BOARDERS; and a number of Cottages, for the use of Families, have been erected convenient to the boarding apartment.

These SPRINGS consist of White, Bluk and Black Sulfield, Chalveratte, Limbertonk and Slate, all having their fountains within a circumeience of thirty yardstitle work of Nature's own labratory. They send to the sufficient quantity of pure water to supply many thousands of persons daily. They are situated in a flat, or rather hasin, the ground gradually rising to the south and east until it teaches the western base of the Mansanutten, from which is presented to the eye of the beholder one of the most enchanting landscape views in the country. To the south, south east, and east, there are a number of mounds, rising up at distances of from 25 to 160 yards, and from 25 to 160 feet above the level holtom in front and to the morth-west of the Springs. Many of these elevations can be approached from the east or rear, by a gentle ascent. The Fort Mountain, with its picturesque scenery, its jutting sputs, its deep ravines, and its losty peaks, presents a panorana, which, for bold outline and pleasing variety, is is unsurpassed by any mountain scenery in Virginia. Indeed, the scenery presented to victy from the summits of the Mansanutten and Fort Mountains, embracing the Page and Warien and Shenandoah Valleys, must be zeen to be appreciated.

the Mansanutten and Fost Mountains, embracing the Page and Warren and Shemandoah Valleys, must be seen to be appreciated.

In addition to the Springs proper, there are a number of others in the vicinity, the principal of which are: 1. The celebrated Mountain Spring, 100 yards distant; 2. The cold Spring, a shout distance from this; 3. Immediately above is a Chalybeate, sending forth a limpid stream; 4. To the south from the Springs, about three quarters of a mile, gushing from the mountain side, is the Sweet Chalybeate Spring. The new Spring recently opened amid the beautiful group of willows that shade the Sulphur Springs, and which is believed to possess peculiar medicinal qualities, completes the list.

Visiters coming from the North or East, can enter the picturesque valley through the narrow passage formed by the proximity o', he mountains, about tweive miles to the north east from an Springs. The rugged grandeur of this natural defile, the rocks towering to the very clouds, strikes the travelter with awe and admiration.

On arriving at the Springs, the invalid has at once withdrawn from the cares and perplexities, toils and monotony of the busy world, and may recuperate his exhausted energies by quaffing the pure waters that incessanily flow around him, and partaking of the rich viands that are daily prepared for the nourishment of his fail body.

We will state, for the benefit of those who may not be aware of the lact, that we own a large larm attached to the Springs, where persons can have their horses pastured or stabled as they may prefer.

The Bar will be furnished with the choicest Liquois, (tigars, Tobacco, &c.

An attentive oster will be in attendance, and servants to the different departments of the house; and everything shall be done that can contribute to the countort of the guests.

IN QUART BOTTLES. FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING

FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

The value of this Medicine is ow widely known, and every day the field of its usefulness is extended. It is approved and highly recommended by Physicians and admitthe root that has ever been employed in medical practice. Its operation extends to the remotest parts of the system, and consists in removing diseased action in the absorbing and secreting organs. In man, Nature seldom effects, unatsisted, the cure of any virulent disease, but requires the aid of a stimulent, alterative, or antiseptic medicine. In diseases of the skin and flesh, a computation of these three asses of medical agents is highly desirable. All these properties are combined in this preparation: and instead of operating successively upon the system is they must necessarily do when taken separately, they as multaneously and in perfect harmony when administrated in this orm. Its tonic property strengthens digestion and improves the appetite .- Its alterative tendency carries off he accumulations of morbid heatter—and its antiseptic in-bence neutralizes the virus, by which the disease is fostered. Its uniform success in curing and relieving the various diseases for which it is recommended, is established bp a multitude of attested facts.

tincate of a remarkable cure effected by using only five bottles of Sands' Sarsaparilla:

Sidney, (Maine,) April 15, 1850.

Mesars, A. B. & B. Sarsaparilla:

Gentlemen-This is to certify that I have been afficted more or less since my birth, with Sciousa, which continued to increase until last rebrary. In January, my legs were so swollen I could not get on a boot or stocking, and I had several large so res on me all the time. In this situation I was about to give up in despair, when I was advised to try Sands' Sarsaparilla. I had not much faith in it, but I sent to your agents in Augusta, Me, and procured a bottle, which did me so much good, that I sent and got another, and continued until had taken five bottles. I am now perfectly well. It amy person who may read this letter is afflicted with any disease of Serodula, I wound most sincerely recommend him to use Sands's at saparilla. If any person wisbes further information about my case, by caning upon me, I can convince of the healing power of this medicine.

Messrs, Harcourt, Howard & Co.—Gents:—The "Dr. Wistar's Balsam of Wild Cherry" that I bought of you has been of such signal benefit in my family, that I wish to make its virtues known for the benefit of the public.

My wife took cold at the time of her confinement, which cettled od her lungs. The physicians pronounced her discase consumption. She had profuse night sweats, and had cought; she was given up, for we despaired of her recovery and her child partook of her complaint. She then co.menced taking "Wistar's Balsam of Wild Cherry," and three bottles effected an entire cure with her and the child both.

Seth R. Searcy, whose certificate is above, is a man of as much veracity as any in this country, and a man of good sudgement, and we place entire reliance on his statement.

CONSUMPTION CURABLE! Robert Sanderson, Justice of the Peace in Rush Creek township, Fairfield county, Ohio, and brother of "Major General Sanderson," an officer in the war of 1812, cured of Consumption by the use of "Wistar's Halsam of Wild Cherry."

Consumption by the use of "Wistar's Balsam of Wild Cherry."

Rush Creek township, Fairfield co. Feb. 25, 1832.

Dear Sir:—As I consider that my life has been greatly prolonged by my being cured of Consumption by the use of "Dr. Wistar's Balsam of Wild Cherry," I will state the symytoms of my case, that others similarly afflicted may be induced to try this invaluable remedy. I experienced great difficulty in breathing; had the hectic fever with violent flushes of heat and frequent cold chills, with severe pain in my nide and breast accompanied by a very had cough; was very restless at nights, and had great night sweats, persisting, I should say, at least two gallons a night, wetting the bed completely through. I had not been able to work for scars. But I was much emaciated, and almost helpless when I commenced using Wistar's Balsam of Wild Cherry. I have used in all 13 bottles, fand I am now free from all those complaints, for my health is good.

I am now 65 years old, and have not taken any of the Balsam since 1846, because my health is so good as not to require any medicines. But if I should have any return of my former symptoms, I should use Wistar's Balsam of Wild Cherry. I procured the medicine of Mesers. Fall & Mc Cracken, your agents in Lancaster, Ohio.

Let all who wish to purge the blood from impurities, and prepare the system to resist epodemics, resort to "Guysott's Extract of Yellow Dock and Sarsaparilla," which is proving itself an antidote for many of the most mal gnant discases that flesh is heir to, and they will never be disappointed; for in this remedy the yublic failth has never wavered—never can waver; for it is founded on experience, just an their want of faith in other and spurious compounds is founded on experience. They fly from mineral nostrums to seek hope, life and vigor from this purely negetable remedy, however broken down in health and spirits—however loatnesome to himself and others, let no one despair of recovery; let the patient only understand that his hope of restoration lies only in "Guysott's Extract of Yellow Bock and Sarsaparilla," and persuade him, for his life's sake, to try it, and we have no hesitation in predicting his speedy restoration to health.

The Shaker prepared "Yellow Dock," and the "Red Honduras Sarsaparilla," are the invaluance x-medial agents from which Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is formed, and Laboratory of Dr. Guysott has given us the virtues of these roots in their perfection. His preparation contains all the restorative properties of the roots, combined and concentrated in their utmost strength and efficacy.

Experiments were made in the manufacture of this medicine until it was found that it could not be further improved. Accordingly, we find it resorted to almost universally in cases of Hepatic, Scorbutic and Cutaneous complaints for general prostration of all the vital powers, and all those tormenting diseases of the kelth.

READ THE CERTIFICATE

Taliapoosa Co., Ala., Jan Dr. Guysott—Dear Sir:—I send this to certify t your Extract of Vellow Dock and Sarsaparilla has performed one of the most wonderful cures on me that has ever been affected on man.

I have been afflicted for forty years with irruptions on my legs and feet; in 1848 they got so bad that had to go on crutches, and in 1849 I had one leg ampurated above the knee. In about 9 months after my other leg broke out in large eating and running sores from my knee to my foot, and discharged agreat deal of offensive matter, and at the same time my left hand broke out in large running aores nearly to my elbow. same time my leit hand broke out in large running acres nearly to my elbow.

The misery that I have suffered for the last two years I cannot describe to you; I was in such agony that I never rested day or night! I was given up to die, and by the help of God I had made preparation for death, and had pointed out to my family the place where to bury my re-

help of God I had made preparation for death, and had pointed out to my family the place where to bury my remains.

In October last my son brought me, one of your bottle, wrappers; I read it, and found tecord of some wonderful cures performed by your "Extract of Yellow Dock and Sarsaparilla." I sent and got two bottles of it, and commenced taking it. In two weeks to my great astonishment, my sores all become easy, and I could sleep all night, at hing I had not done for two years. When I had taken six bottles, my sores had nearly all healed. My sores god well as if by enchantment. I have now used in all eight bottles of your "Extract of Yellow Dock and Sarsaparilia," and I now consider myself well. I am at a loss for terms to set forth the worth of this medicine, or to express my gratitude for what it has done for me. I must call it the Savier of man from misery while living upon saith.

I entreat all of the afflicted to try this medicine, for I believe it will cure any known disease in the world—Lay aside all prejudices and just try it, and procaim its great worth to suffering mankind and entreat them to take it, for it will cure them.

My case is well enown in a large portion of South Carolina, Georgia and Alasbama, and if any should doubt the above cure, I invite them to call on me, and I will show themfthe scars. I can be found in Tallajosa Co., Alabama one mile from Stoe's Ferry. BENEJAH HUGHES.

Scrofula, Syphilis, Mercurial complaints, Cancer, Gangre re, Rheumatism, and a vast variety of other disagreea ble and dangerous diseases are speedily and perfectly cured by the use of this medicine.

Dadeville, Alabama, May 21, 1852.

Messra. Scoville & Head:—This is to certify that about the first of February last, I was afflicted with three or four painful sores on and about the face, some of them as large as a quarter of a dolar; they assumed the appearance of Canters, and I was fearful they would te minate in Cancers. About three weeks since I cummenced taking "Boctor Guysott's Extract of Yellow Dock and Sarsaha rilla," and found immediate reief from its use. I have not taken quite two botties, and the sores on my face are all healed up; and those on my neck are nearly so; and I truly believe they will be entirely well in a few days.

I cheerfully recommend "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla" to persons afficied with any kind of cruptions or cancerous sores. My general healthy is much improved by the use of the medicine.

WASHINGTON.

From Stunrt's most celebrated Painting.

HIS large and magnificent Portrait of Washingros from the burin of an American Artist, is considered by ci who have seen it to be one of the most beautiful specimens of art ever published, and a correct likeness of Washingroom. The size of the plate is eighteen by twenty-eight likeless, which will make a handsome picture for the parlor and should be in the hands of every American citizen. It is a correct copy from Stuart's celebrated original Painting, now at the State House, Hartford, Ut.

It is finely engraved, and printed on superior plate paper. That it may be within the reach of all, the publisher has reduced the price to ONE DOLLAR!

All persons remitting the amount may rely upon receiving a perfect copy by return of mail to any part of the price of postage.

This work embraces every subject of importance course. Callege, New Haves.

This work embraces every subject of importance connected with Agriculture, in all its various branches, both theoretical and practical. 'Its clear and spacious details, the fulness and accuracy of its information, the completeness of every illustration, have, in an Agricultural work on practice, never been equalled.' It's arranged under four preparate heads, represented by the four seasons of the year-afe heads, represented by the four seasons of the year-afe heads, represented in the same order adding greatly to the value of the work by-adapting it to the soil climate, growth, &c., of this country. The united labors of two such distinguished writers constitute this the most of two such distinguished writers constitute that the most the press. It comprises two large royal 8vo volunce, and contains 1600 pages, besides 14 splendid engravings as about 500 engravings on wood. The latter illustrate almost every implement of husbandry now in use; the various methods of plowing, planting, &c.; and the former, the domestic animals, the farm steading, &c.
