The value of this Medicine is ow widely known, and very day the field of its upoft ...essis extended. It is approved and highly records aded by Physicians and admitted to be the most powe, ful and searching preparation from the root that has ever been employed in medical practice.
Its operation extends to the remotest parts of the system, and consists in removing diseased action in the absorbing and secreting organs. In man, Nature seldom effects, un-assisted, the cure of any virulent disease, but requires the aid of a stimulent, alterative, or antiseptic medicine. In liseases of the skin and flesh, a communation of these three asses of medical agents is highly desirable. All these properties are combined in this preparation: and instead of orm. CURE OF BRONCHITIS, OR MINISTERS' SORE THROAT. Fair Haven, Mass., Aug. 22d, 1850.

Messrs. Sanse—I regard it but justice to yourselves, and humanity to all similarly afflicted, to sa,, that your Sarsaparilla has cured me of the chronic L. r/ngitis.

It would be difficult for me to desc i se the alarming condition of my throat and vocal organs; evions to the use of your invaluable remedy. During nearly these years I was lorced to desist from the public duties of my profession; and having made use of a great variety of professed specifics, besides submitting to more than thirty paintul caustic applications, I had abandoned all hope of relief, when, as a dernier resort, I was led to a trial of your Sarsaparilla. THE people are calling at the Depot to get the books, and the books are THERF to suit almost every variety of taste. Just arrived, Putnam's and Arthur's magazines for Jan.; more Uncie Tom (* 22p) and Cabin and Parlor; and many other books expect*.: this morning.

as a deriner resort, I was led to a tital of your Sarsapa-rilla.

My disease was of so long standing, and had so obsti-inately resisted the best medical skill, that I am conscious it cannot truly be said, my 'faith hath saved me,' for I had none: but I trust I leel in some appropriate degree grate-full for the favoiable result above named. I have now been able to attend to the duties of the pastorale for more than a year, and having proved free actual experiment the the-loughness of the cure, I could not leel justified in longer withholding this Statement. withholding this statement.

I am accustomed to keep a bottle of your Sarsaparilla at hand, and whenever exposed to colds, or extra labor, still use it as a precentitie. Old Grapevine, Lyon's Kathairon, Storr's Hair Invigorator and Jayne's Hair Tonic, for sale by ep22. (Gaz. copy.) J. B. VOWELL, 24 Union st.

These Reprints have now been in successful operation in this country for the thy years, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous Eclectrics and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

gestablished on a firm basis, and will be continued without interruption.

Although these works are distinguished by the political shades above indicated, yet but a small portion of their contents is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of the class. Blackneod, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its column both in Great Britain and in the United States. Such works as "The Caxions" and "My New Novel," (both by Bulwer, "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Messrs. Scott & Co., so that Subscribers to the Reprint of the Magazine may always rely on having the earliest reading of these fascinating tales.

ERUPTIVE DISEASES. T has now become a settled fact, acknowledged best Physicians of our city, that in the cure of Scitter, and many other diseases, BRENT-INGER'S TRACT OF SARSPARILLA AND DANDELION, is decided by the preparations. EXTRACT OF NARSAPARILLA AND DADRLION, is decidedly above all other preparations. It speaks for itself whenever used; and although we have never taken the pains of having it published through the papers, or appointing agents for the sale of it, yet we are almost weekly receiving orders from Vermont, New York, Ohio, Kentucky and other states, by persons, who by some chance means have heard of its wonderful curative powers. The following is from a gentleman of Vermont a few days since, who used it for a very serious disease:—

DEAR DOCTOR:

The two bottles of medicine I got from you when in Wheeling, have nearly cured me; please send me some more by Express.

Yours Respectfully.

It is now prescribed by nearly all the Physicians of our city, not as a quack medicine, for we have made them acquainted with the component parts; and we now say to all such as we have not the opportunity of making it known to, that it is entirely free from all minerals, and is not in the least incompatible with any of the preparations of loddine, Fowler's solution, or other properties.

To be had at Paxton & Lake's, and F. Yahrling, and sold wholesale and retail by /holesale and retail by BRENTLINGER & ARMSTRONG.
