There is nothing more disgusting to a true gentleman than to see a girl flirting with every man or boy she sees on the streets and other public places in the city. Don't do it young lady unless you would have a low estimate placed on your worth. You may be as pure as can be, but your actions are liable to cause you to be undervalued. There is nothing more admired by a gentleman than a nice, modest well behaved young lady, and nothing more unpleasant than to see a young lady act rude and fast. Remember that honor is more priceless to a girl than gold, and when once down in the public estimation it is very difficult to rise again. A very trifling indiscretion in word or act on the part of a young lady has caused her untold mental anguish. Treat everyone you meet cordially, but don't flirt with anyone. You are for better off without the notice or attention of those attracted to you by such a course.

**OPEN SEASON FOR QUAIL IN OHIO.**

The season for quail shooting in Ohio opened Monday, Nov. 15, and lasts until and including December 4. Under the old law there was a dispute as to whether the last day of the open period as laid down in the law was an "open" day, and it was not settled until the Supreme Court had passed upon it; but when the present law was enacted the authors of it were careful to stipulate that both the opening and closing days of the season as described were "open" days, so that there is no question about it now. The open season runs from November 15 to December 4, including both those days.

**HURT AT MASON CITY**

While playing in the yard at the home of his parents in Mason City, Saturday, Alfred, the 12-year-old son of Prof. and Mrs. Virgil A. Lewis, fell over a large upturned iron kettle and his leg which was caught on one of the sharp legs of the big iron vessel, was badly lacerated. The wound made by the jagged iron spike extended from the lad's ankle half-way to the knee and it was with difficulty that it was sewed up by a physician. At last reports the boy was doing nicely and no serious results are anticipated.

**IN MEMORY OF AN INFANT BABE.**

Whereas, God in His wise providence has visited Glenwood and taken to himself the infant babe of Dr. Withers and wife, and while we may not always understand God's ways, yet we know he doeth all things for the best and we should be resigned to His will.

Mary Margaret Withers was born Oct. 25, 1909, died Nov. 8, aged 14 days. While its stay on earth was short, yet long enough to draw the cords of love very strong around father, mother and relatives hearts, and would cause them to sorrow at its going: The funeral services was held in their home by the writer, using for a text St. Mark 10c, 14 v; "Suffer the little children to come unto me and forbid them not for of such is the kingdom of God." Its little life only was a bud here to bloom in the kingdom of God and to be a treasure there.

The little one has gone,  
Its form no more we see;  
The little bud has blossomed  
In eternity.

**Oysters Our Specialty.**

We are making SEALSHIP OYSTERS a specialty at our store.

They are no more like common tub oysters than sugar is like salt. They are infinitely better—always give perfect satisfaction.

They are shipped to us direct from the ocean beds, under seal every mile of the way. When we break the seal and deliver Sealship Oysters to you they are firm, clean, solid and fresh as when dredged from the deep. They retain all of the real sea flavor. No water—no ice ever touches them.

They are tempting, delicious morsels of sea food. Try them and know that what we say is true.

"Seaside Oyster Dishes" FREE Step into our store and get a copy of our free book "Seaside Oyster Dishes." It is of short recipes, unknown inland.

ELLA M. MEES.

It is all very well, when you have nothing to do but kill time, to talk about keeping the boys on the farm, but you might as well spend your time spitting at a crack. Boys will stay on a farm as well as anywhere, if they receive decent treatment at home. The boy who is yanked out of bed by the hair, kicked out to milk and cuffed in to breakfast as a preliminary to being popped through in the field all day, is likely to be consumed by his love for the glories of agriculture—nor for his sire. Give the boy a fair show, and he'll stay with you till the cows come home. If you are so mean he can't stay at home, don't you go to your neighbors with a hypocritical snuffle and tell about your boy's ingratitude after you have raised him.
