for Butte immediately after the publication of this issue.

The meeting was called to order by the president (whose name we do not publish by request) and in the absence of the secretary, the treasurer (whose name we do not publish by request) wielded the official faber.

Several candidates (whose names we omit by request) were elected, and seated as members of the society.

A motion to send a delegate to the state convention soon to be held in Helena was defeated, after it became apparent that every member of the society wanted to go. No candidate received two votes.

This was the begining of the end. The report of a committee previously appointed to canvass the feelings of the members relative to the perpetuation of the society was then read. A bombshell would not have created a greater sensation. It was as follows:

Whereas, it is apparent from reliable information that the young men of this community have threatened to boycott all lady members of this society and

WHEREAS, the lady members of this community eligible to matrimony have grave fears that the organization and continuation of their society will seriously impair, if not totally destroy the chances of the young [?] unmarried members, [which are already slim enough] for matrimonial alliances, and

WHEREAS, the husbands of some of the married members of the society have threatened to go on a strike, and have been informed by the legal fraternity that the fact of their wives being members of this society is ground for divorce, by virtue of section 26,621 B, of the new codes (not yet issued.)

THEREFORE, be it hereby resolved, unanimously and without dissent (woman-like) that this society be and hereby is, dissolved *sine die, cessante ratione, cessat ipsa lex.*

MRS. W. W. CHEELY,
HENRIETTA M. ELLING,
GRACE HERNDON,
ELLA SWIFT,
LOTTIE ELLING,
Committee.

Hot tobacco sauce was cold compared to the discussion which followed.

but the unmarried ladies and their friends were in the majority and the resolutions were adopted by a vote of 47 to 45.

THE SOLDIER BOYS.

They Will Go Into Camp at Fort Ellis Next Thursday.

Captain George Reif, of Co. D, is getting his soldier boys in line for the annual encampment of the state troops, which will be held at Bozeman, commencing next Thursday and continuing nine days. He has issued orders for all members of the company to report at the armory Tuesday evening and be in readiness for the trip, which will probably be made over land to Sappington, and from thence by rail. He expects to take with him about 40 men.

Following is general order No. 4, recently promulgated, relating to the matter of an encampment:

The State of Montana, Adjutant General's Office, Butte City, Montana, July 13th, 1895. There will be an encampment of the National Guard of Montana, at the State Military Reservation, (Old Fort Ellis,) near Bozeman, from the 8th, to the 16th, of August inclusive.

The quartermaster general will at once arrange with the various lines of railway for the transportation of troops and material to and from the place of encampment, reporting to the adjutant general the details of arrangements so made, when specific orders will be issued, governing the movements of troops at each station.

Company commanders will make no further requisition for supplies, until they arrive in camp. By command of J. E. RICKARDS,

Gov. and Commander-in-Chief.

C. F. Lloyd, Adjutant General, Mont.

General Order No. 7, promulgated Monday, reads: Captain G. W. Reif, commanding Company D, stationed at Virginia City, will make such arrangements for wagon transportation as may be necessary to transport his company to Norris, arriving there Thursday, August 8th, in time to take the regular Northern Pacific train for Sappington, at which place he will report to Colonel H. C. Kessler for instructions.

VIRGINIA VISITORS.

People Who Have Been in Town During the Week.

The following are out-of-town arrivals at the Madison house during the week:

R. P. Bateman Sheridan; Richard Caswell, Ruby Valley; A. McDonald, Pony; C. R. Crain, Granite; Frank Stradling, Pony; C. Beckwith, Pony; J. E. Knowles, Dillon; W. W. Legbero, Butte; Eugene Valanceor, Easton; J. H. Turnbull, Easton; H. A. Pearson, Chicago; A. Zuckamer, San Francisco; M. A. Miller, Twin Bridges; Dr. and Mrs. J. G. Van Marter, Summit; Mrs. A. C. Ayers, Cameron; Mrs. D. Cameron, Cameron; Dr. Lewis and Wife, Portland, Oregon; Joseph Comley, Ruby Valley; P. J. McCleary, Red Bluff; A. C. Murphy, Home Park; John Stouts, Butte; G. W. Bell, Butte; Mrs. I. I. Baker, Butte; E. D. Mason and wife, Butte; Mrs. Curtis, Butte; Miss Darnell, Butte; G. E. Dawson, North Carolina; Miss Etta W. Baynes, Lyman, Massachusetts.

For Sale at a Bargain!

A second hand J. I. Case steam threshing outfit, complete with swinging stacker, all in good repair. A great bargain.

THE EASTON MILL

RESUMED OPERATION MONDAY.

And is Working in a Satisfactory Manner—J. H. Pankey in Charge—The New Dryer—Some of the Employees.

The new Easton mill began operations last Monday morning and a Madisonian man visited the big plant Tuesday evening when everything was working satisfactorily. Some few minor difficulties have been experienced, but these, no doubt, will be overcome in the course of a few days under the skillful supervision of Superintendent J. H. Pankey.

The mill certainly presents a pleasant vision to those who visit it in the evening. There is a bewildering multitude of belts and wheels and bands, and the hurry and bustle of the men is very evident. The whole structure is lighted by the mill's electric plant, situated in the engine room, and the effect thereof is pleasing.

The new dryer and other machinery comes from the Gates Iron Works, Chicago. It will result in a saving of four or five men's labor and a large per cent of the valuable.

About 20 men are employed about the mill. Charles Kammerer and Henry Harriman have charge of the engine room and machinery; Lew Romey, F. Erp, and Joe McDougal look after the pans and settlers; S. L. Potter and J. H. Saul attend to the vanners and crusher; Alphose Bronder and Henry Dunn have charge of the rock breaker, rolls and ore weighing; Ed Edgell and Charles Cordell have charge of the roaster department, while A. Cameron is mill carpenter, besides numerous other employees. In all possible instances old employees received the preference when the force was selected.

During the past few days the mill has made such heavy inroads on the ore bins that it has been necessary to increase the number of teams to freight the ore from the mine.

The Easton is certainly one of the best silver-gold mines in Southern Montana. There is enough ore in sight, we understand, to keep the mill, even with its increased capacity, busy for several years. It is in a fine state of development. Maj. Henry Elling is back of this big enterprise and he is giving it much of his personal time and attention. He makes a trip to either the mine or mill nearly every day. It is certainly to be hoped that every dollar he expends will yield handsome returns, as such a condition will quicken the pulse of trade in this locality to a considerable extent.

That Salt Lake Excursion.

From present indications, the number of people who will purchase tickets to Salt Lake and return August 5th, will exceed that of any excursion this season. The round trip fare of \$15 is very liberal, and there is no trip of the same distance that can be taken with so little expense. The railway companies have been asked to run special trains out of Butte to enable the people to procure baths since the hydrant water has become so bad, but the bathing resorts cannot accommodate them. Great Salt Lake is the only place in which to get a good bath.

Fees in Justices Courts—Concerning Physicians.

We think it a matter of general interest to let our readers know something of the changes the Codes make in the matter of fees which Justices of the Peace and Constables are allowed to charge for their official services in certain cases. The entire fee bill is found in the Chapter IV, Part IV, Title II of the Political Code:

The following are the fees in civil cases. For all services in an action in which there is no appearance by the defendant, and judgment is rendered by default, including issuing of execution and return, to be paid by the plaintiff, the justice is entitled to two dollars and fifty cents.

For all services in an action where judgment is rendered by confession, two dollars and fifty cents.

For all services in an action where issue is joined and a trial is had, including the entry of judgment, issuance, and return of execution and satisfaction, seven dollars and fifty cents. (Five dollars to be paid by the plaintiff, and two dollars and fifty cents by the party in whose favor the judgment is rendered. The justice may demand of the plaintiff the payment of two dollars and fifty cents in advance when the summons is issued, and two dollars and fifty cents of plaintiff when issue is joined, and two dollars and fifty cents of the prevailing party when judgment is rendered, which includes all the fees to which the justice is entitled up to the notice of appeal.)

For filing notice of appeal, filing, justifying and approving undertaking on appeal, and transmitting the papers to the district court with certificate, two dollars and fifty cents.

The following fees are allowed the justices in criminal action:

For all services rendered as a committing magistrate where examination is waived, \$2.50.

For all services rendered as a committing magistrate where a hearing takes place and witnesses are examined, \$5.

For all services rendered as a magistrate on a hearing on a complaint to bind over a person to keep the peace, \$2.50.

For all services rendered where there is a plea of guilty, \$2.50.

For all services rendered where there is a trial, \$5.

For taking, filing and approving bail bond including justification, \$1.

For transmitting papers on appeal, and certificate including bond and approval \$1.50.

For all services in issuing a search warrant, to be paid by the person demanding the same, \$1.

The total amount of fees allowed by the board of county commissioners in criminal cases must not exceed five hundred dollars in any one year.

Beside the fees above mentioned the jus-

ties are allowed to charge twenty cent per folio for copies of papers on file or docket; for taking the acknowledgement of an instrument, one dollar, for each additional name, fifty cents; for performing the marriage ceremony, five dollars, which includes returning the certificate to the County Clerk; for all services relating to lost or unclaimed property, two dollars.

Some of the fees provided work a decided hardship upon the officers.

A justice of the peace may sit for a number of days upon the trial of a criminal case, and he will receive five dollars only, but he is better provided for than the constable, who for all services rendered in summoning and taking charge of a jury receives two dollars, and no matter if he has travelled all over Madison County in his efforts to secure the jury, yet he is better provided for than the witnesses in a criminal case, who "must not receive any pay or compensation for their services."

In this connection we will say that, in justice's courts witnesses in civil actions receive \$1.50 per day but no mileage. Jurors receive \$1.50 per day, but no mileage, in both civil and criminal actions.

This is manifestly a great wrong, and one which can not be amended too soon, but what is the law we must abide by.

The political code contains the following provisions, which should be kept in mind by those affected, or liable to be affected thereby:

All persons who perform the marriage ceremony must keep a registry of the time of each marriage so celebrated, the residence, the names in full, the place of birth, the age of each party, and whether either has ever been before married.

All physicians and professional midwives must keep a registry of the time of each birth at which they assist professionally, the sex, race and color of the child, and the names and residence of the parents.

Physicians who attend deceased persons in their last sickness, clergymen who officiate at a funeral, coroners who hold inquests, sextons and undertakers who bury deceased persons, must each keep a registry of the name, age, residence and time of death of such person.

All persons registering marriages, births or deaths must quarterly file with the county clerk a certified copy of their register. All such certificates must specify, as near as may be ascertained the name in full, occupation, age, term of residence in city or county, birth-place, condition, whether single or married, widow or widower, sex, race, color, last place of residence, and cause of death of all decedents.

If at any birth no physician or midwife attends, the parents must make the report.

ROYAL Baking Powder.
