Messys. Sands.—Gentlemen, About three months since, the disease called "Beard, or Barber's litch," appeared on my face, and rs it is of rare occurrence—no case as yet having come under the care of our Vil age Physicians. I found it vory difficult even to stop the progress of the disease cannot be sufficient to the progress of the disease on my face, although I tried remedies that had cured from the pumpies on a child's face to the galled breast of a canal horse, and cere pulled out my beard on the side of ny face and chin. A short time since, a riend told me that he had it for two years, and tred different remedies without success, but finally cured it in a short time, by the use of Sands' Sarsaparilla. On this recommendation, I bought one bottle, and finding I received benefit from it, I continued its use until I am now perfectly cured. I am led to bring this to your notice gratuitously, from the fact that the disease is not named in the list of complaints for which the Sarsaparilla is a remedy; and that you may be able confidently to recommend it for such cases.

Yours truly, GEO. R. S. OTT.

REMARKABLE CURE OF BRONCHITIS.

Messyrs. Sands:—Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most distinguished physicians in Kurope and the United States, without receiving any permanent benefit, but all the time my general health and strength declining and the disease making fearini progress: caustic applications were used, and whatever clee was thought most efficient for producing a cure; but I am confident the deplorable situation I was in. the laryneitis being accompanied with phthisis and gent difficulty in breathing, would soo, have ferreinnated my life, had I not obtained relief through the medium of your invaluable Sarsaparilla. I find not piace much confidence in its virtues; and this will not surprite you, when you are informed I had tried more

ERUPTIVE DISEASES.

I Thas now become a settled fact, acknowledged by the best Physicians of our city, that in the cure of Sciofula, Tetter, and many other diseases, Brentinoser's Fluid Extract of Sarsarailla and Dandelion, is decidedly above all other preparations. It speaks for itself whenever used; and although we have never taken the pains of having it published through the papers, or appointing agents for the sale of it, yet we are almost weekly receiving orders from Vermout, New York, Ohio, Kentucky and other states, by persons, who by some chance means have heard of its wonderful curative powers. The following is from a gentleman of Vermont a few days since, who used it for a very serious disease:

Dear Doctor:

very serious disease:—

DEAR DOCTOR:

The two bottles of medicine 1 got from you when in Wheeling, have nearly cured me; please send me some more by Express.

Yours Respectfully.

It is now prescribed by nearly all the Physicians of our city, not as a quack medicine, for we have made them acquainted with the componant parts; and we now say to all such as we have not the opportunity of making it known to, that it is entirely free from all minerals, and is not in the least incompatible with any of the preparations of lodine, Fowler's solution, or other properties.

MEDICINAL.

WHATEVER concerns the health and happiness of the people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it my duty to solennily as sure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of the diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pair in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse i regular—remember that all these denote Worms, and you should at once apply the remedy—

HOBENSACK'S WORM SYRUP, HOBENSACK'S WORM SYRUP,
An article founded upon Scientific Principles, compounded with purely Vegetable substances, being verfectly safe when taken, and can be given to the most tender infant with decided beneficialleffect. Where Bowel Complaints & Biarrhosa have made them weak and debilitated, the to nic properties of my Worm Syrup are such that it stands without an equal in the catalogue of medicines, in giving tone and strength to the Stomach, which makes it an In fallible remedy for those afficied with Dyspepsia, the as tonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

This is the most difficult worm to destroy of all that intest the human system, it grows to an almost indefinite length, becoming so colled and fastened in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Pits, etc., that those afflicted seldom if ever auspect that it is a Tape Worm that its hastening them to an early grave. In order to destroy this Worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pitts, so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in doses of two tables spoonfuls three times a day. These directions followed have never been known to fail in curing the most obed nate case of Tape Worm.

And you cannot be indifferent to this appeal. Humanity calls upon you to do your duty. It is only one out of the many thousands who has seen its wonderful effects.

Dr. J.N. Hobensack,—Sir:—Gratitude to you, the in ventor of a highly valuable medicine, prompts this humble testimony in its favor, as being a safe gentle, yet powerfully effectual remedy for Worms. Having land much experience in knowing the effects of various preparations, my wife, who was well skilled in ministering to children in distress pronounced it the best she had ever used, and would use no other while yours could be had. A daughter of ours became seriously diseased. Her symptoms were alarming, but her mother at once sought out a remedy for Worms. Having obtained yours, by the time she had taken halfa bottle, Ol Sir, the Joy it gave an effection are mother, to see the improvement in her child, she be ing about five or six years old. She passed an immense quantity of Worms, her six kly countenance now brightened, her spirits returned, and in a short time a lovely child, threatened with decline an death, now gave promise of health. Thanks to a kind Providence whose bles sing attended your Syrup, restored the child. Withconfidence Trecommend it to all parents whose children are suffering with W

INDERNSACK'S LIVER FILLS.

No part of the system is more liable to disease than the LIVER, it serving as a filterer to purify the blood, or giving the proper secretion to the bite, so that any wrong action of the Liver effects the other important parts of the system, and results variously in Liver Compilaint, Jaundice, Dyspepsia, etc. We should, therefore, watch every s; mptom that might indicate a wrong action of the Liver These Pills being composed of Roots and Plants furnished by nature to heal the sick, namely: lat, an Expectrant, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2d, an Alterative, which changes in some inexplicable and inscusble manner the certain moroid action of the system. 3d, a Tonic, which gives toneand strength to the nervous s; stem, renewing health and vigor to all parts of he body. 4th, a Cathartic, which acts in perfect harmony with the other ingredients, and operating on the Howels, and expelling the whole mass of corrupt and vitiated matter, and purifying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, reatoring their functional arrangements to a health yaction, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side, back, etc., and offered the public as the best Pills for all diseases, upon the following MEDICAL EVIDENCE. TO FEMALES.

MEDICAL EVIDENCE.

We, the undersigned Physicians, having had the receipt of their manufacture submitted to us for inspection, say, that the ingredients of which they are composed makes them the best Pill in use for all diseases of the Liver, inspurities of the Blood, etc. We say this not only from our own judgement, but also from that of the best niedical authority it the United States. All diseases requiring the use of an Alterative, Diaphoretic and Purgative Medicine, that came under our notice, has been treated with the above Pills with the most satisfactory success.

inflamation of the bronches and hoarseness, caused by public speaking; and all affections of the organs of respiration.

Warranted the pleasantest and heat medicine for diseases es of the lungs ever sold in America.

In presenting this medicine to the public we have the satisfaction to know that we not only present them with an invaluable anti-lote for the class of diseases it professes to cure, but one which is perfectly harmless in its of fects upon the constitution, an can be administered without any lear of mineral poisons, for it contains none.—

The fact, that a large portion of the suffering, and death throughout the country, is caused by disease of the organs of respiration, consequent upon exposure and cold, has induced us to put it within the reach of every individual who may need a reacy that has proven itself so invaluable.

This medicine is the result of a long experience, and study of those diseases of the lungs which are so freedent in our changeable climate; and we claim it to be in advance of all medicines ever before discovered for those peculiar complimits, an improvement upon all, and consequently uperior to all others.

We shall make no extravagant assertions of its efficacy in curing diseases, like the venders of too many nostrums, who deceive all who trust them, nor shall we hold out any inducements which experience does not justify.

If patients will persevere in the use of this medicine, and use it as dinjected, they will be cured in every inslance that it is not beyond the power of medicine. There are nun crous persons now enjoying the pleasings of health and renewed life, as it were, who otherwise would have long since been in their grave, but for the timely and persevering use of this invaluable remedy. It is not pretended that it is infallible in every stage of consumption, but we know it to be better adapted to the various diseases of the respiratory organs than any other those consumption, but we know it to be better adapted to the various diseases of the respiratory organs than a
