## FROM THE BRIDGES

**THE FAIR WILL BE A GREAT  
EVENT.**

The People of Twin Bridges Pro-  
pose to Eclipse all Previous Ef-  
forts—Some Mining News—A Suc-  
cessful Institute—Generalities.

TWIN BRIDGES, August 16.—[Special  
Correspondence]—Mrs. James Page  
and her daughter Nellie left for Hel-  
ena, via Boulder, Wednesday, to select  
a house in which to live. Since Mr.  
Page has been appointed land agent,  
he has concluded to move his family to  
the capital city. They intend to move  
in about two weeks. Mrs. Page and  
Nellie will return this week and begin  
preparations for the move. We regret  
to lose this family from our midst but  
our loss is Helena's gain.

Little Miss Helen Pennington has  
been quite sick for a week or more.  
We trust she will soon recover.

A large force of mechanics is putting  
the finishing touches on the new G. F.  
White store building. There is no  
moss on George's back when it comes  
to erecting store buildings. It will be  
the finest building of its character in  
southern Montana and Twin Bridges is  
just the place for it. Success to you,  
George.

Thos. F. Pollard, the monopolizer of  
hotel facilities at our county seat, was  
seen on our streets this week. Tom  
has the ability to counteract the pangs  
of appetite and—well, try him once.

Maj. Burge reports that the King  
Mining company contemplates opening  
up another of their valuable leads. The  
ore in the ones now opened is too base  
for mill reduction and needs a smelter.  
It is fine ore however, and shipments  
will be made regularly. The mill is  
not idle for it is rushed with custom  
work from other camps. It is a long  
felt want supplied and the Blinn boys  
know how to run it.

The summer Normal will close next  
week. The term has been a very pro-  
fitable one for those who attended, and  
those who have not, may regret it. The  
attendance has not been so large as  
was anticipated. Prof. Birchard had  
much more encouragement than was  
fulfilled. Those who are not able to  
back their promises should not make  
them. The expenses of such a term  
are just as much for 20 pupils as for 50,  
while the revenues are radically different.

The benches are as brown as a wheat  
cake but not so nutritious. Stock is  
crowding into the hills and unless rain  
comes soon, the effects will be serious.  
The Beaverhead in the upper valley is  
about dry and were it not for the stream  
that crosses from the Big Hole, others  
below would suffer.

The executive committee of the Fair  
Association, and Supt. Pease are busy.  
The reports from all parts of this state  
and Idaho are of the most encouraging  
character. Instead of abandoning the  
Fair "these hard times," our people  
not only intend to maintain our pre-  
vious record but "will go her one bet-  
ter. This year there will be four days  
instead of three and the date has been  
placed earlier than formerly. The  
Fair will be September 3, 4, 5 and 6,  
just when the moon is "chuck full." The  
merry-go-round will go around; the  
art pavilion will be filled with all  
the pretty things; the vegetable halls  
are being enlarged and a fine display  
is expected; the poultry house is a fine  
place to exhibit fowls; the stockmen  
can have hay for the feeding of it; the  
race track is receiving it's usual polish;

and horsemen from Anaconda, Butte,  
Great Falls, Deer Lodge and other rac-  
ing centers will be here. The bicycle  
race will draw a large crowd, espe-  
cially the ladies' contest. A fine cash  
premium will be offered for the best  
time made by any lady rider. The  
pigeon shoot will be another "star."  
The association will offer a fine silver  
cup. This cup is of silver, stands about  
28 inches high and is a beauty. Do not  
ask your neighbor, "are you going to  
the twin Bridges Fair?" but just say  
"come along with me, I am bound for  
the Fair." We propose to put the  
state fair at Helena in the shade.  
The Iron Rod milling property has  
been leased by the owners of the Aurora  
mine, and they are milling the Aurora  
ore with good results. Twenty-five  
men are employed at present. All the  
mines around Silver Star and Iron Rod  
are being worked this season. The  
districts are filled with prospectors in  
quest of the yellow metal.

## FROM SHERIDAN.

Social and Personal News of the Val-  
ley Town.

SHERIDAN, Mont., Aug. 15.—[Special  
Correspondence.]—Dr. J. A. Miller's  
wife and two children arrived in Sheri-  
dan Tuesday, after an absence of three  
months in the east.

Ed. Wright and family are numbered  
among the residents of Sheridan, hav-  
ing moved from Leterville, and are  
now occupying one of the Ray-  
mond cottages.

Mrs. Mary Rightenour and son, Earle,  
have returned from a month's visit at  
Boulder.

Miss Lizzie Ternan, who has been  
suffering with a sprained arm and  
fractured elbow, is able to be out,  
owing to the skillful treatment of Dr.  
Miller.

R. J. Ogden and Dr. Rightenour  
left for Missoula to attend the annual  
meeting of the A. O. U. W. Mrs.  
Parmeter is the delegate who will  
represent the D. of H. of this place.

Joseph B. Poindexter of Dillon was  
in Sheridan this week on legal business.  
Harvey McFarland has accepted a  
position as clerk in the store of H. D.  
Rossiter.

Harvey Schultz, Wicott Raymond,  
and Raymond Rossiter went to the  
Warm Springs for a weeks camping.  
One of the boys became sick and the  
party returned the third day out.

Miss Grace Herndon paid Sheridan a  
visit in the interest of the school. Miss  
Herndon will open the primary and  
intermediate department of the school  
Sept. 9. Mr. McFarland has accepted  
the position of principal for another  
year, and that department will begin  
work upon the same date.

Miss Anna Steiner is spending a few  
weeks in Nobleville.

## THE KATIE BURNED.

Basin's Principal Mill Destroyed by  
Fire—Loss \$100,000.

Basin suffered a disastrous loss in  
the burning of the Katie mill and hoist  
which occurred last Tuesday. Fifty  
miners were in the mine at the time  
the hoist caught fire but all escaped.  
The plant was only completed this sum-  
mer and cost \$100,000.

All who expect to purchase excu-  
sion tickets to Boston should bear in  
mind the selling date for Knight Con-  
clave tickets has been changed to Aug  
16th, instead of 20. The Union Pacific  
offers special inducements to excu-  
sionists. 41-2t.

## FROM ENNIS.

Doings of the Week in a Social Way.  
—Personal Mention.

ENNIS, August 14.—[Special Corre-  
spondence]—Misses May Bull and Nel-  
lie Switzer returned from Twin Bridges  
last Saturday. They attended the sum-  
mer Normal at that place and report  
having a very pleasant and profitable  
time and speak very highly of Prof.  
Birchard as an instructor.

Miss Lena Gilmer has returned from  
her work at Wigwam, where she was  
substituting for Miss Bull while the  
latter was in attendance at the Nor-  
mal

Miss Mary Oliver, from the Orphan's  
Home, came over on Monday to join a  
party which is going to the National  
Park. The party consists of several  
persons from Meadow Creek and some  
from Ennis.

Two runaways occurred near Ennis  
last week. One was that Mr. McCoy's  
team run away with a mower and com-  
pletely demolished the machine and  
broke one of the horses legs. The  
other was that a horse run away with  
Theo Saunders and a hay-rake. The  
horse ran for over three miles and The-  
odore "stayed with it" and finally man-  
aged to get the animal under control.  
This was pluck for a boy of 11.

Churn agents are now the rage as we  
have no less than three in the valley,  
all trying to sell the same kind of a  
churn. So talk is cheap and winds  
frequent these hot "dog-days."

The town of Ennis received an addi-  
tion to its population last week. This  
time it was a bouncing baby girl that  
was born to Mrs. Chowning. The  
parents rejoice over the advent of  
their first born.

A social will be given at the "Union  
Hall" on Saturday evening. All are  
invited to be present. (2)

## FROM MEADOW CREEK.

The Creek's Social News of Seven  
Days

MEADOW CREEK, August 14.—[Special  
Correspondence]—Mrs. W. A.  
Fletcher and Carl arrived home Thurs-  
day from their eastern visit. Miss  
Winifred Fletcher will not return for  
some time.

Several churn agents have been in  
the valley the past week.

The Misses Jackson of Harrison are  
visiting at W. A. Fletcher's.

G. C. Comstock has returned from  
his trip to the eastern part of the state.

A party consisting of Misses Mary,  
Maggie and Sarah Oliver, Mrs. G. W.  
Burns and daughter, Mrs. E. B. Gib-  
son, W. J. Oliver, Fred Gibson and  
Leon Gordon start to-day for a tour of  
the Park.

John Oliver will preach conference  
August 25.

The readers of this paper will be pleased  
to learn that there is at least one dreaded  
disease that science has been able to cure  
in all its stages, and that is catarrh. Hall's  
Catarrh Cure is the only positive cure  
known to the medical fraternity. Catarrh  
being a constitutional disease, requires a  
constitutional treatment. Hall's Catarrh  
Cure is taken internally, acting directly up-  
on the blood and mucous surfaces of the  
system, thereby destroying the foundation  
of the disease, and giving the patient  
strength by building up the constitution  
and assisting nature in doing its work.  
The proprietors have so much faith in its  
curative powers, that they offer \$100 for  
any case that it fails to cure. Send for list  
of testimonials.

## YOUNG LOGHINVAR

**THE TRIALS OF TWO YOUNG  
PEOPLE.**

Ran Away From Pipestone Springs to  
Get Married—A Previous Unsuccess-  
ful Attempt at Granite—A Romance  
That Ended Happily

Police Justice McGown rang down  
the curtain of a very pretty act in Life's  
fitful drama last Monday afternoon by  
uniting in marriage two young people  
who have long yearned for each other  
but with whom mocking, whimsical  
Fate has flirted for four years or more.  
The ceremony was performed in the  
parlors of the Madison house, and while  
the justice pronounced the solemn  
words which united big Edward Grimes  
to Miss May Shea, Ben Hunter, the  
bridegroom's best friend, smiled hap-  
pily, as he thought how mad some peo-  
ple in Butte would be when they heard  
how May had become Mrs. Grimes.

Four years ago the young people met  
in Granite, but the young lady's broth-  
ers objected to Grimes' attentions and  
they ran away to get married. Before  
the marriage ceremony could be per-  
formed, however, the girl's brothers,  
who were in hot pursuit, appeared, and  
prevented it, on the ground that their  
sister was not of age. They then mov-  
ed to Butte and in spite of the brothers'  
vigilance, Miss Shea managed to hear  
from young Grimes occasionally. A  
short time ago Grimes and his friend  
Hunter went to work at Leterville. A  
few weeks later Miss Shea went to vis-  
it friends at Pipestone Springs. Last  
Friday Grimes told Hunter he was go-  
ing to Pipestone to do the Lochinvar  
act. Hunter told him he could not go  
without him. And so the two friends  
went to Pipestone, found the young  
lady and drove from there to Virginia  
where they were wed, and Ben Hunter,  
who has been Grimes' right hand man  
all through the little romance, was ap-  
parently as happy as the bridegroom  
over the successful termination of af-  
fairs.

The ceremony was witnessed by Mrs.  
E. Cassidy and Stephen Kennedy,  
and during the afternoon the happy  
trio left for Leterville.
