The Oil of Grape Vine.

The Oil or Grape vine.

This oil is the result of twenty pears' investigation by a French Physician, and is now extensively used in France, both for the purpose of keeping the hair glossy, and estoring it in bald places.

This oil is particularly recommended, as it will render the Hair soft, glossy, and pliable, besides making it about wo shades darker.

tificate of a remarkable cure effected by using only five bottles of Sands' Sarsaparilla:

Sidney, (Maine,) April 15, 1850.

Messrs. A. B. & D. Sands:

Gentlemen—This is to certify that I have been afflicted more or less since my birth, with Scioula, which continued to increase until last February. In January, my legs were so swollen I could not get on a boot or stocking, and I had several large so res on me all the time. In this situation I was about to give up in despair, when I was advised to rry Sands' Sarsaparilla. I had not much faith in it, but I sent to your agents in Augusta, Me, and procured a bottle, which did me so much good, that I sent and got another, and continued until I had taken five bottles. I am now perfectly well. If any person who may read this letter is afflicted with any disease of Scrofula, I would most sincerely recommend him to use Sands' Sarsaparilla. If any person wishes further information about my case, by calling upon me, I can convince of the healing power of this medicine.

P. S.—We are personally acquainted with Mr. Haywood and believe his statement above to be true.

Prepared and sold, wholesake and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton st., corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas. Price \$1 per bottle; six bottles for \$5.

These SPRINGS consist of White, Blue and Black Sulphure, Chalybeattle, Limbstone and Slate, all having their foundains within a circumference of thirty yards!—the work of Nature's own labratory. They send forth a sufficient quantity of pure water to supply many thousands of persons daily. They are situated in a flat, or rather basin, the ground gradually rising to the south and east until it reaches the western base of the Mansanutten, from which is presented to the eye of the beholder one of the most enchanting landscape views in the country. To the south, south east, and east, there are a number of mounds, rising up at distances of from 25 to 100 yards, and from 25 to 100 feet above the level bottom in front and to the north-west of the Springs. Many of these elevations can be approached from the east or rear, by a gentle ascent. The Fort Mountain, with its picturesque scenery, its juting spurs, its deep ravines, and its lotty peaks, presents a panorama, which, for bold outline and pleasing variety, is is unsurpassed by any mountain scenery in Virginia. Indeed, the scenery presented to view from the summits of the Mansanutten and Fort Mountains, embracing the Pege and Warren and Shenandoah Valleys, must be seen to be appreciated.

In addition to the Springs proper, there are a number of

dering it easy of access to those desirous of enjoying the benefits of the Institution.

To the lover of nature, iew parts of the country can furnish a more pleasing variety of scenery than spreads itself before the traveller all the way from Cincinnait to the Cure. There nature and art combine, rendering the view beauting beyond description.

The n , large, and beautiful Edifice displays the taste of the at tat a glance. The neatness and elegance of the interior, symbined with the numerous attractions which present themselves to the invalid, cannot fail to render this Establishment a desirable one. The Halls are extensive, the Rooms spacious and inviting, where the invalid can range at pleasure, free from atmospheric influences, in inclement weather. The Hed Rooms are well ventialed, and neatly turnished; the Bath Rooms are ample and commodious, being convenient for the application of water, in every form. In connection with the Institution there is a Gynnasium Hall, seventy-five feet long, where patients will have an opportunity of restoring their muscular strength by healthful exercise. The Springs which fornish the water for this establishment, are clear, pure, soit trikes the traveller with awe and admiration.
On arriving at the Springs, the invalid has at once with clawn from the cares and perplexities, to its and monotony of the busy world, and may recuperate his exhausted energies by quaffing the pure waters that incessantly flow tround him, and partaking of the rich viands that are daily repared for the nourishment of histrial body.
We will state, for the benefit of those who may not be tware of the fact, that we own a large farm attached to he Springs, where persons can have their horses pastured or stabled as they may prefer.

The Bar will be furnished with the choicest Liquois, Cigars, Tobacco, &c. with nave an opportunity of restoring their muscular strength by healthful exercise. The Springs which furnish the water for this establishment, are clear, pure, soit and abundant; flowing from a gravelly bed, they send forth water both cold and delicious. The country and neighborhood are remarkable for healthfulness, purity of air, and variety of scenery. Allthings combined, we cannot think of a more desirable place, for those seekin health, than this Institution.

Being narratives, scenes and incidents in the real 'Live overne Lowey.' By W. L. G. Smith, E.g.

The object of the author is to represent the condition of the Slave in his rude but comfortable cabin, his daily occupations and pastimes, the relations between master and slave, the mistaken impulses and misconceived views of the flortherr. Philanthropist, &c., &c., and to represent the passions and sentiments in their natural forms, as the same are displayed in the humblest lot of society, thus showing that, in the case of the slave at least, contentment besions more happiness than freedom; and at the same to represent, as it is, a class of people, viz: The Planter, to whom justice has seldom been done, and whose character, as exhibited in every day life, is well canculated to win the aniable judg ment of the world.

Blackwood's Edinburgh Magazine, (Tory.)

Blacknood's Edinburgh Magazine, (Tory.)

These Reprints have now been in successful operation in this country for twenty years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Echerrics and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in it at they stand confessedly far above all other journals of their class. Blacknood, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its column both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel;" (both by Bulwer,) "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Messrs. Scott & Co., so that Subscribers to the Reprint of the Magazine may always rely on having the earliest reading of these fascinating tales.

Robert Sanderson, Justice of the Peace in Rush Creek township, Fair field county, Ohlo, and brother of "Major General Sanderson," an officer in the war of 1812, cured of Consumption by the use of "Wistar's Balsam of Wild Cherry."

Rush Creek township, Fairfield co. Feb. 25, 1852.

Dear Sir:—As 1 consider that my life has been greatly prolonged by my being cured of Consumption by the use of "Dr. Wistar's Balsam of Wild Cherry." I will state the symptoms of my case, that others similarly afflicted may be ind 2ced to try this invaluable remedy. I experienced great difficulty in breathing; had the hectic fever with violent flushes of heat and frequent cold chills, with severe pain in my side and breast accompanied by a very bad cough; was very restless at nights, and had great night sweats, perspiring, I should say, at least two gallons a night, wetting the bed completely through. I had not been able to work for scars. But I was much emaciated, and almost helpless when I commenced using Wistar's Balsam of Wild Cherry. I have used in all 13 bothes, Jund I am now free from all those complaints, for my health is good.

I am now 65 years old, and have not taken any of the Balsam since 1846, because my health is so good as not to require any medicines. But if I should have any return of my former symptoms, I should use Wistar's Balsam of Wild Cherry. I procured the medicine of Mosers. Fall & Mc Cracken, your agents in Lancaster, Ohlo.

Yellow Dock and Sarsaparilla.

THE ORIGINAL AND ONLY GENUINE PREPARATION FOR THE PERMANENT CURE OF CONSUMPTION AND DISEASE OF THE LUNGS WHEN THEY ARE SUPPOSED TO BE AFFECTED BY THE EREE USE OF MERCURY, IRON, QUININE, &c., &c., &c.

Let all who wish to purge the blood from impurities, and prepare the system to resist epidemics, resort to "Guysott's Extract of Vellow Dock and Sarsaparilla," which is proving itself an antidote for many of the most mad gnant disease that flesh is heir to, and they will never be disappointed; for in this remedy the yubic faith has never waverednever can waver; for it is founded on experience, just as their want of faith in other and spurious compounds it founded on experience. They fly from mineral nostrums to seek hope, life and vigor from this purely excelable remedy, however broken down in health and spirits—however loathesome to himself and others, let no one despair of recovery; let the patient only understand that his hope of restoration lies only in "Guysott's Extract of Yellow Dock and Sarsaparilla," and persuade him, for his life's sake, to iry it, and we have no hesitation in predicting his speedy restoration to health.

The Shaker prepared "Yellow Bock," and the "Red Honduras Sarsaparilla," are the invaluable semedial agents from which Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is formed, and Laboratory of Dr. Guysott has given us the virtues of these roots in their perfection. His preparation contains all the restorative properties of the roots, combined and concentrated in their ut most strength and efficacy.

Experiments were made in the manufacture of this medicine until it was found that it could not be further improved. Accordingly, we find it resorted to almost universally in cases of Hepatic, Scorbutic and Cutaneous complaints for general prostration of all the vital powers, and all those tormenting diseases of the skin so trying to the patience and so injurious po the health.

The following case of Benajah Hughes is one of the most

ornheating diseases of the skin so trying to the patience and so injurious to the health.

The following case of Benajah Hughes is one of the most astonishing on record. After forty years' sickness, two years' excruciating torture, the amputation of oneleg, and the body and limbs almost a mass of eating, putrifying, discharging ulcers, to be cured by eight bottles of Guysott's Extract of Yellow Dock and Sarsaparilla, is almost miraculous.

Tallapoosa Co., Ala., Jan. 2, 1852, Dr. Guysott-Dear Sir Dr. Guysott—Dear Sir:—I send this to certify to you that your Extract of Vellow Dock and Sarsaparita has performed one of the most wonderful cures on me that has ever been affected on man. I have been afflicted for forty years with irruptions on my legs and feet; in 1848 they got so bad that had to go on crucines, and in 1849 I had one leg amputated above the knee. In about 9 months after my other leg broke out in large eating and running sores from my knee to my foot, and discharged a great deal of offensive matter, and at the same time my left hand broke out in large running sores nearly to my elbow.

The misery that I have suffered for the last two years I cannot describe to you; I was in such agony that I never

The misery that I have suffered for the last two years I cannot describe to you; I was in such agony that I never rested day or night. I was given up to die, and by the help of God I had made preparation for death, and had pointed out to my family the place where to sury my remains.

In October last my son brought me one of your bottle-wrappers; I read it, and found record of some wonderful cures performed by your "Extract of Yellow Bock and Sarsaparilla." I sent and got two bottles of it, and commenced taking it. In two weeks to my great astonishment, my sores all become easy, and I could sleep all night, a thing I had not done for two years. When I had taken six bottles, my sores had nearly all healed. My sores got well as if by enchantment. I have now used in all eight bottles of your "Extract of Yellow Bock and Sarsaparilla," and I now consider myself well. I am at a loss for terms to set forth the worth of this medicine, or to express my gratitude for what it has done for me. I must call it the Savior of man from misery while living upon earth. I entreat all of the afflicted to try this medicine, for I believe it will cure them.

My case is well enown in a large portion of South Carolina, Georgia and Alaabama, and if any should doubt the above cure, I invite them to 'call on me, and I will show them#the scavs. I can be found in Tallaj Osa Co., Alabama one mile from Stoe's Perry, BENEJAH HUGHES.

Scrofula, Syphilis, Meteurial complaints, Cancer, Gangre Te.

Scrofula, Syphilis, Mercurial complaints, Cancer, Gangre re. Rheumatism, and a vast variety of other disagrees ble and dangerous diseases are speedily and perfectly cured by the use of this medicine.

Messrs. Scoville & Head:—This is to certify that about the first of February last, I was afflicted with three or four painful sores on and about the face, some of them as large as a quarter of a dolar; they assumed the appearance of Cancers, and I was fearful they would terminate in Cancers. About three weeks since I commenced taking "Doctor Guysott's Extract of Yellow Dock and Sarsapa-rilla," and found immediate relief from its use. I have not taken quite two bottles, and the sores on my face are all healed up; and those on my neck are nearly so; and I truly believe they will be entirely well in a few days. I cheerfully recommend "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla" to persons afflicted with any kind of eruptions or cancerous sores. My general health is much improved by the use of the medicine.
