

FRANK WHITE'S DEATH

Chicago Private Detectives Must Answer For a Most Cruel Murder.

Innocent of Any Crime, Yet Was Shot to Pieces by the Sleuths.

Entire Force of the Berry Agency Rounded Up by the Police.

CHICAGO, Nov. 18.—The inquest over the body of Frank White, who was shot while riding in a buggy at the corner of Polk street and Winthrop place yesterday evening, has led to startling developments.

The discoveries made may result most seriously to several members of the Berry detective agency, including the superintendent. Not only was W. J. Dix held to the grand jury by the coroner, but the circumstances surrounding the case go to show that the buggy in which the two men were riding was brought almost to a standstill when the tragedy occurred, and that at least three of the detectives, who were detailed to assist in the arrest of Clarence White, made an effort to crowd about the vehicle and emptied one or more chambers of their revolvers in the direction of the innocent man who was killed. As a result of the police investigation a wholesale arrest of the members of the agency was ordered by Inspector Fitzpatrick, and seven men, in addition to W. J. Dix previously arrested, were locked up at police headquarters.

White Riddled With Bullets.
Of the eight under arrest it is probable that McLain and Weil will be released, as they are not considered responsible either for the immediate slaying of White or for the actions of the management. Weil is only a lad who has been acting as secretary in the office.

Five of the prisoners, Poole, Frew, Thompson, Fischel and Dix, are known to have been on the scene of the shooting, the latter two having been positively identified by an onlooker.

Fischel admits that he fired two shots into the buggy and has given evidence implicating Frew and Thompson. Poole also admitted having used his revolver. White was almost shot to pieces by the detectives, two bullets having pierced his brain, two went through his chest and he was shot through the spine from the rear. All the bullets were of large calibre and fired at close range. The men now under arrest comprise the entire force of the Berry agency, with the exception of one man and the police are chasing him.

Burglar White Surrenders.
Clarence White, the brother of the murdered man, has given himself up to the police. He said that when the shooting occurred his brother was driving him to Forest Home, a station on the Great Western road, where he was to take a train for Iowa. He said that the detectives began firing without a word of warning, and that their stories of firing by him or his brother were false, as neither of them had a weapon of any kind. His story in all particulars is corroborated by evidence given at the inquest.

Shortly before midnight William Mayo, a well known pugilist, was arrested. He has been connected with the Berry agency and admitted that he fired twice into the buggy when White was killed.

WAS OF SHORT DURATION.
Strike of New York Cabbies Practically Collapsed.

NEW YORK, Nov. 18.—The strike of cab drivers and stable men, which promised to paralyze travel by hired vehicles in the city for an indefinite time, fell through during the morning, when most of the men, who had been ordered out by the Liberty Dawn association to support the employees of Seach's stables, returned to work. Seach's men are still on strike, but the company sent out 40 cabs, driven by non-union men, each of whom was guarded by a policeman in civilian's dress on the seat beside him.

Put the Husband Out of the Way.
CHICAGO, Nov. 18.—Henry Shafer has been arrested on the complaint of Hans Peterson, who accuses him of being the author of the death of Herman Weise, a son-in-law of Peterson. It is claimed that Shafer and Mrs. Weise became infatuated with each other and they put the woman's husband out of the way with morphine.

Would Benefit Dubuque Jobbers.
DUBUQUE, Nov. 18.—A movement has been started here to build a line of road from this city to Toledo, Tazopa county, to connect with the Chicago and Northwestern road. This would open up a new and large territory to the jobbers and manufacturers of Dubuque.

Agricultural Papers Organize.
CHICAGO, Nov. 18.—A national organization of agricultural newspaper men

was organized here, 60 papers from all parts of the United States being represented. The organization was named the Agricultural Press League.

More Government Land.
WASHINGTON, Nov. 18.—Under the abandoned military reservation act the war department has turned over to the interior department for disposal the Fort Buford military reservation in North Dakota.

Killed by a Fellow Workman.
BURLINGTON, Ia., Nov. 18.—W. L. Schuch has had his brains dashed out by a fellow workman, Henry Martin. A dispute over money due Martin was the cause. Martin is still at large.
