IN QUART BOTTLES. FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING

FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

The value of this Medicine is 'ow widely known, and every day the field of its usefu...essis extended. It is approved and highly recommended by Physicians and admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. Its operation extends to the remotest parts of the system, and consists in removing diseased action in the absorbing and secreting organs. In man, Nature seldom effects, un-assisted, the cure of any virulent disease, but requires the aid of a stimulent, alterative, or antiseptic medicine. In diseases of the skin and flesh, a combination of these three asses of medical agents is highly desirable. All these properties are combined in this preparation; and instead of operating successively upon the system as tuey must necessarily do when taken separately, they neously and in perfect harmony when administered in this orm. Its tonic property strengthens digestion and improves the appetite.—Its alterative tendency carries on the accumulations or morbid matter—and its antiseptic influence neutralizes the virus, by which the disease is fostered. Its uniform success in curing and relieving the vabp a multitude of attested facts.

CURE OF BRONCHITIS, OR MINISTERS' SORE THROAT. Fair Haven, Mass., Aug. 22d, 1850.

Messis. Sands—I regard it but justice to yourselves, and humanity to all similarly afflicted, to sa,, that your Sarsaparilla has cured me of the chronic Lirguits.

It would be difficult for me to desc is e the alarming condition of my throat and vocal organs "evions to the use of your invaluable remedy. During meany three years I was loreed to desist from the public duties of my profession; and having made use of a great variety of professed specifics, besides submitting to more than thirty painful causicapplications, I had abandoned all hope of seller, when, as a dernier resort, I was led to a trial of your Sarsaparilla.

as a deriner resort, I was led to a triator your Satsapariila.

My disease was of so long standing, and had so obstinately resisted the best medical skill, that I am conscious
it cannot truty be said, my faith hath saved me, her I had
none: but I trust I feel in some appropriate degree gratenul for the favorable result above named. I have now been
able to attend to the dutes of the pastorate for more than
a year, and having proved from actual experiment the thotoughness of the cure, I could not feel justified in longer
withholding this statement.
I am accustomed to keep a bottle of your Sarsapavilla at
hand, and wher wer exposed to colds, or extra labor, still
use it as a presention. very gratefully yours,

Sidney, (Maine,) April 15, 1850. Sidney, (Maine,) April 15, 1850.

Messis, A. B. & D. Sansis

Gentlemen—This is to certify that I have been afflicted more or less since ray birth, with Sciouna, which continued to increase until last February. In January, my regs weak so sworden i could not get on a boot or stocking, and I had several large so les on me all the time. In this situation I was about to give up in despair, when I was advised to try Sands' Sarsaparills. I had not much faith in it, but I sent to your agents in Augusta, Me., and procured a bootle, which did me so much good, that I sent and got another, and continued until I had taken five bottles. I am now perfectly well. If any person who may rend this letter is afflicted with any disease of Scioula, I wond most sincerely recommend him to use sands' sarsaparilla. If any person wishes further information about my cate, by calling upon me, I can convince of the healing power of this medicine.

Messrs. Scoville & Head:—This is to certify that about the first of February last, I was afflicted with three or four painful sores on and about the face, some of them as large as a quarter of a dollar; they assumed the appearance of Cancers, and I was fearful hey would terminate in Cancers. About three weeks since I commenced taking "Doctor Guysott's Extract of Yellow Dock and Sarsaparilla," and found immediate relief from its use. I have not taken quite two bottles, and the sores on my face are all healed up; and those on my neck are nearly so; and I truly believe they will be entirely well in a few days.

I cheerfully recommend "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla" to persons afflicted with any kind of eruptions or cancerous sores. My general health is much improved by the use of the medicine.

CONSUMPTION CURABLE!

Consumption by the use of "Wistar's Balsam of Wild Cherry,"

Rush Creek township, Fairfield co. Feb. 25, 1832.

Dear Sir:—As I consider that my life has been greatly prolonged by my being cured of Consumption by the use of "Br. Wistar's Balsam of Wild Cherry," I will state the symytoms of my case, that others similarly afflicted may be induced to try this invaluable remedy. I experienced great difficulty in breathing; had the hectic fever with violent flushes of heat and frequent cold chills, with severe pain in my side and breast accompanied by a very bad cough; was very restless at nights, and had great night sweats, perspiring, I should say, at least two gallons a night, wetting the bed completely through. I had not been able to work for scars. But I was much emaciated, and almost helpless when I commenced using Wistar's Balsam of Wild Cherry. I have used in all 13 bottles, and I am now free from all those complaints, for my health is good.
