

# THE MINERS WIN.

Nearly All Their Demands  
Granted by the Pittsburgh  
Operators.

LARGE INCREASE IN WAGES.

One Hundred Thousand Men  
Benefitted by the New  
Contract.

PITTSBURG, Aug. 5.—The biggest victory ever made by organized labor has been won in Pittsburgh by the miners. Almost every demand was granted and the operators gave a written guarantee for their fulfillment of the contract. The papers have been signed which increases the wages of 100,000 miners in Pennsylvania, Ohio, Indiana and Illinois. The terms of the agreement are that the present rate of wages shall continue in force until Oct. 1, when every operator in the Pittsburgh district will pay the 69-cent rate, with a differential of 5 cents in favor of operators who do not have company stores. The agreement further provides for

Another Advance on Jan. 1.  
It is understood that the rate will then be made 79 cents. Above all W. P. Dearth, who has whipped the miners at every turn heretofore, has been brought over and will pay the 64-cent rate, as he does not have the company stores.

The effect of this settlement is to advance the mining rate in Ohio and Indiana from 51 to 60 cents. It also helps the rate in Illinois and brings the strike there to an end. It also changes the end of the scale year from April 30 to Jan. 1. This is the first time a differential has been granted against company stores, and it is expected it will result in

Having All of Them Abolished.  
An evidence of this came when W. P. Rend of Chicago offered to abolish his company store at Reising, Pa., and agreed to loan the miners money enough to operate it on a co-operative basis.

As another result of the compromise the operators propose to form a new association on different lines from the old one and every operator in the district will be included in its membership.

Practically all the credit for the victory is being given to Secretary Treasurer Pat McBride, who mapped out the entire campaign.

## WILL NOT COMPROMISE.

Ishpeming and Negaunee Miners Firm in Their Demand.

ISHPEMING, Mich., Aug. 5.—The Ishpeming and Negaunee strikers held a big demonstration in Ishpeming during the day. Almost 3,000 men were in the line of march from the park at noon. Some of the speakers made an effort to induce the men to visit the mines to ascertain what concessions the companies are prepared to make, but the matter was voted down.

The men will not listen to compromise talk, and those who attempt to speak of effecting a settlement are given but little encouragement. Many of the men desire to go back to work, but the majority are opposed to it, insisting on recognition of the union by the companies. It is certain, however, that the companies will not recognize the union in any regard and will keep the mines closed until such time as there is a break in the ranks of the organization.

## IOWA DEMOCRATS.

They Are Likely to Have Division on the Money Question.

WEBSTER CITY, Ia., Aug. 5.—The main interest in the Iowa state Democratic convention, which meets at Marshall town the 7th of this month, is centered in the silver question. The different county conventions have all expressed their opinion on this feature of the coming convention, with the possible exception of seven or eight. That there will be a contest every Democrat admits. How severe it will be no one exactly knows. It is the general opinion over the state that the sound money men, in conjunction with a few silver men who think they should not dabble in national matters, will try and have the question shelved, but the people who are at the head of the silver movement in the party are the workers and they will make a desperate effort to bring the matter up.

## The Columbia's Quick Trip.

NEW YORK, Aug. 5.—The United States cruiser Columbia, which sailed from Southampton Friday last on a speed trial across the Atlantic, was sighted when she had been out six days 15 hours and 40 minutes. The fastest trip on record from Southampton was made last year by the American liner New York, in 6 days 7 hours and 14 minutes.

## Clausen Re-elected.

ST. PAUL, Aug. 5.—At a meeting of the state railroad and warehouse commission, held here, Albert C. Clausen was elected, by unanimous vote, to succeed himself as chief grain inspector. Mr. Clausen will probably

make no change in the personnel of the force of clerks who have been in his employ during the past term.

## Vessels for the Great Lakes.

CHICAGO, Aug. 5.—The Chicago Shipbuilding company has been awarded the contract for the building of two of the largest schooners ever put on the lakes. The boats will be of the 6,000-ton class and are to be built for the Minnesota Steamship company.

## Ottawa's Rejoinder Received.

WINNIPEG, Man., Aug. 5.—The rejoinder of the Dominion government to Manitoba's reply to the remedial order on schools has been received by Lieutenant Governor Schultz and handed over to the Manitoba government.

## Had Too Much Religion.

SIoux CITY, Ia., Aug. 5.—A new ground has been discovered upon which divorce may be granted in South Dakota. Dr. L. C. Smith of Armour has just secured a decree on his representation that his wife, Nellie M. Smith, is a Seventh Day Adventist, and that ever since their marriage she has made his life a burden by her efforts to convert him.

## All Work Stopped.

IRON MOUNTAIN, Mich., Aug. 5.—Miners employed at the Dunn mine, a Schlessinger property in the Crystal Falls district, have struck for an advance in wages to the same scale as is paid here and all work is at a standstill.
